Guelph Markets.

MERCURY OFFICE, GUELPH,
October 31, 1887.

The delivery of all kinds of produce during the past week has been comparatively light, and wheat at all higher than it was last week. Flour is no ground, however, for the supposition that the present prices will continue, or that the rise is anything but a local one, caused by the small receipts, and the necessities of mill-owners, who have had no stock, and been compelled to buy grain at an advanced price to keep their mills running. Chicago and Milwaukee markets have declined, and the New York, Montreal, Toronto and Hamilton markets are dull, with but little symptoms of an advance. Thirty kegs of butter have been brought on the market by farmers and about 370 kegs by stockholders in the north country. The prices range from 10c to 16c. Of choice there is none offering. Sheepskins are from 40c to 75c. Potatoes are slightly advanced, some of them now selling for 60c per bag.

PROOFS OF THE SUPERIOR QUALITY

AMERICAN WATCH

MADE AT
WALTHAM, MASS.

Referring to their advertisement in a previous issue of this paper, the American Watch Company, of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market.

They are simpler in structure, and therefore stronger, and less likely to be injured than the majority of foreign watches. They are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts.

How they run under the hardest trial watches can be seen by the following letters:

FRYER, RAILROAD COMPANY,
Office of the General Superintendent,
Altoona, Pa., 15th Dec., 1866.

GENTLEMEN:—The watches manufactured by you have been in use on this road for several years by our engineers, to whom we furnish watches as part of our equipment. There are now some 500 of them carried on our line, and we consider them good and reliable "time-keepers." I have great satisfaction in saying your watches give less trouble than any other watches we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time as correctly, nor have they afforded good service as yours. In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years.

Respectfully,
EDWARD H. WILLIAMS,
American Watch Co., Waltham.

NEW YORK CENTRAL RAILROAD.

Locomotive Department, West Division,
Rochester, Dec. 31, 1866.

GENTLEMEN:—I have no hesitation in saying that I believe the great majority of Locomotive Engineers have found your watches to be the most satisfactory of any for their uses. They run with the greatest accuracy and steadiness, notwithstanding the rough riding of an engine, and as I have never known one to wear out, they must be durable. I hope to see the time when the Railway Companies will generally adopt your watches, and furnish them to all engineers and conductors. In my opinion I would greatly tend to promote regularity and safety.

Yours respectfully,
CHAS. WILSON, G. Chief Engineer,
Brotherhood of Locomotive Engineers,
American Watch Co., Waltham, Mass.

We now make five different grades of watches, named respectively as follows:

- Appleton, Tracy & Co., Waltham, Mass.
- Waltham Watch Co., Waltham, Mass.
- P. S. Bartlett, Waltham, Mass.
- H. W. Eldery, Boston, Mass.
- Home Watch Company, Boston, Mass.

All of these, with the exception of the Home Watch Company, are manufactured by the American Watch Company to be of the best material, on the most approved improved principle, and to possess every requisite for a reliable time-keeper. Every dealer selling these watches is provided with the Company's printed card guarantee, which should accompany each watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeits and imitations of our watches sold throughout the country, and we would caution purchasers to be on their guard against impositions.

Any grades of Waltham Watches may be purchased of watch dealers.

Testimonials can be obtained on application from many persons in Canada who have worn the watches with the greatest satisfaction.

VALUABLE FARM PROPERTY

For Sale or to Exchange.

THE undersigned offers for sale, or to exchange for Real Estate in the Town of Guelph, the following property, viz:

First—A valuable improved Farm North of the Durham Road, in the Township of Bentinck, three miles from the Village of Durham, containing about 200 acres, of which about 100 acres are cleared and under fence. On the premises are a substantial Frame Dwelling House with good cellar, garden and well, with pump of excellent water. Also, a Frame Barn 60 x 30, with 18 feet posts and underground stabling, and a never-failing spring in the barn yard for the supply of water to cattle. This is a very eligible property, and well worthy the attention of those who wish to obtain a good farm.

Also—Lot 42, in the 3rd Concession of Bentinck, West of the Ganarax Road, 100 acres, about 12 acres cleared, with a Frame House on the lot. The Rocky Saugeen River crosses one corner of this lot, and has a valuable water power on it, capable of driving any machinery.

Also—Lot 25, in the 1st Concession, South of the Durham Road, three miles from the Village of Privetville, in the Township of Ardenburg. There are about 25 acres cleared and fenced on this lot, with a good new Log House.

The above lands are well situated and timbered with the best kind of hard wood timber, with indisputable titles—the last two being direct grants from the Crown.

For further particulars, &c., apply to the proprietor.

Great Cure of Liver Complaint and Dyspepsia in Canada.

Consueon, Prince Edward Co., C.W.,
March, 1867.

Meers, Young & Co., Sirs—Having proved within my own person that there is at least a medicine that will induce cure Liver Complaint and Dyspepsia, and I am induced to make this statement, under oath, which is to certify that I have been sorely afflicted for the last three years, according to the Doctors' statements, with Liver Complaint and Dyspepsia. I had a feeling of sinking and vague uneasiness, worse than anything, worse than pain, eruptions or wind, occasional pain, drowsiness, constipation, uneasiness in the right side of the chest, a poor appetite, and was greatly reduced in strength. Hearing your new Indian medicine, the Great Shoshonee Remedy, I tried a bottle, and I tried a bottle with your Pills, from these I must say I found but little change, but I took another bottle, and I found my health improving. I continued it until I have taken about ten bottles, using the Pills, and I find that I have quite recovered, and eat and sleep without complaint or uneasiness. I am well and have pleasure in attending to my business. The doctor remarked to me I was looking much better. I told him that the Great Shoshonee Remedy was doing it. I have recommended the Remedy to several of my friends, and they have given good satisfaction, and I would strongly recommend it to all afflicted as I was.

Sworn before me at Consueon, C.W., this 2nd day of March, 1867.
