## MANUAL OF PHYSIOLOGY,

FOR THE  
Use of Students.

BY  
J. FULTON, M.D., M.R.C.S., Eng.; L.R.C.P., London;  
Professor of Physiology and Sanitary Science, Trinity  
College Medical School, Toronto.

THIS is an octavo volume of 340 pages, and contains an epitome of all the subjects in this branch, usually taught in medical schools.

It has been in use for the past five years in the Canadian Medical Schools and in some of the Medical Schools in the United States, and has been found to fulfil all the requirements of the medical student, in his preparation for the professional examination before both College and Board, and is eagerly sought after by those who know its value as a text book on the subject upon which it treats.
