### Soft Jobs.

Editor Evening Telegram.

Dear Sir—According to Sir Edward Morris the highest aim of the citizen should be to secure a soft job. Evidently he intends to secure that desirable position to every man, woman and child in the country by his latest effort in the Education Bill. He says the educated person always gets the soft job. Sir Edward is bringing the millennium, and every mother's son of us is to have a soft job. Now we know why Sir Edward has so many learned men in his following and why so many soft jobs have been secured by learned gentry—erstwhile loafers. Sir Edward has quite forgotten to reveal to us how the hard jobs are to be done, or who he is going to get to do the obviously necessary hard work. Must we conclude that it is all lies they tell us when they say that Sir Edward is working hard, or must we believe that he himself is among the unlettered. I find something wrong with the working of the formula. Sir Edward is said to be a hard worker; he himself says that only the unlearned work hard. I have heard some philosopher say that only fools and horses work.

You have but to tell the people that education will bring them soft jobs to have them all going to school, Sir Edward thinks. What would become of this country if all possessed soft jobs. What would become of our

farms if we had not farmers, who are not afraid of labor; or the mines if we had not those brave fellows who seek to wrest from the bowels of the earth her treasures; where would be our cities if we had not masons and other sturdy builders; our factories should be closed and the machinery rusting if all sought soft jobs.

We can tell Sir Edward that labor is dignified, and the horny-handed son of toil a noble man and worthy of all honor. In Sir Edward's eyes, to have an ignoble, lazy, soft job is honorable, whilst to labor is disgraceful.

### Races at the Parade Rink.

The series of races run off in the Parade Rink last night was witnessed by a large number of spectators. Although the ice was soft it did not mar the interest of the contests. The all-comers race, in which four competitors faced the starter, namely, Evans, Squires, Hackett and Charney, resulted in a victory for the first mentioned. The inter-brigade race caused no little excitement, two men running for each corps. After a hard fought battle the Highlanders won the cup presented.

ADVICE TO THE LOVELORN.

In response to a number of earnest inquiries from young men and women whose lives are about to be blighted forever, we append a few practical suggestions to the lovers and temptresses:

In order to secure an airtight breach of promise suit, have some member of the family take down the language of the proposal from a dictagraph, whose foot isn't liable to slip at the critical moment.

It is no longer considered an act of simple courtesy to kiss a perfect stranger at the front gate. All oscillatory exercises should be conducted in the presence of the father and mother of the kissee, in order to be strictly proper.

If you have a pain in the region of the heart which you attribute to love, cut out the cork-tipped cigarette for a few days, and wait for results. Many a young man who thinks he is inhaling too much brown paper and molasses.

If you have to choose between beauty and brains, when about to get married, take the brains, if you have to take a shock of bright, red hair and large, plain feet with them. Beauty is all right at the skating rink or an ice cream social, but it doesn't bring any wages home Saturday night.

Don't waste any love passages or 14-carat rings on the girl who dresses like a stock company actress, while her mother is glad to have a 3-cent foulard silk for her Sunday best. Fine clothes are nice to look at when somebody else is paying for them, but they seldom go hand in hand with \$18 a week without starting something in the home.

Don't worry for fear that your heart will break because some young man in lavender hose refused to come in and pad father's electric light bill. Lots of people, whose hearts were broken on an average of twice a month in early youth, are now going around in perfect health, and clothes which were made in 1906.

### Stomach Misery Just Vanishes.

No Indigestion, Sourness, Gas or Dyspepsia five minutes later.

As there is often some one in your family who suffers an attack of indigestion or some form of Stomach trouble, why don't you keep some Diaprepain in the house handy?

This harmless blessing will digest anything you can eat without the slightest discomfort, and overcome a sour, gassy Stomach five minutes after.

Tell your pharmacist to let you read the formula, plainly printed on these 50-cent cases of Pape's Diaprepain, then you will readily see why it makes Indigestion, Sour Stomach, Heartburn and other distress go in five minutes, and relieves at once such miseries as Belching of Gas, Eructations of sour, undigested food, Nausea, Headaches, Dizziness, Constipation and other Stomach disorders.

Some folks have tried so long to find relief from Indigestion and Dyspepsia or an out-of-order stomach with the common, every-day cures advertised that they have almost made up their minds that they have something else wrong, or believe theirs is a case of Nervousness, Gastritis, Catarrh of the Stomach or Cancer.

