

We may therefore rejoice with them at the prospect of their having a vessel under their own control.

The plan proposed is to issue 120,000 shares value ten cents each, and each scholar, taking a share, will receive a beautiful certificate having a picture of the ship, "The Morning Star," engraved upon it. The stock has to be all taken up and paid for by the 1st December next, as the ship must be paid for and sent on her way by that time.

We wish our Brethren in the States all success in this project

SABBATH SCHOOL EXERCISES.

The awakened sinner, who has come to Jesus, is, by the Divine Spirit, not only rendered humble and contrite on account of sin, there is also added the experience of a spiritual renovation of character, especially in the inner man. Hence the grace of meekness comes into immediate operation. Meekness is that regulation of the spirit and temper which enables its subject to control self and exercise forbearance amidst trial and injury. Man esteems many qualities in preference to meekness; even the children of God are apt to think more highly of zeal or some other of the features of the Christian, but the Heavenly Parent very highly prizes this beautiful grace. That it may happily be realized in opposition to natural tendency is evidenced in the case of Moses, "the meekest of men," who appears in the first instance to have been of a hasty and an irritable temperament.
