We do not ask you to encourage
home industry,—we ask you to see
the quality of goods we manufacture
and get our quotations. Goods man-
ufactured by us are considered High
Grade in the leading cities of Canada.
Foreign woods imported direct from
the south.

MAIL ORDERS

We solicit out of town orders which
receive our personal attention. The
length of time taken to fill orders is
governed very largely by how busy we
are in the department of our factory
in which the particular goods are
made. While we have exceptional
facilities for promptly turning out
goods, it is important to place orders
as far ahead as possible. Orders are
filled by us in the rotation in which
they are received, and customers can
always depend on our doing everything
in reason to give prompt despatch.

OUR OFFICE IS CONNECTED WITH THE N. B. TELEPHONE BY TWO SEP-
ARATE LINES INSURING PROMPT ATTENDANCE.
OFFICE HOURS—7 A. M. TO 6 P. M.

PRESENTATION TO MR. & MRS. DRUMM

Surprise Party at the Manse on
Saturday Evening on Occasion
of Wedding Anniversary

On Saturday evening, about sixty of
the friends in St. Andrew's church,
surprised Rev. T. P. and Mrs. Drumm
at the Manse, on the occasion of the
tenth anniversary of their wedding.
The ladies of the congregation pre-
sented Mrs. Drumm with a beautiful
carpet, and a sum of money, and Mr.
J. M. McLean read the following ad-
dress.

Dear Mrs. Drumm:
On behalf of the ladies of the con-
gregation of St. Andrew's church, we
have taken the liberty to meet in your
home to offer to you and Mr. Drumm,
our sincere congratulations on this,
the tenth anniversary of your wedding
day.

We wish you to accept this present,
which we assure you is altogether in-
adequate to express the spontaneous
respect and mutual esteem in which
you are held as the mistress of the
Manse, and one who has given so
many instances of your kindness and
sympathy in all the interests of the
congregation.

In the four years of your residence
among us, you have had many trials
and difficulties, incidental to the dis-
aster which occurred previous to your
arrival, as well as these ever recur-
ring trials in your position as chief
lady of the congregation, and the sor-
rows occasioned from the loss of re-
latives so dear to you, in the old home
across the sea.

In all these, you have our sympathy,
and we wish to assure you of our
devotion to the best interests of the
church and people, and your kind hos-
pitality as our minister's wife.

On this occasion it gives us great
pleasure in uniting to convey to Mr.
Drumm and yourself, our heartiest
good wishes for many happy returns
of this day, and that in your lives you
may ever enjoy Heaven's choicest
blessings, and as the years roll by
may this recurring anniversary be-
come more and more precious as the
day on which was the commencement
of a partnership that will become
more perfect until the call comes for
you to enter into higher joys and com-
plete happiness.

MRS. D. C. FIRTH,
MRS. W. H. MILLER,
Com. MRS. C. T. COOL,
MRS. J. M. MCLEAN,
and others.

Mr. Drumm accepted the gift for
Mrs. Drumm, and replied in suitable
terms thanking the congregation for
their many kindnesses, after which
refreshments were served and the
company dispersed.

**BUY AT HOME
AND BUILD UP TOWN**
If Every Dollar Earned Here
Was Spent Through Local
Merchants—What?

Campbellton is prosperous. Its
business houses are well stocked and
are doing a prosperous business.
Business in all lines is showing a
healthy, steady growth.

This year promises to be better than
last by long odds. Already consid-
erable buildings are under way, and more
are preparing to build.
BUT! If every dollar earned in this
town was spent through local mer-
chants, the prosperity would be even
more marked. Many more business
blocks would be necessary to house the
enlarged business of our merchants,
and trade generally would feel the
benefit of added capital. The increase
in building would mean more work
for the workmen, and thus help
all around.

Why not decide to buy all your re-
quirements in town.

The "Buy at Home" campaign in-
augurated by the Campbellton mer-
chants has no doubt been responsible
for some of the increase in trade, and
we hope that a large number will cut
out the mail order houses.

The twelve merchants interested in
the "Automobile Contest are all lead-
ers in their lines, and we can recom-
mend them to our readers.