This, no doubt, is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and sours, turns to acid, Gas and Stomach poison, which putrefy in the digestive tract and intestines, and besides, poison the breath with nauseous odors.

A hearty appetite, with thorough digestion, and without the slightest discomfort or misery of the stomach, is waiting for you as soon as you decide to try Pape's Diaprepain.

### Dissatisfied With Mail Service.

The dissatisfaction with the way in which the Bay mail service has been for weeks at almost a complete standstill, is very deep and very general. The public are unanimous in saying that the mails should have been sent for a fortnight or more past, as they used to be in the olden days, by horse sleds around the Bay by relays, at least three times a week. Had that been done, we would have received the last Bruce mail days earlier, and our letters to go by her would not have been left behind, not to speak of having regular communication with St. John's and the other places between.

An offer was made at our suggestion, early on Saturday by Mr. T. C. Makinson who was down here at the time, to take all the mails around the Bay at a reasonable cost, but the Postal Department at St. John's did not even reply. There were plenty others that would have done the same service.

Both for the general public sake as well as for the sealers' sake, it was well the Reid Co. succeeded early in spring, the road to Avondale. We have had one mail that way since.

Another regrettable thing about the dead-lock was and is the very short notice or lack of notice given here time and again of a mail's starting. The post officers here are not to blame, because they were not notified as they could easily have been. We would have issued notices free rather than have the public disappointed.—Standard.

### Organ Recital.

The recital given by Mr. F. J. King, in the Methodist College Hall last night was worth witnessing, and the programme was carried to a successful issue. Mr. King captivated the audience by his renditions on the organ.

- 5.—Song, "Thora," Adams—Mr. H. Rowe.
- 6.—Organ Solo, Andante in G—Battiste.

### 'PARCHESE' TOURNAMENT.

A number of young bachelors of the West End are now conducting a Parchese tournament for a dinner, which is to be given the winners at Bretnock's Hotel, Petty Harbor, during Easter week. It is an annual event with these young men, who look forward to it with interest. "Plains" are now in advance of the "Spot" side by three points, with three more games to play.

### WILL SAIL QUICKLY.

It is likely that the Erna will be given a very quick despatch after she arrives here, and will sail a few hours after arrival for the sealfishery. Most of the work of covering the decks and otherwise getting the ship ready was done at Glasgow. The crew are pretty nearly all signed.

### What About Railway North?

Editor Evening Telegram.

Dear Sir—It would be interesting to the public to know Government Engineer Hall's attitude in reference to the opening of the Main Line of Railway from St. John's to Millertown. Has he advised the Railway Contractor to abandon the work of removing the snow from the rails? or is he urging the Contractor to put forth every effort, sparing no expenditure, to open up the road? The public would like to know what the Government and their Engineer are doing. Are there any more unanswered letters? Is the Contractor showing himself Master and the Government men but his "pawns?"

So far as can be ascertained not a rotary, not a plow, of any size or description has passed Placentia Junction on the Main Line of railway for the last ten days. If that be so it is nothing short of an outrage on the taxpaying public who are paying large sums of money into the coffers of the Contractor for the transmission of mails to the Northern Outports, while for over a month no mails have been carried, and at the present rate of opening up the road it would seem that no mails will be carried for the next month, if indeed the Government and the Contractor intend to have the Northern road opened up before the burning sun of summer melts the snow.

In what kind of a condition do they expect to find the road after a week or ten days abandonment of the road, and then the public are expected to believe that all is being done that can be done. The public are not such fools and that the "powers that be" will find out when the proper time comes for them to make known their disgust of the Morris Government—the worst Government of all. Has the Government no regard for the needs of the Northern Districts in respect to mail transmission, etc.

I see but two rotaries are mentioned in connection with the Contractor's snow fighting gear. Just fancy, only two rotaries.

Is it because Engineer Hall cannot report a fully equipped railway that he does not report? For what is Mr. Hall being paid his salary if it is not to enquire into the conditions of the railway, and not merely to enquire but to see for himself and report to the public who are paying him through the People's House.

Yours truly,  
CITIZEN.

### Salt Rheum for Six Years

Zam-Buk Has Cured Him.

