the operations of digestion animatrition, and by a careful application of the fine production of the inexpected of the product of the process adopted by Messrs. James Epps & Co., Industriella of Cocal.—"We will now give an account of the process adopted by Messrs. James Epps & Co., inanufacturers of dietetic articles, at their works in the Euston Road, London".—Secarticle in Cassell's Household Guide. J206mdw James H. Johnston, Esq., Montreal, wrote in August, 1871, as follows: It affords me great pleasure to bear testimony to the benefit received from using Fellows' Compound Syrnp of Hypophosphites, I found it a nervous tonic of great power and, efficacy, curing me in a short time from canenate descriptions and production of the production

COMMERCIAL. CUELPH MARKETS

CUELPH MARKETS

(MERCURY OFFICE, Wednesday, March 13, 1873.

During the past week the market has
been about as brisk as usual. Hay has
been the leading article offered, and although the quantity has been unusually
large, the demand keeps pace with it,
consequently former quotations have
been sustained. Hay, hay, and nothing
but hay some days. One wonders where
it all goes to. The demand is still equal
to the supply, and so long as this is the
case a ton of good hay will fetch \$20,
while inferior will be unloaded at \$17.
Since our last issue fall wheat is 5c. lower per bushel; spring wheat 10c. lower,
while oats and peas are 2c. higher,
Hides bave advanced 25c. per 100. We
quote:—

Flour per 100lbs		\$3 50	to	23 75