They are as follows:
Thos. Wran, Druggist,
Leon Cantin, Jeweler,
Central Book Store, Stationery, Etc.,
J. F. Gallagher, Dry Goods and
Ladies' Wear,
Geo. St. Onge, Groceries and Provi-
sions.

A. A. Andrew, Andrew's Clothing
Store,
Miss Ulican, Milliner,
Ferguson Bros., Men's Outfitters,
The Lonsbury Co., Furnitures, Etc.,
F. E. Shepherd & Co., Ladies' Out-
fitters.

H. C. Montgomery, Jeweler and
Sporting Goods,
I. Floyd, Butcher.

To the present discussion as regards
the loss of the Empress of Ireland
may be applied the words of William
de Morgan, "The most deeply rooted
instinct of mankind is the one that
promptly it to lay the blame on some
one else."

FURTHER DETAILS OF THE GREAT STORM

Reports From the Gaspe Coast
Show More Severe Weather
Than at First Thought

From all over the coast, reports
have been received of the awful
weather experienced last Friday, the
like of such weather in June never
having been experienced before in the
memory of many of the oldest in-
habitants. The terrible nature of the gale
which swept the coast is only now be-
ing realised by the reports received
from the little fishing places along the
Bay Chaleur coast, as it was difficult
to get much further news, owing to
the destruction of telegraph and tele-
phone wires between here and Gaspe.

Anse a la Barbe, June 10.—A
dreadful easterly storm passed over
the coast, accompanied with snow, on
the fifth of June, which did much dam-
age especially to the fishermen.
Several boats were torn from their
moorings and driven out to sea. Ed-
mond Rousie and others took a gas-
line boat in Port Daniel to cross the
Bay in hopes of finding their boats.

In the meantime, John A. Chedore
ventured to go with his boat, which
he had rescued from the storm, to the
south, to help in the search. Arthur
Chedore's boat was found at the wharf
at Lower Caraque, having been res-
cued by the fishermen of that place.

Leon Rousie and others found their
boats also with very little damage.
Edmond Rousie's boat was found ten
miles further up, and on Tuesday, the
ninth, the wives and mothers of the
weather beaten fishermen, were an-
xiously watching the return of their
loved ones with their boats. Many
nets were lost and lobster traps were
demolished, barns and out buildings
were blown down. News has reached
us that much damage is done all along
the Gaspe coast. The weather is still
cold and unsettled, and farmers have
grave fears as to the results.

Gaspe Basin, June 10.—The weather
is somewhat finer after a very severe
storm. This was the worst storm we
have had for a long time. It fell 8
inches of snow here, and blew a heavy
gale of wind. Many trees were up-
rooted in our village. Much damage
was done to fishing boats on the coast
about one hundred boats were broken
up. The new Government wharf built
by Messrs. Dussault and completed
last fall, suffered some damage. The
steamer Carle came in port leaking
badly, considerable damage being done
to freight on board. The three mas-
ted schooner Bravo went ashore at
Dorchester during the storm, and
was floated again at high tide, with
the help of the government steamer
Princess.

Salmon seems to be plentiful at
present. Mr. John Davis shipped sev-
eral large shipments this week.

The St. Maurice Lumber Co. has
been having some trouble with their
drive, on account of low water in the
river. A large jam of logs formed in
the main river about six miles from
Gaspe. There is about 6 million feet
of lumber there. Mr. Brankley, man-
ager of the company was here a few
days. He expects to have all the lum-
ber down this week.

We have had quite a few visitors
this week. Commercial travelers
and others.

The Misses Cora and Olga Carter
arrived home after spending the win-
ter at Mount Allison College, Sack-
ville, N. B.

Mr. George Atkinson and Mr. Char-
les Taylor were down to Douglstown
fishing trout this week. Mr. Taylor
did have such good luck this trip,
as Mr. W. H. Anderson, Mr. Jas.
Brimble and George Atkinson arrived
there first, and the market was ex-
hausted when Mr. Taylor arrived. Mr.
Anderson did not return with the rest
as he was visiting friends at Haldim-
and.

Mr. Jas. Kenney has opened his
barber shop in Gaspe Harbour, on
the corner of the street.

