

The Ruth Missing.

Norwegian schr. Ruth loaded up with coal at Job Bros. and Liverpool with the cargo on her last, since which time she has been heard of her. She was 32 days on the run and the impression is that the vessel was in a storm and went down with her hapless crew. The captain numbered 6 hands and Job Bros. had a wife from the pool on Monday saying that she had not turned up. Terrible has been the experience of crossing the Atlantic, and the Ruth met her fate in one of the violent storms which assailed the coast. She went to Labrador last fall but could not secure coal and on returning here happened to load oil by Job Bros.

Tray in the Woods.

Andrews, 87 McParlane Street, found in the woods in the vicinity of the Pond last Wednesday his rabbit snares, lost his way in the snow storm came on and he did not know how to get home. He was so tired that he himself was exhausted. Not returning at a late hour his grandfather and brother went to look for him. They met him coming out hardly able to walk and let his slide in the woods. He reached home and stimulants given him he recovered and is all right.

Digestion & Dyspepsia

All its Forms can be Cured. It is quite a daily occurrence to persons say: Oh, what a feeling stress I have after meals, fullness of stomach, heaviness and headache. I feel too tired to do anything. I have no heart to exert myself and at times I care for nothing. I often have in the pit of my stomach, a little, my heart beats rapidly on slightest exertion. I feel just as when rising in the morning as if retching to bed. My sleep is disturbed, and I often awake a sense of suffocation and a pain of again going to sleep. I have to be careful of what I eat, and life seems a veritable burden. Now, it seems a shame and a pity persons to be suffering like that. It is in their power to get cured taking a Bottle of Dr. Stafford's Stomach Cure. A sure cure for persons afflicted with stomach troubles can be obtained at DR. F. STAFFORD & SON, 100 Water Street and Theatre Hill. Small size, 25 cents; postage, 5c; large size, 50 cents; postage, extra. Mail orders, must be accompanied by remittance.—Oct 29, 1910.

Nfld. Mutual Insurance Meeting.

Last evening the annual meeting of the Nfld. Accident Mutual Insurance Association was held in the Board of Trade Rooms. The reports presented were of a very satisfactory character, and the election of directors resulted in the return of the old Board, viz.: President, J. H. Monroe; Vice-President, Jno. Browning; Secretary, C. E. Hunt; Directors, J. W. Withers, W. P. Horwood and F. W. Angel.

Heavy Ice North.

Just before the Prospero left Grt-quet the light keeper at Cape Bauld, Mr. Fountain, sent a letter to people of that place saying that the shore there was packed with heavy ice, but that the N. W. winds of the past few days had canted it off the coast. The weather is colder than for any time during the past five years. Old seals are very scarce there, at Quirpon and neighbourhood and along the Straits. The snowfall to-date has been very light.

Arrived Yesterday.

The Bruce express arrived here at 3 p.m. yesterday after a run of 30 hours from Port aux Basques. Several passengers come and they report very cold weather across country. The track, however, is clear of snow, and up to date this winter there has been little if any use for the rotary plows.

Manufacturers' Meet.

The Manufacturers' Association held a meeting at the Board of Trade Rooms last night. The attendance was large and much enthusiasm prevailed. Matters pertaining to the welfare of the Association were discussed and committees chosen to deal with different subjects affecting the welfare of the members. Early in February another meeting will be held to receive the reports of the committees and elect officers for the current year.

Twillingate Men Return

Yesterday evening the crews of the four vessels who came here from Twillingate and who were delayed three weeks on the run by head winds, having sheltered in several ports, left here by the express for home. Their schooners are laying up here for the winter and in the early spring they will return for them. It was too late in the season to bring them north as there would be danger of their being caught in the ice and lost.

A Pleasant Evening

With the M. Y. M. A. A social and entertainment was held by the Methodist Young Men's Association in Victoria Hall last night. This is a new society lately formed up for mutual improvement. It is proposed to take rooms on Duckworth Street and form up a Y. M. C. A. Refreshments were served during the evening and a very pleasant hour was spent.

Empire Club.

The annual meeting of the Empire Club was held on Wednesday night in their rooms in the Star Hall. The general business of the year was carefully gone into, and the Treasurer's report disclosed a good substantial sum to the credit of each member, while the plans outlined by the officers for the ensuing year augur well for the Club's success. All last year's officers were re-elected and are: John Breen—Chairman; Rd. Buckley—Vice-Chairman; J. J. Lacey, Secretary; M. J. Mulcahy—Treasurer.

Leg Broken at Hockey.

Ottawa, Jan. 21.—James O'Leary, aged 22, son of ex-Alderman James O'Leary, had his left leg broken, just above the ankle, in a city hockey fixture last night between the Emmett and Buenavista teams. O'Leary was carrying the puck down when Jack Fountain, the Buenavista cover point, slammed him into the boards, O'Leary setting the toe of his skate stuck into the boards, and breaking the bone as cleanly as possible.

Under Observation for Typhus.

Yesterday afternoon Mrs. Stamp, of Cuddy Street, was taken to the fever hospital in the ambulance to be placed under observation for typhus fever. The woman, who is 65 years old, has been ill since Monday, and when a physician was called he noticed symptoms which led him to fear that typhus was developing. The boy Woodfine was the first to develop the disease, but he is now convalescent and will soon leave hospital. Mr. Wm. Fanning, we are glad to say, is now rapidly recovering and his residence will soon be relieved of the quarantine regulations.

Keen Curling Contests.

Yesterday the Curling Rink was the scene of interesting contests with the "stones." The ladies' team, representing Canada and Newfoundland, had quite an exciting meet, when the victory fell to the "bush horns" by one point, Newfoundland thus avenging its defeat of last year. The following is the record of the game: **Y.M.A.** Score 17. Mrs. J. Mann, Miss P. Baird, Mrs. Clapp, Miss P. Baird. **Canada.** Score 14. Mrs. H. Baird, Mrs. Chesman, Mrs. K. R. Prowse, Mrs. Rogerson, sk. Mrs. J. Harvey, sk. **Score 8.—Tid. 25, Score 10.—Tid. 24.**

The Greene Cup contests were also continued yesterday, and the Reds and Whites, two teams each, competed for the prize. The Reds made 32 points and Whites 16. Five teams from each side are playing to-day and excellent games are expected.

Her port of call will likely be Bay de Verde, Trinity, Catalina, Greenspond and Twillingate.

Another Hockey Match.

This promises to be a very interesting and closely contested event as both teams are composed of excellent men. Hackenschmidt Fails.

Baltimore, Md., Jan. 21.—George Hackenschmidt, the Russian Lion, last night failed in his attempt to throw Gus Schoenlein, of this city, twice within an hour. Indeed he did not succeed in putting the Baltimore man's shoulders to the mat even once within the required time. The men were not off their feet the total of five minutes during the entire hour.
