ZAM-BUK CURES PILES.

Read What Those Who Have Proved It Say.

Mr. Thomas Pearson, of Prince Albert, Sask., writes:—"I must thank you for the benefit I received from Zam-Buk. Last summer I suffered greatly from piles. I started to use Zam-Buk and found it gave me relief, so I continued it and after using three or four boxes I am pleased to say that it has effected a complete cure."

Mr. G. A. Dufresne, of 183-185 St. Roch, Quebec, P. Q., writes:—"I can highly recommend Zam-Buk to everyone who suffers from piles. I have also found it most effective in curing a sore thumb with which my little son was suffering. The thumb had begun to swell and fester and had lost the nail. I persevered in the application of Zam-Buk and the sore is now entirely healed."

Not only for piles, but for inflamed sores, ulcers, ringworm, boils, eruptions, scalp sores, itch, children's sore heads, old wounds, etc., Zam-Buk is without equal as a healer, and also for cuts, burns, stiffness and wherever and whenever a handy balm is called for.

All druggists and stores at 50c. a box. Zam-Buk Soap with perfume and soap amongst medicinal and toilet soaps as the balm is amongst salves. Mothers should use it for baby's bath. 25c. tablet, all druggists and stores, or post free from Zam-Buk, Co., Toronto.

Mother's Day.

A movement which has proved a very popular one is that of observing the second Sunday in May as "Mother's Day" by wearing a white carnation.

Although only started last year already it has spread widely. In Canada the sponsor for the movement is W. G. Rook of Toronto, President of Canadian Home Journal.

He is receiving cordial assistance from the press and the pulpit. In the May issue of Canadian Home Journal there is a strong appeal for the observance:—"The small boy with his cut finger, the tiny girl with her torn frock, make an immediate chase for 'Mother'—sure of a wisdom that will repair the injury even if some wholesome advice be thrown in about 'Not doing it again.'"

Then come the impatient half-grown years when the exclamation 'Mother is so old-fashioned,' and 'Mother doesn't understand that things are different now,' are constantly heard. But the years, those unhalting years, march steadily by, and we hear the man and the woman, with their own stern problems to solve, admitting regretfully—"I believe Mother was right," and 'I wish I'd done as Mother advised me."

So, on the breath of a white carnation,

Gas Distended His Stomach

Caused Palpitation, and Prevented Sleep—When Health Was Gone, Cure Followed Use of "Nerviline."

"My last wish will be," writes Harry P. Pollard, a well-known boot and shoe traveler of Hartford, "that everyone with a bad stomach may learn as I did, before it's too late, that Nerviline is the one remedy to cure. Why, I was in mighty bad shape, my digestion was all wrong, and every night I would waken with a start and find my heart jumping like a threshing machine. This was caused by gas on my stomach pressing against my heart."

When I started to use Nerviline I got better mighty fast. It is certainly a better remedy for the traveling man, keeps your stomach in order, cures cramps, prevents lumbago or rheumatism, breaks up chest colds and sore throat—in fact there hasn't been an ache or pain inside or outside for the past two years that I haven't cured with Nerviline. Do you wonder I recommend it?"

For general household use Nerviline has no equal; it will cure the aches and ailments of the entire family—refuse anything but Nerviline, 50c. per bottle, trial size 25c. all dealers or The Cattarhogue Co., Kingston, Ont.

NERVILINE CURES ALL PAIN

The disappearance of Eli Herbert, a wealthy farmer of Tecumseh, a few miles from Windsor, has led his family to believe that he has met with foul play. The wife of the missing man is now seriously ill as a result of her husband's absence. Herbert left home three weeks ago with \$125, saying he was going to pay a debt. Herbert's wife and several children are awaiting information.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless this inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Germany is said to have spent \$2,000,000 last year on experiments with military airships; France, \$680,000, and Russia \$900,000. Great Britain doesn't say much, but she has not been idle. The other day parliament was asked to vote \$65,000 for airship service. Air counts will be a feature of the wars of the future.

A Picture of Night.

Along the high hedged lane John Strong swung, the June gloaming deepening into night. He loved to shove his face into the night. He gloried in the uncertainty of night, the indefiniteness of night, and his soul cried back a wild answer to the cry of the night hawk and the owl. Night is more primitive than day; night is more calamitous; night is a savage; night everywhere is the true aborigine. Day has taken on civilization. Night hurls the world back to the day of the war club, the flint arrowhead, the painted visage. John Strong loved the night with an almost malevolent love. In the night he could hear the Valkyries screaming, the witches riding their broomsticks, the ghouls scraping the mold from off the new buried coffin. John Strong swung along, his face set to meet oncoming night—Adventure.

Where He Drew the Line. Thomas was an old gamekeeper on Sir Greville's Scotch estate, says Sir William Kennedy in "Sport in the Navy." When he was sixty years old he contracted measles and was very ill for a time. Sir Greville, with characteristic kindness, sent the old man some hot-house grapes and a pineapple. The next time the two met Sir Greville asked Thomas how he liked the fruit.

"Well, Sir Greville," answered the gamekeeper, "the plums was good, but I dinna think much of the turnip."
