THE CANADIAN ROUTE THE FAST

Since shad Grain—General Commercial News.

Bince the retaliatory agitation wholesale aeronants in Toronto-have come to consider the merits of the Canadian steamspip and rail-road lines as a means for bringing goods from Burope, as compared with United States steam, ship and railroad lines, a good many importers here, accustomed by long habit to use the Canadian route as a "slow coach" and an expensive one at that. During the last few months, however, the Canadian route has had a great deal of attention directed to it and a Stoadily increasing patronage.

Mercantile men who have been importing via Halifax, Quebec and Montreal, are highly satisfied with the freight service. From investigation The World finds that goods brought by the Canadian route in summer can be laid down in Toronto-from Liverpoel in 10 or 11 days, while by the New York route it takes 13 or 14 days. In the winter, when goods are landed at Halifax and come upover the Intercolonial and connections it takes 18 days, or about the same time as via the New York route. The Here is another point: It will be found at the end of the season that goods on Beimported by the Canadian route two shillings and six pence a ton cheaper than by the New York routes. The World will venture to say that such is the experience of importers who have patronized both routes year in and year out.

BEST GRADES PICKED UP STEADILY.

MINNEAPOLIS, Oct. 22.—The 800 cars of wheat received here had a weakening effect on prices, but sellers were firm in asking previous quotations and the best grades were picked up quite readily. Outside speculative markets were depressed by the liberal local receipts and trading in cash wheat received a slight check about noon.

CHICAGO, Oct. 22.—The feeling in wheat was again unsettled and nervous. On the whole trading was light and the market would have assumed a much quiter feeling but for the operations of a few large local operators. Trading in December in particular was very light and chiefly in way of settlement. Operations were confined principally to May, in which month traders feel less fear of manipulation. The speculative offerings for May were quite large at times, and credited mataly to a prominent local trador who has figured conspicuously on the buil side. Only a moderate trade was fer ported in corn. Oals were quiet and provisions fairly active.

That "Tocsin of the Soul. The Dinner

That "Toosin of the Soul. The Dinner Bell." as Byron calls it, suggests no pleasing reflections to the dyspeptic, billions sufferen the partakes, of course, but the subsequent tor ment is egregiously out of proportion to the quantity of food he eats, which hes undigested a weight like lead in his unhappy stomach. There is a remedy, however, and its name i Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. No case is entirely hopeless. How to Obtain Sanbeams.

Eleven Conductors Bounced. WATERTOWN, N. Y., Oct. 22.—Eleven con ductors on the Rome, Watertown and Ogdens burg Railroad received blue envelopes containing notice of dismissal this morning. No reason is given for their discharge, but it is known that detectives have been riding over the road for two or three weeks past, and it is supposed that they have given information against the ousted men. There is much excitement among railroad men, and in view of the fact that a majority of the men discharged are considered upright, those who remain feel a very uneasy. very un-asy.
