

## S.O. 43

elections scheduled for 1983 will come too late. That the Government of Canada should reconsider its position on El Salvador.

**Madam Speaker:** Is there unanimous consent for this motion?

**Some hon. Members:** Agreed.

**Some hon. Members:** No.

**Madam Speaker:** Having regard to the preamble to that motion, I am sure the House would want me to wish a happy birthday to the hon. member for Winnipeg North Centre (Mr. Knowles).

## CALL FOR INQUIRY RESPECTING SERVICEMEN EXPOSED TO AGENT ORANGE—MOTION UNDER S.O. 43

**Mr. Dan McKenzie (Winnipeg-Assiniboine):** Madam Speaker, I rise under the provisions of Standing Order 43. Yesterday the United States Senate voted 98 to zero in favour of federally financed medical treatment of Vietnam war veterans who were exposed to the defoliant Agent Orange. Last January 27 the Minister of National Defence (Mr. Lamontagne) evaded questions regarding the damaging effects of Agent Orange on servicemen stationed at Gagetown base in New Brunswick by implying that, since U.S. experience had not yet been settled, there was no reason why the Canadian problem should be remedied. In light of the recent progress made in the United States I move, seconded by the hon. member for Fundy-Royal (Mr. Corbett):

That the Minister of National Defence immediately set up a strictly federally-sponsored inquiry to determine whether servicemen employed at Gagetown during this testing have in any way been affected by Agent Orange and, if they have, that the minister introduce legislation that would provide medical treatment financing for these people.

**Madam Speaker:** Is there unanimous consent for this motion?

**Some hon. Members:** Agreed.

**Some hon. Members:** No.

## REQUIREMENT FOR ADDITIONAL HOPPER CARS—MOTION UNDER S.O. 43

**Mr. Stan Schellenberger (Wetaskiwin):** Madam Speaker, since the director of grain transportation at Transport Canada has said recently that the federal government will not decide whether to buy new hopper cars until early next year, but the director of the Grain Transport Authority has called on the government to order 1,300 new cars by the end of this summer if there is to be sufficient rolling stock by next year, I move therefore, under Standing Order 43, seconded by the hon. member for Kindersley-Lloydminster (Mr. McKnight):

That the Minister of Transport immediately place an order for sufficient hopper cars to meet the pressing grain transportation requirements for next year.

**Madam Speaker:** Is there unanimous consent for this motion?

**Some hon. Members:** Agreed.

**Some hon. Members:** No.

## FUNDING FOR OUTREACH PROGRAMS—MOTION UNDER S.O. 43

**Mr. Walter McLean (Waterloo):** Madam Speaker, evaluations of Outreach programs show impressive records of innovative and flexible approaches in providing community-based employment related services. Outreach is also a notably cost-effective program. Therefore I move, seconded by the hon. member for York-Peel (Mr. Stevens):

That this House instruct the Minister of Employment and Immigration to spend at least as much to fund Outreach programs this year as he spent last year.

**Madam Speaker:** Is there unanimous consent for this motion?

**Some hon. Members:** Agreed.

## PARTICIPATION OF PROGRESSIVE CONSERVATIVE MEMBERS IN PARLIAMENTARY VISIT TO CUBA—MOTION UNDER S.O. 43

**Mr. Terry Sargeant (Selkirk-Interlake):** Madam Speaker, I rise under the provisions of Standing Order 43. Whereas 13 members of the Progressive Conservative party, including such well-known red baiters as the hon. member for Winnipeg-Assiniboine (Mr. McKenzie), applied to be part of the IPU delegation to the sunny climes of revolutionary Cuba this September, and whereas those selected include the hon. com-
