NEW HISTORY OF THE DOMINION .-We have just received the fourth part of the new Illustrated History of the Dominion of Canada, by Professor Charles R. Tuttle of Canada, by Professor Charles R. Tuttle of
Nova Scotia. The work when complete will
consist of two large quarto volumes of over

the spring. This course will also ensure a
more perfect job. censist of two large quarte volumes of over 800 pages each, and embracing together about 200 full page steel, wood and stone engrav-ings. It is by far the most magnificent work produced in the Dominion. The author has already established a high reputation as an historical writer. His many works already published in the United States are classed among the standard history productions of that country. With his excellent qualifications for the task, and his loyal determination of preducing a work that shall give the citizons of the Dominion the much needed intelligence regarding the general progress of the nation, as also to present to the United States and the Mother country such a record of Can-adian enhancement in all the industries, arts and science of civilization, we have a right to expect at his hands a work of great public value. The work is expensively illustrated with steel, stone and wood engravings, which embrace Dominion cities and scenery and the portraits of the distinguished men of the past and present. It is preeminently a work of high art and great literary excellence, and will be a monument of horer to the author and his country. The publishers have gone to great expense, and their efforts will no doubt meet with general encouragement. The work is a necessity to every family and at the rate of fifty cents a month, at which it is de-

DR. RADWAY'S PILLS.

In Radway's Prize [which are the only perfect Purgative Pills] you secure a Pill superior in all its properties to the most choice remedial agents known to Medical Science. They differ in every respect to all other pills in general use, and the only Vegetable Medicine that supplies a substitute for

Calomel or Mercury. In RADWAY'S PILLS you have one medicine

In RADWAYS PILLS you have one medicine that will secure quicker, more thorough and better results than will be given in from three or more different prescriptions of the medical practitioner.—As a proof of this: You are seized with a Bilious attack I Dector prescribes Blue Pills or Calomel I next some drastic alostic pill or powders to work off the effects of the blue pill. This prostrates you; and a tonic is next given, or a gentle aporient, whereas ONE DOSE OF RADWAYS PILLS will do all sie work that the three or more prescriptions are given for, without running any risk from mercurializing or salivating the system.

Why is Purgation Necessary? There we two principles which exist in every living human body; one is the product of decay or decomposition, (these humours or elements that are rejected by the abserbents and lacteals as refused) the other is that of nutritition. It becomes newseary for the life of the body that the decayed and excrementitious elements be dismissed and the nutritious adopted. For the removal of the first the human body is supplied with lungs, kidneys, liver skin, bowels, &c., but when, from any cause, the functions of these organs are suspended, then it is essential to resort to art or science in supplying assistance, and of all medicines ever given to the human race for this purpose, there is none in the areana of MATE-RIA MEDICA or CHEMISTRY that secures these important results so thoroughty, HAPPILY, and with such COMFORT as

RADWAY'S PILLS.

In RADWAY'S PILLS, the true principle of pur gation is secured—not alone to the office of dismissing the faces and excrements from the bowels, but those humors that are checked or stopped in their passage numers that are cheeked or slopped in their passage through the Skin, Kidneys, Lungs, and all excreting and secreting functions, for if these excrementious secretions belonging to the skin, liver, lungs, are interrupted in their escape, they become products of decay and decomposition, and must be purged from the living body, through their proper channels; hence the purgative qualities of RADWAY'S PILLS extend to the secretions of the SKIN, KIDNEYS, LIVER, &c.,—whereas, not one of the advertised Pills claims to act beyond the bowels.
