exercise their rights and influence in maintaining pure and efficient government—are only offering the opportunity which the ward politiciaus, the managers, the machinists and the bosses so much desire; and, lastly, that the method of providing a successor to the president is one possessed of very serious defects. But every one of these defects can be mitigated, if not entirely removed.

THE TORONTO, GREY AND BRUCE.

Owing to the opposition worked up by the Hamilton interest and its agents, the proprietors of the Toronto, Grey and Bruce railway are blocked for a time in carrying out the arrangement made with the Grand Trunk.

It is easy enough to comprehend Mr. Hendrie and Mr. Cumberland's motives, but not so easy the motives of some other people.

It is asserted that the offer of the North-land of the service of the se It is asserted that the offer of the Northern company is better than the Grand Trunk's by several thousand dollars a year, but when all considerations are taken into account this is by no means manifest; the discount the second have one and the young men the could have one and the young men the girls could have one and the young men the could have one and the young men the girls up to the second have one and the young men the girls up to the second have one and the young men the girls up to the second have one and the young men the girls up to the second have one and the young men the second have one and the young men the second have one and the young men to dark the second have one and the young men told him plainly that there must be duplicate copies of the books procured, so that the girls of the books procured, so that the girls of the books procured, so that the girls of the books procured in the young men the plainly that there must be duplicate copies of the books procured, so that the girls of the books procured in the young men the pound in the young men the procured in the young men the pound in the young men the young men

Northern; since in that case there would the carried right on to) the sea-beard, without breaking of bulk here or any attending advantages of transfer.

**But most of the freight would be cased to the find that laws cannot be passed to forbid men from carrying firearms. But most of the states, probably, have laws declaring that these weapons shall not be infrinced, it seems to be eastablished that laws easo the freight would be cased to the firm the states, probably, have

the past three weeks the weather has been unusually cool and the crops have been making slow progress. While it has been exceedingly favorable weather for strawberries, which have never been larger or finer in flavor than this season, it has almost ruined the prospects of the corn crop. But it may not yet be too late; certainly a few days of such weather as Sunday and yesterday will make a great change in the appearance of both corn and wheat. The meadows, too, are backward, and we will not be much surprised if haying and harvest this year come together.

The hard times have not yet wholly passed away. The reports of the first six months of the present year show that both in Canada and the United States there has been an increase in the number and amount of failures as compared with The farmers who contributed so liberally to the construction of the Toronto, Grey and Bruce railway ought to be heard as well as the bondholders. It is of its of the first consequence to them that the road is closed, or what exorbitant rates are charged, so long as they are made sure of the ring their wood wheal as the vare made sure of the ring their wood wheal are charged, so long as they are made sure of the whole, is what our English cousins all at howing well."

place and keep it in first-class condition, and that the rent would be punctually paid. The Northern company, on the other hand, cannot pretend to offer an equally good assurance, either for maintaining the road or paying the rent—to say nothing of the monopoly which it would acquire of the traffic of the northern and northwestern counties.

The present outlook for the Toronto, Grey and Bruce, and of the country which it serves, is by no means cheering, and the farmers and business men of Huron, Grey that the effect of the lake. The companion of Prof. Wise, so far from being inexperienced, was not only an aeronat himself, but the owner of the balloon, which he had purchased from Prof. Wise, and agreed to pay the money, \$375, when the descent was made. STEAM DYE WORKS,

We wish to inform the Merchants and Milliners of Toronto and vionity that we have made an engagement with Mr. L. G. Bernyard, from Paris, France, to take the management of our Feather Department. We have also engaged a first-class Feather Curler from London, England, so that the greatest care and skill will be employed to turn out first-class work. The dyeing and cleaning of Ostrich Plumes and Feathers is an art which requires the greatest care and skill. We curl them beautifully, and guarantee to give satisfaction.

We solicit your patr onage.