The Society of the Turkey Buzzards
have quite a few members in Gaspe
Basin. Mr. Charles Annette has de-
cided to join this week. Mr. Mor-
mer Carter is already a member. We
are glad to hear that he is an honest
member.

Seal Cove, June 8.—A heavy snow-
storm accompanied a very strong
wind, struck this place on Friday,
June 5th, nearly one foot of snow fall-
ing. Much damage is reported
throughout the district, a large barn
here and a new house of concrete
blocks in Douglstown were blown
down by the wind. A large three-
masted vessel has been driven ashore
near Douglstown, but it is expected
that she will get off without very
much damage. The extreme cold
played havoc with a number of sheep,
many of them perishing from ex-
posure.

Fishing boats were driven
ashore and broken up by the force of
the gale, and fences throughout the
district were blown down and destroy-
ed.

GOVERNMENT WILL AID SUFFERERS

Ottawa, June 10.—The Dominion
Government may make a grant in aid
of the Gloucester and Gaspe fish-
ermen on account of the disaster to
the fishing fleet.

The subject was brought to the at-
tention of the House of Commons to-
day by Mr. O. Turgeon, of Gloucester.

EXCHEQUER COURT MET HERE YESTERDAY

Two Cases Regarding Exprop-
riation Are Heard Before
Judge Audette

A sitting of the Exchequer Court
was opened here yesterday, Judge
Audette of Ottawa presiding. Two
cases were on the docket, the King vs.
George Duncan, and the King vs. I. W.
Stevens, both of these cases arose out
of recent expropriation proceedings,
for land taken up by the Government
for Railway works. Mr. Duncan's
case was for land taken at Sugar Loaf
street, and Mr. Stevens' for that taken
at the Subway.

Mr. Huggins of Ottawa, Assistant
Registrar was in attendance, as well
as numerous witnesses for the Gov-
ernment. J. M. B. Baxter of St. John
and Geo. Gilbert of Bathurst, repre-
sented the Government, and H. A.
Powell of St. John and W. A. True-
man of Campbellton, were for the de-
fense.

FARM HOUSE BURNED AT KEMPT ROAD

Building Owned by Jas. Alex-
ander Destroyed by Fire on
Monday Afternoon

On Monday afternoon, the large
farmhouse at Kempt Road, owned by
James Alexander of this town, was
destroyed by fire. The men employed
on the premises had just had dinner,
and after coming out of the barn,
where they had been working for a
few minutes, were astonished to find
the dwelling house in flames. Fanned
by a high wind, the fire made head-
way, and the heat was so great, they
were unable to do anything to save the
building, which was burned to the
ground. No reason can be assigned
for the outbreak, and the loss will be
considerable. There was a little in-
surance on the building, but none on
the contents, so that the men lost all
their effects, including clothing and
tools, as well as all the furniture in
the building. The two barns on the
farm were not touched by the fire.

GRAPHIC CONTEST GOES MERRILY ON

Bay Chaleur Towns Running
Up Long List of New
Subscribers

The Graphic Auto Contest is going
along steadily and while Chisholm
seems to have a long lead, he no doubt,
is still working hard, as it does not
take many new subscribers to run up
a large total.

We should like to have another con-
testant, and some one should enter to
drive, on the cash prizes. There are three
of these and they are worth working
for.

One of the surprises in this contest
is the manner in which the list of sub-
scribers has grown. In the different
towns along the Bay Chaleur, Dal-
housie and New Carlisle are running
about even, with a slight advantage to
New Carlisle. In Dalhousie our list is
just about 150, while in New Carlisle
it is a little over that number.

Chandler, that town which was a
farm less than two years ago,
but now a hustling town, has a
list of nearly sixty, whereas a year
ago, it was not on our list at all.

Gaspe, Gaspe Harbour, Douglstown,
and in fact all the towns have
large, and growing lists.

While the down the bay district is
being well covered, the up river dis-
tricts are also being largely added to.
Matapedia, which a year ago, had a
small list, to-day it has nearly one
hundred, and the offices served
through Matapedia, have shown such
a marked increase that it is now nec-
essary to make up a mailing for Mat-
apedia and district inclusively.

In one earlier settlement every
family but four are subscribers to the
Graphic.

