Winter Weather Hard on Little Ones
 Our Canadian winters are exceedingly hard on the health of little ones. The weather is often so severe that the mother cannot take the little ones out for an airing. The consequence is that baby is confined to overheated, badly ventilated rooms; takes cold and becomes cross and peevish. Baby's Own Tablets should be given to keep the little ones healthy. They are a mild laxative which regulate the stomach and bowels and thus prevent colds. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

THE FEDERAL TAX FORMS ARE READY
 Forms for all returns in connection with the Federal income tax requirements are now available at the various post offices in the Province, and the law puts on the people the onus of getting the forms and filling them out. It is not good business, therefore, to allow any necessary period to elapse before complying with the act.
 Forms T-3 and T-4, the one relating to returns on incomes of estates and the other to salaries of employees, which employers have to present, have to be filed with the local tax bureau on or before March 31. Also form T-5, for dividends. No consideration will be given the excuse that the forms were not sent out.
 Form T-1, having to do with returns on incomes of individuals, and form T-2, relating to incorporated companies, must be filed on or before April 30, and, as was the case last year, the tax payer must calculate his or her own tax and make payment, when filing the return, of at least 25 per cent. of the tax as computed by the tax payer. T-1-A, for farmers, is due April 30. The electing the installment plan may make future payments on June 30, August 31 and October 31, and interest at 6 per cent per annum is charged on installments paid after April 30.
 The forms for individual returns and for the returns of incorporated companies and estates are exactly the same as the forms of last year, and the process of filling out is the same, but the forms for employers has been changed, making it necessary for the employer to give the amount of the travelling expenses paid commercial travellers and to classify all travellers under the following heads: Those with grips only; those with trunks weighing up to 1,000 pounds, and those with trunks weighing over 1,000 pounds.

REMOVED AS SUPPLYING PASTOR OF PRESBYTERIAN CHURCH AT BROOKLINE
 Boston, Feb. 28—At a stormy meeting of the Boston Presbytery, the ruling of the Presbyterian denomination for Great Boston yesterday, Edwin Curtis was removed as supplying pastor of the First Presbyterian Church, of Brookline, and denied admission to the Presbyterian church as a minister.
 The many charges against the pastor included allegations that he had on several occasions said grace frivolously and in one instance baptized a dog immediately after officiating at a funeral.
 To support the charges that Mr. Curtis said grace in a frivolous manner, affidavits were presented from people who lived at the same boarding house as the pastor.
 On one occasion it was alleged Mr. Curtis said:
 "Oh, Lord, we thank Thee for the salad."
 On another he said: "Oh, Lord, we thank Thee for the French fried potatoes."
 A deposition by two church members declared that after returning with them from a funeral Mr. Curtis became interested in a dog at their home. He took a glass of water, the deposition stated, and sprinkled some of the water on the dog's head, saying:
 "Buster Porter, I baptize thee a full fledged Presbyterian."
 First of the month is always a day of reckoning.

OPENING OF THE LEGISLATURE
 "I commend to your careful consideration such proposals as may be submitted to you with a view to improving the financial situation of the province," declared Hon. J. William Pugsley, Lieutenant Governor, in the speech from the Throne in opening session of the Provincial Legislature Thursday afternoon. Further than that no flaking was contained in the official document of what steps the Provincial government proposes to take to augment the depressed revenue of New Brunswick, nor was there any direct references to amendments to the Intoxicating Liquor Act of 1916 nor the suggestion that this province is to have controlled liquor sale for revenue purposes as in British Columbia.
 Amendments to the Public Health Act, which has been attacked in municipal councils and has given rise to numerous actions in the courts to force municipalities to pay assessments were promised in the speech and the Governor said that steps were being taken for proper recognition of our "claim" respecting the transfer of the natural resources to the Western Provinces.
 The opening ceremony was marked by all the pomp and dignity as well as military display that tradition has provided and staged under favorable weather conditions with big crowds in attendance the function was in every way a success. Forty three of the forty-five elected members were in their seats. Three of the four vacancies which occurred during the recess remained unfilled.
 The first event of the day was the swearing in of three new members, one Abram Vanderbeck, was elected as an Independent Liberal to succeed his father, the late John W. Vanderbeck, as one of the representatives of Northumberland County and is lined up with the government's supporters in the House. The other two are David A. Stewart and Henri Diotte, elected in the general election in 1920 as members for Resligouche County but out of the House last session because their election was under question before the courts. This ceremony took place in the assembly chamber shortly before noon

The Name Guarantees Nothing
 when you say "Orange Pekoe". It is frequently misused and made to apply to the veriest trash in tea. But when you demand "King Cole" Orange Pekoe it immediately insures a tea which is distinctive as to character and eminent as to quality—a tea with a record.
 Outstandingly successful in its appeal to the Public taste.
