

THE BLESSING OF MOTHERHOOD

Healthy Mothers and Children Make Happy Homes

Motherhood is woman's highest sphere in life. It is the fruition of her dearest hopes and greatest desires; yet thousands of noble women through some derangement have been denied this blessing. In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong. This is evidenced by the following letters which are genuine and truthful:

London, Ont.—"I wish to thank you for the benefit I received by taking your famous medicine, Lydia E. Pinkham's Vegetable Compound. Before my baby was born I was so ill I could not stand long or walk any distance. I had to lie down nearly all the time. After I took your medicine I felt like a new woman. I could work from morning till night and was happy and well. I certainly think it relieves pain at childbirth and recommend it to every woman who is pregnant. You may use this testimonial if you like. It may help some other woman."—Mrs. FRANK CORBIN, 132 Adelaide St., London, Ont.

Brooklyn, N.Y.—"I was ailing all the time and did not know what the matter was. I wanted a baby but my health would not permit it. I was nervous, my side ached and I was all run down. I heard that Lydia E. Pinkham's Vegetable Compound was good and took the medicine. I have now a beautiful baby and your Compound has helped me in every way."—Mrs. J. J. STEWART, 299 Humboldt St., Brooklyn, N.Y.

WATFORD, APRIL 19, 1912.

NOTE AND COMMENT.

Those who are keeping their eyes open and watching developments in the country, see "higher priced and dearer farms" written large on the horizon of the future. Farms in this section will never be cheaper than they are to-day, and the man who invests and returns to the farm will make a wise move. Old Ontario is slowly but surely coming to its own.

There is a big difference between hustle and bustle. Some men in business seem to put half their steam up through the exhaust. If business, noise, change and bull-headedness might be considered essential, some men ought to succeed beyond all peradventure. The thing in business is to make every lick tell. It is not only necessary to hit the nail on the head but drive it. There are men as well as women who try to drive four inch nails with a tack hammer, and the process is as annoying to those around them as it is hopeless for themselves. Diligence in business does not necessarily mean getting down before breakfast

and quitting at bedtime. There are people who do this sort of thing year in and year out, and never seem to be any further ahead. The right kind of diligence is a combination of brain and muscle that knows when to quit as well as to begin.

The Orillia Packet reports the following: A prominent educationist says that a well conducted newspaper office is a splendid university for a boy to graduate from. And a high official of the Methodist church of Canada, who travels from coast to coast, says that if he had a dozen boys he should wish every one to serve an apprenticeship in a good newspaper office. To this the Acton Free Press adds—And the high official was the first apprentice and subsequently the editor of the Acton Free Press, and his only son is editor of a Fort William daily.

The following, which is taken from The Brighton Ensign, is a timely suggestion, and many people in the country towns would do well to apply it:—"Before sending your money away to patronize departmental stores, sit down and figure how much your property would depreciate in value if such a thing should happen that Brighton was wiped off the map. The more you can build up your town the more valuable your property becomes. This does not apply only to village property, but the farms surrounding it, when you are knocking the town you are knocking yourself if you have any property in, or near the town."

Time of Long Sermons.

Those who like long sermons should have lived in the seventeenth century. The manner in which the Rev. John Howe, Minister of Great Torrington, in Devonshire, conducted divine service on a public fast day, is thus described by a contemporary: "Mr. Howe says that upon these occasions he began about nine in the morning with a prayer for about a quarter of an hour, in which he begged a blessing upon the work of the day, and afterward expounded a chapter or psalm, in which he spent three-quarters of an hour; then prayed for about an hour, preached for another hour. After this he retired and took some little refreshment, for about a quarter of an hour (the people singing all the time) and then came into the pulpit and prayed for another hour; and gave them another sermon of about an hour's length; and so concluded the service of the day."

Weighed 850 Pounds.

Boston, Mass., April 11.—Abraham Sodekson, who weighed 850 pound, died from fatty degeneration of the heart, Tuesday was the twenty-sixth anniversary of his birth.

Four weeks ago, when Sodekson became ill, he weighed 434 pounds. He gained fifteen pounds a day during his illness.

CONVALESCENTS

Those Recovering from Any Severe Illness

After a long wasting illness, convalescents require nourishing food that will not overtax the digestive functions—and in the way of a strength-restoring and vitality-making tonic, we know of nothing that equals Vinol, our delicious cod liver and iron tonic (without oil).

Vinol creates an appetite, re-establishes good digestion and helps the daily food to make rich blood, form flesh, strong muscles and impart new life and vitality to every organ in the body. We ask those who need a strength and flesh-building tonic restorative to call at our store and get a bottle of Vinol, with the understanding that if it does not help them we will refund their money without question. **T. Bulletin on Weeds and the Seed Law.

