HALIFAX COURSE WILL BE PATROLLED BY SCOUTS AND MOUNTED POLICE.

The officials in charge of The Halifax Herald modified marathon race have made arrangements to have the course patrolled by Scouts and Mounted Police. Previous years the course was crowded with motor cars and vehicles of all descriptions, which proved an annoyance to the runners. Mayor Murray, of Halifax, is the official starter, and after a brief address to the athletes, he will crack the pistol and send them off on their long hike.

The race starts at 2 p.m. to-morrow, which is 3 o'clock. St. John's. Arrangements will be made with the Anglo Telegraph Company to keep the wires open and a flash message as to the winner of the race should be received by 4 p.m. The Newfoundland Amateur Athletic Association are also making arrangements with Halifax to send a message announcing the first four or five runners passing the Ship Yards, which is two miles from the start; also their positions at the 7th mile, after the deadly Arm Hill has been covered. The position of the runners in the later message will give the local fans a fair idea as to who will be the likely winner.

With Ron O'Toole, Newfoundland's champion, representing us in the race to-morrow, the citizens of St. John's and elsewhere will be awaiting news of his performance with interest.

We wish O'Toole, and his manager, John Bell, every good luck and hope they will bring home with them well earned honors.

The race is estimated to be witnessed by fully 50,000 people.

INTER COLLEGIATE FOOTBALL.

St. Bon's Suffer First Defeat. The Collegians and St. Bon's contested in the second game of the second round of the inter collegiate series, yesterday afternoon at St. George's Field. The result was a win for the Collegians by a score of two goals to nil. The Collegians, defending the western goal in the first half,

confined the play for the greater part of the period to St. Bon's territory, and were successful in scoring two goals from corner kicks. Johnson, who played a rattling good game, placed the ball nicely on each occasion. Despite the determined efforts of St. Bon's, they were unable to beat the M. C. backs, to land the ball in the desired spot. Upon changing over St. Bon's increased the pace and made several bold attempts to score, but their opponents played a good defensive game and frustrated all attempts. The game was attended by a large gathering of rooters from the various colleges. The game was well contested from beginning to end and it augurs well for future contests. To-morrow afternoon the Collegians and Feildians will try conclusions. Should the Feildians win it will be a toss up as to which team will win the championship.

And there will be other items of interest, and those who miss to-night's event will regret it. Admission will be the same—25c., but worth \$1.00. Ask any of the 350 who attended the last concert what they thought of it.

"The Fair Cheat"

AT THE MAJESTIC.

Morgan Van Dam had millions of dollars. John Hamilton was a clerk in the employ of Van Dam who loved and was loved in return by Camilla. When they asked Van Dam's consent to their marriage he refused, but later agreed with Camilla that if she would support herself for a year and agree not to see Hamilton during that time that he would sanction the marriage.

She agrees, and Van Dam leaves for an extended trip on his boat. Before leaving he gives a farewell party to Camilla which is attended by Crittenden Scott Buckley whom Van Dam favors as a mate for Camilla. Van Dam before leaving makes emergency arrangements with his secretary, Rutledge Stone by providing him with signed blank checks, but instructs him that he is not to support his daughter in any claim she might make as a relation of his. Camilla takes a small apartment and succeeds in getting work in a New York chorus.

Hamilton through Buckley meets the chorus girl who resembles his sweetheart and promptly loses his heart to her and proposes. In the meantime word is received that Van Dam's ship has sunk in a storm and all on board are lost. Scott, the secretary, sees in this a chance to make away with the money that the signed checks will bring and almost succeeds but is frustrated by Hamilton and Camilla.

Van Dam turns up in time to rescue Hamilton and Camilla from an embarrassing position and to tell the plans of his secretary, Scott. He agrees that Camilla may marry Hamilton and Camilla reveals to Hamilton that she was Camilla all the time. Keep in mind "The New Do Well" and the greatest of all "Human Wreckage."

Last Night's Lecture

MR. LLEWELLYN COLLEY GIVES A SPLENDID ADDRESS.

Mr. Colley's address in the Cannon Wood Hall last night was attended by a large number of citizens, and their interest and appreciation were evidenced by the manner in which they followed the speaker and by the outburst of applause at the close of his remarks. They were given a very comprehensive account of the objects of interest in New York and several other American cities, and by means of the excellent selection of slides, which were thrown out the curtain by Rev. H. L. Pike, were able to see for themselves the many places with which the lecturer was familiar.

Mr. Colley has a rare gift of observation to which not every visitor to a strange place can lay claim. What he sees, he remembers, and he possesses, besides, the ability to describe to others in a most graphic manner the knowledge that he has acquired. In fact one is led to conclude that the guest to very great trouble on his trip abroad in order that he might be able to repeat his lecture at a later date in order that others, who were unable to be present last night, might have an opportunity of hearing it.

His Lordship the Bishop very kindly presided. Solos were splendidly rendered by Miss Joliffe and Mr. Hughes to the accompaniment played by Mr. E. Fox, and the whole audience joined in a number of songs from the song sheets. A vote of thanks having been proposed by Mr. C. E. A. Jeffery, seconded by the Hon. Mayor Tasker Cook, and carried by acclamation, the National Anthem brought a very enjoyable evening to a close. The proceeds, which go towards the Feildian Campus Fund, were most gratifying.

Elimination numbers, special prizes. Splendid hall, floor and music. Admission only 25c. but worth \$1.00, beginning at 8.45 p.m. Over 350 attended the last Concert. Rain or shine.—oct24,11

Tremendous Picture Coming to the Nickel

IN WHICH PATRONS WILL SEE ALL THE STARS.

You don't have to go to Hollywood to see all your favorites—"Hollywood" is coming to you! The stars of a thousand pictures assembled in one superlative cast. Showing the amazing adventures of a screen-struck girl who tried to "get in." Produced by the man who made "The Old Homestead" and "The Covered Wagon." With the most fascinating background ever screened—Hollywood, the garden spot of pictures.

Here is what Jesse L. Lasky has to say about this wonderful film, which is to be shown at the Nickel Monday. The picture, "Hollywood," shows better than words can tell that marvelous spirit of friendship that binds together the great artists of our country. Without that spirit the task of making "Hollywood," the picture, would have been insurmountable. It is with a keen and deep appreciation of my debt to them that I wish to take this opportunity of thanking all those many great artists of the screen who appear in this photoplay and who by their generous and untiring effort have enabled us to give to the world some insight as to what life in Hollywood really is.

JESSE L. LASKY.

Dural Moral Code is Griffith Film Theme

It is doubtful if D. W. Griffith ever labored more diligently in his career on any work than he did in the case of his latest United Artists production, "The White Rose," which comes to the Star Theatre next Monday.

Mr. Griffith's theme in this instance is far different than anything ever seen before on screen or stage.
