BULLETIN FUND.

There are now heavier claims upon this fund than at any previous time since we commenced its publication. The edition has, during the past year, been increased from time to time, until at present we issue double the number started with, and not a copy is wasted. Will our friends bear these facts in mind.

ENCOURAGEMENTS.

We have been encouraged during the past week with evidences of success attending the faithful work of our Boarding House Committee. Young men have been led to the rooms and have expressed their gratitude for interest taken in them and for the privileges so liberally afforded by the Association. We trust that these visitors may be led to Christ. We know they will meet in our rooms many warm-hearted Christian young men who will rejoice at an opportunity to point out the way of salvation.

OUR RAILWAY WORK.

This department is growing in interest and importance. The many new roads, and the amalgamation of older ones, is concentrating at Toronto an immense number of men, many being young men. Parkdale, and the west end of the city bids fair to be the great centre from which this army is to be reached, and accordingly the Railway Committee, with the full approval of the Board, is now engaged in seeking a suitable building, to be used for reading rooms, gospel meetings, and all legitimate work on behalf of the men.
