### HOLD STYLISH GIRL FOR BOOTLEGGING

Taken Off Montreal Train With  
Thirty-Three Quarts of  
Whiskey.

Syracuse, N. Y., Dec. 9.—While 20-year-old Dorothea Wardell of Boston slept peacefully aboard the Montreal-to-New York train. Customs Inspector Goodrow was unearthing thirty-three quarts of excellent Canadian whiskey from her baggage.

Miss Wardell, who had retired before the train left Canada, was awakened and taken off the train at Rouse's Point.

She was charged with bootlegging, and, extravagantly gowned and wearing jewels worth several thousand dollars, was arraigned before United States Commissioner Gilliland at Plattsburg. Miss Wardell made no denial of the charge.

The case was continued for a hearing and when she stated she had no one to go her bail she was turned over to Sheriff Coffey and lodged in the Plattsburg jail.

### YOUNG WOMAN FATALLY SHOT

Miss Molly Kingston was Hand-  
ling Rifle and Bullet Lodged  
in Abdomen.

Newcastle, Dec. 10.—A shocking fatality occurred at Weymouth Settlement, about twenty miles from here, yesterday morning, in which Miss Molly Kingston, daughter of Paul Kingston, lumberman, lost her life. She was in the habit of practicing rifle shooting and yesterday morning about nine o'clock took her rifle and went out into the yard. A few moments later the occupants of the house heard the sound of a shot and a groan and on going out into the yard found Miss Kingston lying on the ground shot through the abdomen.

It is presumed that the shell became jammed and in her endeavor to dislodge it caused the rifle to discharge. She was unconscious when found. Dr. Bell was called from Newcastle and did everything possible for the young lady, but she passed away six hours later.

Coroner Desmond decided that an investigation was unnecessary. Miss Kingston was about thirty-one years old and leaves her parents, four brothers and five sisters.

**MATAPEDIA.**  
The election being over Mr. Marcell our popular Liberal leader was elected with 172 at Matapedia, of a majority. Election day was very quiet.

Mr. Marcell's election should be credited to the ladies of Matapedia who turned out in force to vote, as this was the ladies first vote it showed their judgment.

### UNHEARD OF PRICES RULE

Rosenhek Bros. Big Clearing  
Sale Attract Big  
Crowds.

Rosenhek Bros. Great Holiday Sale opened Saturday morning with a rush and the big staff of clerks were busy all day.

The very attractive prices as set forth in this issue all bound to bring the crowds. Never since pre-war days have goods been marked so low. It is now not a matter of price, but of getting rid of the goods.

People from all up and down the country are going to the big store and are not going away empty handed. In fact the prices are recognized as unheard of in this district. Come along and get your share of the bargains. The stock carried is probably the greatest north of Montreal and the assortment is complete in all lines.

Go to Rosenhek Bros. and you will not be disappointed.—Adv.

### BROWNED IN THE MIRAMICHI RIVER.

Chatham, N. B., Dec. 9.—John Brophy, 21, son of Terrance Brophy, was drowned while skating on the Miramichi River, opposite Chatham.

Three of Chatham's young people have had narrow escapes while skating on the Miramichi. Miss Alma Irving, Richard Keough and Ernest McLaughlin narrowly escaped drowning while enjoying a whirl on the steel blades here to-day.

"How did he get hurt?"  
"He kicked a male; the male returned the compliment."

Bright Pupil: "A crotchopper, sir."

### LOSS IS ESTIMATED AT \$75,000 OR MORE

Plant of The Chesnut Canoe Co.,  
Ltd., Destroyed By  
Fire.

Fredericton, Dec. 10.—The entire plant of the Chesnut Canoe Company, Ltd., said to be the largest canoe factory in the world, was destroyed by fire here early this morning, together with 300 completed canoes, and all the machinery of the plant, the models and rough materials. The loss is estimated at \$75,000 or more. The insurance, so far as known, was said to-day to be only \$20,000.

James Toner, a fireman, suffered painful bruises on the leg when he was struck by a piece of flying steam pipe following an explosion during the fire. Some large pieces of pipe were thrown 100 feet or more from the building and other firemen had narrow escapes.

While 300 completed canoes and a large number of materials were destroyed, two large storehouses used by the company and located near the factory, escaped unharmed and were said to contain between 300 and 400 more completed canoes.

It was said at noon to-day that the company's old factory building in the city was available and might be used for a resumption of operations until a new factory has been built.

Professor (discussing organic and inorganic kingdoms): "Now, if I should shut my eyes—so—and drop my head—so—and remain perfectly still, you would say I was a clod. But I move, I leap. Then what do you call me?"  
Bright Pupil: "A crotchopper, sir."

### NEW CABINET BY NEW YEAR

W. L. Mackenzie King May  
Announce Cabinet By  
Jan. 1st.

Ottawa, Dec. 8.—Members of the Meighen cabinet are returning to Ottawa for final meetings of the cabinet before the premier formally places his resignation in the hands of the governor general. His Excellency will then invite Hon. W. L. Mackenzie King, as leader of the victorious Liberals to form the new administration.

Mr. King is reported to have cabinet negotiations already well under way and may be able to announce his ministry by the new year. In the East, if anything, he will find difficulty in the embarrassment of pieces of cabinet material.

Among Liberals elected in the east, are a number who, like Mr. King himself, served in the Laurier cabinet before it went down to defeat ten years ago. They are veterans in the service of the Liberal party. They are already experienced in the administration of public departments, and, coupled with them, are a number of younger Liberals, whose claims for recognition also will be strong.

West of the Great Lakes, Mr. King will be in a different position. In the prairie provinces, the Progressive sweep checked Liberal and Conservative alike. In Saskatchewan Mr. King had only one candidate elected; in Manitoba, two, and in Alberta, so far, no Liberals have been elected. Here, however, there is still a possibility that Frank Oliver, who served in the Laurier government, may be returned.
