BUSINESS.

FIRE INSURANCE.—The Premiums received by the Liverpool and London and Globe Company in the year 1863, amounted to \$2,900,000, and exceeded by not less than \$1,000,000, those of any other Fire Office in England.

LIFE INSURANCE.—The enormous resources of the Liverpool and London and Globe Company present an amount of security to Insurers such as few, if any, offices can give. The very large funds actually invested, and the unlimited responsibility of the numerous and wealthy Proprietary are not surpassed. The various scales of Premiums will be found not more than commensurate to the advantages afforded; and the Bonuses being guaranteed when the policy is issued, and not being contingent on the profits made, entail not the remotest liability of partnership. A contract of Life Insurance should not be a speculation. Its fulfilment should not depend on problematical success. A leading object aimed at in the practice of insurance is to render that certain which otherwise would be doubtful only; and that Company would seem to fulfil most entirely this purpose of its existence, which places all the inducements it holds out to the world, on the clear basis of distinct guarantee. This certainly is the characteristic of the Liverpool and London and Globe Company. The premiums on Life Insurance received in 1863 were \$1,050,000.