For over six years Mr. William H. Birt, of Plaquid, P. E. I., suffered from salt rheum. He says: "The disease attacked my arms and hands, and the fore-finger of my right hand was the worst."

"I was engaged as a blacksmith by the Bruce Stewart Co., of Charlottetown, and sometimes every stroke of the hammer would cause the finger to bleed freely. I tried various ointments and salves, and then went to several doctors in and around Charlottetown.

"One medical man, after treating me for some time said, he did not think I could ever be cured. Another put my finger into some fluid, which seemed to burn it terribly, and then put a straight jacket—as I called it—on the finger for two days. Trying one thing and another I spent \$50.00; and all in vain.

"I saw an account of some of the great cures which Zam-Buk has worked and decided to try it. The first box did me a lot of good, and the finger showed traces of healing, so I kept up the Zam-Buk treatment, and a few boxes worked a cure. There has been no return of any trace of the disease, so I know the cure is permanent, and I am so thankful for my cure that you are at liberty to use these facts as you like."

Reader, if you have any skin disease, cut, burn, cold sore or skin injury, try Zam-Buk. It is absolutely unique as a healer. Druggists and stores everywhere at 50c. box, or post free from Zam-Buk Co., St. John's, Nfld., for price.

### Sudden Death.

Yesterday afternoon a telegram was received by a gentleman residing on Prescott Street acquainting him of the sudden death of Mrs. Willis Pike, which occurred at Bell Island on Tuesday night. Deceased was about 40 years of age and was highly esteemed in the community where she resided by reason of her kindness and jovial personality. She is survived by her husband, Mr. Willis Pike, who holds a prominent position with the D. I. & S. Co. on the Iron Isle.

## Uncle Walt

THE POET PHILOSOPHER.

I hear the down-and-outers' hymn, a weird and sad refrain; they come to me to pull my limb, and do not come in vain. Some come, with large hang-over jags and eyes that show despair; and while I do not care what use they make of kopecks I dispense; let them go in for pie or cake or jugs of old stone fence. I hate the man who cannot give unless he jaws a few, instructing "outiers" how to live the life that's grand and true. The down-and-outers throng the ways, and yearn for half a home, and some have struck on evil days through no fault of their own; and some who plod the weary track were born and reared in sin; and some are there because they lack the things that make men win. And while the worlds through space career, through all the coming years, the down-and-outers will be seen in this old vale of tears; they are a part of the parade, they figure in the game; so give the down-and-outers aid, and then forget the same.

### Explanation.

Editor Evening Telegram.

Dear Sir—Will you please let me correct an item or two which appeared in your paper lately. In referring to the awful accident of last Saturday you said the widow fell to the Rev. H. Uphill; and again in your last night's paper you closed by saying I mentioned took place in C. of E. Cemetery. Now the facts are, the late Jas. Eales was a respected member of St. Andrew's (as were all the Eales, strict Presbyterians), and as soon as the accident occurred the Rev. J. S. Sutherland was immediately telephoned for, was quickly on the scene and lost no time in visiting Mrs. Eales, although Rev. Mr. Uphill may have called later; and the burial took place in the General Protestant Cemetery.

### "Rory O'Moore."

With "Rory O'Moore," and Frank Walsh in the role of "Betty Malone," Mr. T. M. White's Company will offer at the T. A. Hall, St. Patrick's Night, a bill of exceptional merit and entertainment. Its plot centres around a wandering rogue and an Irish patriot, and the four acts pursue a merry course amid laughable situations and dialogue. In addition to Mr. T. M. White in the powerful character of Shan Dhu, the smuggler, and Mr. T. J. Rolls in the title role, the cast has been selected to add to the intrinsic humour of the play. Mr. L. C. Murphy as Divliskin, the comical French smuggler, and Mr. J. J. Prowse as Scrubbs, the shuneev, will furnish an abundance of fun. Other principal characters will be taken by the Misses P. Carroll, K. Murphy and L. Carroll, and Messrs. O'Grady, White, Butler and Walsh. The stop-dancing of Mr. Frank Walsh will be quite a feature of the show. The affair is under the auspices of the T. A. & B. Society.

**SALES THIS EVENING.**—The new sealer Sagona will likely sail this evening for the sealfishery, and the work of coaling and supplying her commenced to-day.