A bulletin has been issued by the Seed Branch of the Department of Agriculture, Ottawa, giving a full reprint of the Seed Control Act, 1911, which is the law governing the sale of seeds in Canada. This Act, with the regulations of the Governor in Council, names the weeds which are considered most noxious and are particularly legislated against and defines the standards of quality in regard to purity and germination to which seed of various kinds must conform when sold for seeding purposes. The standards for four grades of timothy, red clover, alsike and alfalfa seed are given and full information regarding the law as applied to farmers and the way in which it may be used for their protection.

The second part of the Bulletin deals with seed testing work and the application of the law through seed inspection. Seed laboratories are maintained in Ottawa and Calgary for the use of seedmen and farmers where samples are tested free of charge.

The largest part of the bulletin and perhaps that of most interest to farmers deals with weeds and seeds. About 90 different species are illustrated and described and with the use of the bulletin the identification of both the growing plants and the seeds should be comparatively easy. The weeds considered noxious under the Seed Control Act are given first, in botanical order. This bulletin will be very interesting and useful to those interested in the identification and control of weeds and the means to adopt to prevent their introduction and spread through commercial seeds. It is known as Bulletin No. S-6 and may be had free on application to the Publications Branch, Department of Agriculture, Ottawa.

SOMETHING THAT SHOULD BE RUBBED IN.—Whenever pain is felt in the limbs or back, take Dr. Thomas' Electric Oil; pour a little in the hand, and applying it to the surface beneath which the pain lies, rub briskly. If the first application does not afford relief, which is not usually the case, keep rubbing. The Oil will gradually penetrate to the affected part and relief will come.

New Small Nose Bullet.

A new form of bullet, which is to be used in the Ross rifle, is credited with these powers:

At 500 yards it will penetrate:
Hard steel plate 7-16 inches thick.
Brick and cement 9 inches thick.
Loose sand 30 inches thick.
Hardwood, with grain, 38 inches.
Softwood 58 inches.
Clay 6 inches.
Peat or turf 80 inches thick.

Watford merchants have the goods and meet all price competition.

FOR SKIN DISEASES

A Treatment that Costs Nothing Unless It Provides Satisfactory Relief.

We have a grayish-white ointment with a pleasant odor that is clean to use, which we believe is the best known remedy for the relief of skin diseases. It is especially efficacious for overcoming eczema in all its various forms, ringworm, acne, pimples, blotches, insect bites, tetters, certain forms of ulcers, sores and wounds. It is strongly antiseptic, cleansing, soothing and healing. It stops all itching and burning caused by skin eruptions.

We are so positive this ointment is unequalled that we offer it with the distinct understanding that if after having given it a reasonable trial, you are not satisfied with the results, you have only got to tell us and we will, without quibbling, return every cent paid us for it. We exact no promises or obligations whatever.

We want you to try **Rexall Eczema Ointment**. The first application gives a refreshing sense of relief, and because of its germ destroying power, it eradicates the germ or parasite which causes eczema and many other eruptions. It is equally efficacious in the inflammation, gives protection to the inflamed surfaces, and helps restore healthy tissue. It is particularly active in relieving skin ailments peculiar to children. You certainly cannot lose anything by trying it. We would not dare make this offer except we are positive **Rexall Eczema Ointment** will satisfactorily benefit you. Two sizes, 50c. and \$1.00. Remember, you can only obtain it at our store—**The Rexall Store, J. W. McLAREN, WATFORD.**

"Our Personal Advice to all Skin Sufferers"

Taylor & Son, Druggists.

We have been in business in this town for some time, and we are looking to build up trade by always advising our patrons right.

So when we tell you that we have found the effective eczema remedy, you can depend upon it that we give our advice, not in order to sell a few bottles of medicine to skin sufferers, but because we know how it will help our business if we help our patrons.

We keep in stock and sell all the well known skin remedies. But we will say this: If you are suffering from any kind of skin trouble, eczema, psoriasis, rash or better, we want you to try a full size bottle of D.D.D. Prescription.

Again and again we have seen seen how a few drops of this simple wash, applied to the skin, takes away the itch instantly. And the cures all seem to be permanent.

D.D.D. Prescription made by the D.D.D. Laboratories of Toronto is composed of thymol, glycerine, oil of wintergreen and other healing, soothing, cooling ingredients. And if you are just crazy with itch, you will feel soothed and cooled the itch absolutely washed away the moment you apply this D.D.D.

We have made fast friends of more than one family by recommending this remedy to a skin sufferer here and there and we want you to try it now.