This added circulation in the district
served by Campbellton enhances the
value of our advertising columns, and
every merchant who desires to reach
the people, should have his advertise-
ment in our columns.

The standing to date is:—

Miss Amy E. Beck, Chandler, P. Q.,
42,975.

Winston Chisholm, New Carlisle, P. Q.,
338,660.

J. F. Marcotte, New Carlisle, P. Q.,
190,005.

George Wilkins, Shives Athol, N. B.,
338,345.

The Graphic gives 2,000 votes on
every new subscription, and 1,000
votes on every renewal.

The Hon. J. D. Hasen said he had
received a report that 100 lives had
been lost. If no action was taken dur-
ing the present session of Parliament,
it could be dealt with by Governor-
General's warrant.

The Rt. Hon. R. L. Borden confirm-
ed what had been said by Mr. Hasen
and expressed the sympathy of the
Government with the distressed fish-
er folk.

BASEBALL SEASON IS OPENED MONDAY

Cold Weather Militates Against
Attendance at the Ball
Park

The baseball season is now open, so
we may conclude that summer has of-
ficially arrived, snow, hail, rain and
wind notwithstanding. On Monday
evening, the Victorias and Mechanics
provided the opening game of the sea-
son, with Clyde Lutz as the gentle-
manly ump. The evening was cold
and inclined to be raw, yet a number
of the fair sex braved the east wind
in the grand stand, which was lacking
its usual gathering of Ex-Railway
Magnates, Ex-Presidents, Ex-Council-
ors, Ex-Cetra. The field, although in
fairly good condition, does not satisfy
the executive, who are planning im-
provements on the diamond, and we
will yet be able to see some good fast
games of ball.

The teams lined up with a number
of new faces in the places occupied in
past seasons, notably at third base,
where our old friend Hedley held down
the bag with one foot, and talked to
the bleachers with the other. The
game was fair, considering the weath-
er, the cold wind not being conducive
to quick and accurate fielding, and a
number of the players showed that
when a little more practice is indulg-
ed in, they will be all right—all right.

The game went the regulation five
innings, the battery for the Victorias
being McNutt and Floyd, for Vics,
Love and Palmer. The Mechs. piled
up a strong lead at the end of the
third, the score standing 8-1. This
was mainly accounted for by loose in-
field work behind Love, who was not
quite at home with his new catcher
the Vics. The I. C. R. feel the loss
of Shirley, who bore the brunt of the
pitching last season, but they may
turn out a dark horse.

Monday's Game

Victorias	A.B.	R.

S. S. CANADA MEETS WITH HEAVY WEATHER

On Run From Gaspe is Hit Hard
By the Storm of Last Fri-
day—Cargo Spoiled

The S. S. Canada was in port here
last week-end, and reported having
very heavy weather coming up on her
run from Gaspe on Friday. She made
Malbay on Friday afternoon, during
the height of the great storm, and for
some time labored very hard in the
stress of the weather. There was a
good deal of water got into the hold,
and we were informed that some of
the cargo had to be jettisoned to
lighten the steamer. The Canada ar-
rived here, however, notwithstanding
her terrible experience and sailed as
usual on Monday on her regular trip.

GUITARD-BERTHA

The home of Mr. and Mrs. John F.
Guitard, Bellefleur, was the scene of a
very pretty wedding at 6 o'clock Mon-
day morning, when their daughter,
Madeline, was united in the holy bonds
of matrimony to Mr. Clement Bertha,
one of the popular young fellows of
this place. The house was saluted
with a host of friends, in honor of the
event, and the ceremony, which was
performed by the Reverend Father
Van De Mortelle, was witnessed by a
number of friends of the contracting
parties. The bride was nicely dressed
in cream silk, with ecru frilling, also
hat to match, carrying a bouquet of
roses. The bride, who is one of Belle-
fleur's popular young girls, was the
recipient of a fine array of presents,
given by her friends. After the cere-
mony, Mr. and Mrs. Bertha left on the
Local for a short wedding trip, and on
their return will reside in Jacquet
River. The brides travelling gown
was blue broadcloth, with white hat.
The host of friends all join in wishing
Mr. and Mrs. Bertha all happiness in
their married life.
