Mrs. Dougherty was hostess at a theatre party in Crown's on Monday evening. Covers for six were laid in the Tapestry room, which was beautifully decorated with red carnations.

Mr. Price, treasurer of the C. P. R., entertained at luncheon in the Tapestry room at Crown's yesterday. Covers were laid for twelve, the table being beautifully decorated with pink carnations.

Calgary delegates have returned from the Women's Mission conference held at Edmonton. Reports on the progress being made by various branches of the conference are most satisfactory, more especially the work pertaining to the colonizing of Ruthenians. In Yerville, where a very large section of Ruthenians is to be found, Presbyterian homes, under the care of Dr. Arthur, have been founded—three for boys and one for girls. Before long the doctor hopes to have as many schools for girls as for boys, but meantime, the girls are being taught sewing and household work, and the boys various trades. The girls are indeed in a sad plight, from 12 to 15 being the accustomed age for marriage, after which they are but slaves to the husband, bearing his children and toiling for his interest from morning to night. So much are early marriages the custom that the girls themselves think that to pass the age of 17 unmarried is disgraceful.

In connection with the Robertson College training school for ministers in Edmonton, the Women's Guild of that city have agreed to furnish a part of the college, and requests that Calgary and Lethbridge also contribute to the furnishing. But for the college eleven mission stations would be minus religious instruction of any kind.

Another excellent piece of work being done by the Presbyterian church is the building of hospitals where the lamentably ignorant Ruthenians are cared for by the aid of a skilled surgeon and certificated nurses. At present the people themselves consider that the water in which a black cat has been drowned is an excellent wash for most sores.

The conference will next year be held in Calgary.

"Boxing Day" for Ladies.

Another special ladies' day among boxers will be held in the Majestic theatre this afternoon, at 3 o'clock. It is to be really a ladies' day, as no more than may venture in to witness the show may be escorted by a lady. The star turn will be by Tommy Burns, who will box three rounds each with Morris and Polkey, Mickey McIntyre and Buster Brown will also spar three rounds each, all the men going through the full gymnastic feats required in training for the ring.

Many persons, both male and female, have a prejudice against this one of the most legitimate forms of sport, but it would be well for such persons to remember that to train and

**A Simple Correction**

(From The Louisville Times)

The following sentence was written by a teacher on a blackboard in one of the local schools the other day: "The toast was drunk in silence." The teacher asked the pupils if anyone could tell her what the mistake in the sentence was. The class remained silent a few minutes. Then a little boy held up his hand, and at a nod from the teacher went to the blackboard and wrote the following correction: "The toast was not in silence."

**FRUIT DEALER IS ANXIOUS TO ESTABLISH WHOLESALE FRUIT MARKET IN CALGARY**

Mr. Fee, of the Vernon Fruit company, is very anxious that a wholesale market be obtained in Calgary. The city is close to the Okanagan district, and such a market, built on the C.P.R. line, would be a splendid unloading place for fruit and vegetables without their being held back in trucks as happens at present, costing a dollar per day for each car, several dollars for ice, besides the damage to the fruit itself through being jostled and kept. Mr. Fee has interviewed the C.P.R., who are considering the question, with what Mr. Fee believes to be considerable favor. Such a market, too, would bring not only the retailer closer to the producer, but the consumer closer to the market, and the wholesaler wishing a case of apples could, by going to the market, obtain them at first cost. "Then," added Mr. Fee, "the correct prices could not be kept from the public. I used to publish my prices in The Herald, but the retailers resented it, and to keep my trade I was forced to put such prices on a sliding scale."

Mr. Fee believes that a wholesale market would give a fair price to the producer, an equal profit to the retailer, since his expenses would be greatly decreased, and a greater profit for the consumer to pay. Although the scheme was Mr. Fee's own idea, he has received the approval of the men in town. When the City Market did not succeed, Mr. Fee stated that he applied to the mayor for permission to take it over for fruit, but he received no answer to his offer. If better managed, Mr. Fee says the city could have made it a success. But he added that the proposed wholesale market would almost insure a retail market also.

Explaining to the Home Economics committee of the Local Council of Women in the library yesterday, Mr. Fee pointed out some reasons why fruit is so high in Calgary. The first fault, he said, lies with the consumers themselves, who often run monthly bills or longer, instead of paying cash. For cash, he said, any merchant in town would be willing to give 10 per cent. interest.

Madam Anderson stated that she had asked four merchants for discounts, but they had refused. She had then asked five more, but they had refused. She had then asked six more, but they had refused. She had then asked seven more, but they had refused. She had then asked eight more, but they had refused. She had then asked nine more, but they had refused. **IRISH TENOR, A WOMAN, HEADS ORPHEUM BILL**

Thursday's bill at the Orpheum promises to be another unequalled success just as was last week's bill. In place of a young lady as the headline we have a Irish tenor who has made a name as the sweetest voiced tenor in all that people who are famous for the quality of their voice. Mr. Mack, who will be remembered by many as the author of "Molly O", which he also made famous in singing it, will appear in a bright little scene entitled "The Ship's Concert," which was first presented with the actor was upon a return trip from the old country, and which proved so good that it was decided to put it on the stage.

The talking pictures will again be seen as one of the prominent features of the bill. They have already made their initial appearance.

Bob Matthews and Al Shayne appear in "A Night on the Bowery" in which they offer one of the best possible combinations of characters that could be got together for amusement purposes. One enacts the role of a dope fiend and the other a typical "fido" of that East Side of New York. Their act closes with some bright parodies on the late song hits and some fast dancing.

Henry De Coe is admittedly one of the most daring of equilibrist on the stage. Some of his stunts performed with chairs, tables and broom sticks are nothing short of marvelous.

Irene Brenney, "the Hungarian Gypsy Queen" is a virtuoso upon the cymbal, an instrument well known in her native land, which closely resembles the xylophone in appearance but which has a much sweeter tone. She is assisted by Yosta, a violin soloist.

Joe F. Willard and John E. Cain have something brand new in their act "Detective," which is a clever satire on the present day crook sketches and the methods of the police.

"The Girl From Chicago," prefers to travel through the country incognito, but there is one thing that she does not conceal and that is the beautiful quality of her voice, a remarkably fine looking girl, who specializes in high song.

They have just returned from Europe where the during of their act created many a sensation.

Ex-King Manuel of Portugal is to marry, thus manifesting a desire to be ruled if he cannot rule.
