

January 17th, 1927.

A. D. MacTier, Esq.,
Vice-President, Canadian Pacific Railway,
Montreal, Que.

Dear Mr. MacTier:-

With reference to Hamilton, I think I should forward to you a letter of which I am in receipt today. The writer is Dean Barton, Dean of the Faculty of Agriculture at Macdonald College, and is our Professor of Animal Husbandry.

You will note that he regards Mr. Hamilton as qualified to give an opinion, but states that his experience with large farm enterprises is limited. Personally I only know Mr. Hamilton as a satisfactory junior member of the Staff.

With all good wishes, I am,

Yours faithfully,

Principal.
