The level of Tennesse and life and air excluded, and the filthiest rooms, each with a dozen or fifteen in master of both sexes, there is no water the place is alive with and likes to see them do well and bloom abundantly, sheuld be without Hanington's and contains fully one fourth of the whole and contains fully one fourth of the whole and contains fully one fourth of the whole and likes to see them do well and bloom abundantly, sheuld be without Hanington's and contains fully one fourth of the whole and likes to see them do well and bloom abundantly, sheuld be without Hanington's and contains fully one fourth of the whole and likes to see them do well and bloom abundantly, sheuld be without Hanington's and contains fully one fourth of the whole and likes to see them do well and bloom abundantly, sheuld be without Hanington's and contains fully one fourth of the whole and likes to see them do well and bloom abundantly, sheuld be without Hanington's and contains fully one fourth of the whole and likes to see them do well and bloom abundantly, sheuld be without Hanington's and contains fully one fourth of the whole and likes to see them do well and bloom abundantly, sheuld be without Hanington's and likes to see them do well and cule, or publishing contemptable attacks upon journals that espouse their cause, will not weigh against solid facts such as the teachers have to back them. The Government will be bound to recognize the teachers' grievences, or take the in-

A correspondent in another column states concisely, some of the leading causes of discontent, and he is a gentleman who has never been identified with political parties. He writes as a teacher who knows the evil that will result from the changes in the School Law, and his statements will be borne out by his fellow teachers.

have no just cause of complaint, why is coming up that can do it again. it that not one of their number, either through the press or on the platform,

The Collegiate School.

The St. John Globe comes to the rescue of the Local Government and Chief Superintendent of Education, in the matter of the Collegiate School, which is not

ton who were present in the galleries of the Assembly who heard Mr. Ellis distorted statements recarding the work of solitary student. torted statements regarding the work of the University, and Mr. Stockton's studied effort, to prejudice the Legisla-ture against that Institution, and there are hundreds of people in the country who read the very full report of Mr.

tenure of power depends on the support Currie and Porter. After the reading of the of these gentlemen, who have not hesi-

warranted by facts. It says that the St. John Grammar School does quite as much, if not more, than the Fredericton Collegiate School in sending students to the Whole, a steady movement forward. The property of the University. The records prove the whole, a steady movement forward. The that Lord Wolseley has assumed command the Khester Frederick and the second sequence of them rather more than usually so. Eighty-eight were added by baptism during the year. Sabbath-school work receives considerable attention, and there is, on the whole, a steady movement forward. The Collegiate School in sending students to the University. The records prove the contrary. During the past ten years, the Collegiate School has prepared at least twice as many students for the University as the St. John Grammar School has prepared at least twice as many students for the University as the St. John Grammar School has prepared at least twice as many students for the University as the St. John Grammar School has prepared at least twice as many students for the University as the St. John Grammar School has prepared at least twice as many students for the University as the St. John Grammar School has prepared at least twice as many students for the University as the St. John Grammar School has prepared at least twice as many students for the University, and this is good evidence of the excellent work done in the Oollegiate School. The Frederic ton Collegiate School. The Frederic ton Collegiate School's usefulness moreover has not been confined to this locality. Every session there are students from almost every portion of the Province profiting from its instruction. While the St. John Grammar School has been, and is, local in its character, the Collegiate School constantly numbers among its students young men from warions parts of New Brunswick who
