SONS OF SCOTLAND HELD TWENTIETH ANNUAL CONCERT. Jean Anderson Thirde Was Favorite Of The Evening.

Massey Hall was filled to overflowing last night when the Sons of Scotland held their 20th annual patriotic concert. The concert supplied without the slightest doubt the best ever arranged for by this society.

All the artists gave splendid accounts of themselves, and encores were common. Miss Jean Anderson Thirde was doubtless the favorite of the evening.

She sang her songs, which included, "Can Ye By Athol" and "Lochnagar" in magnificent voice, and was rewarded by a lovely bouquet. Miss Mary Bruce Brown rendered "Sound the Pibroch" and "Callin' O' the Highlanders" in a way that drew the applause and richly deserved the applause she received.

Harold Jarvis' fine tenor voice was heard to full advantage in "Death of Sir John" and Duncan Cowan was well received, as also was Vina Donlan in her Scotch dance.

The 48th Highlanders' Band rendered some patriotic music.

A Physician's Advice. Most thin people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and keep gaining all the time. It's all a matter of what is the nature of the individual. It isn't Nature's way at all.

This folks stay thin because their powers of assimilation are defective. They just absorb enough of the food they eat to maintain life and a semblance of health and strength. Stuffing won't help them. A dozen meals a day won't make them gain a single 'stuffy' pound.

All the fat-producing elements of their food just stay in the intestines until they pass from the body as waste. What such people need is something that will take these fatty food elements so that they can be absorbed and deposited in all about the body—something, too, that will multiply their red blood corpuscles and increase their blood's carrying power.

Failure of Coker Trial Led
Crown to Abandon Conspiracy Charges.

TWO MEN GO TO PRISON

Lee and McCarl Sentenced—
Fines for Other C.P.R. Men.

Reporters.

Following the inability of the session jury to arrive at a unanimous verdict in the case of Henry Coker the C.P.R. conductor who was charged with having charged short fares and not handing the money to the company, the crown abandoned the charge of conspiracy against the railway officials yesterday and eight of them pleaded guilty to breaches of the Secret Commissions Act, and fines ranging from \$50 to \$200 were imposed by his honor Judge Macdonald.

Richard Reid was allowed to go on suspended sentence; Fred Lee was sentenced to two months in jail; Albert Cheeseman and Harry Tate were fined \$50 or an alternative of one month in jail. When passing sentence of one month upon Percy McCarl, the judge declared that this case was the worst and he could not allow him to go by paying a fine. He imposed the minimum sentence, however.

Conductors who pleaded guilty were Joseph Walker, two charges, fined \$100 or three months; and H. H. Wilson \$200 or three months.

Louis Greenberg, the Montreal cigar manufacturer, was fined \$200 or three months along with the conductors. Fred Hartley, conductor, \$200 fine or three months; Alexander McNeil \$200 or three months; Henry Coker \$200 or three months; Wm. Mitchell \$200 or three months; K. Goggin \$200 or three months; were the men disposed of yesterday.

For such a condition I always recommend eating a Sargol tablet with every meal. Sargol is not as some believe, a patented drug, but is a scientific combination of six of the most effective and powerful flesh-building elements known in chemistry. It is absolutely harmless, yet wonderfully effective, and a single tablet eaten with each meal often has the effect of increasing the weight of a thin man or woman from three to five pounds a week. Sargol is sold by good druggists everywhere on a positive guarantee of every increase in money back.

MUST BACK GOVERNMENT AGAINST GERMAN MENACE.

Patriotic Speeches at Master Painters' Association.

Trade conditions are improving, and we in Canada must do our utmost to assist the government in the titanic task of fighting against the military autocracy that now threatens our empire. This was the tenor of the speeches and songs that enlivened the proceedings when the Toronto Master Painters' Association tendered a banquet to representatives of the supply houses. Speeches on behalf of the painters were delivered by Messrs. J. Faircloth, W. J. Bolus, J. M. Hughes, Jas. Finnemore and James O'Hearne. The respondents for the supply houses were Messrs. J. McAlister, M. Sinclair, M. H. Moore and J. O'Leary. More than 60 people were present and Mr. W. Weeks presided.

A special luncheon will be given by the Canadian Club at Dunning's Restaurant on Tuesday next to give the members an opportunity of meeting Sir Harry Hamilton Johnston, G.C., M.C. of London, Eng. He will deliver an address on "The German Colonies in South Africa." The distinguished administrator, who will deliver a series of lectures at the university, ranks as one of the greatest prodigies of the British Empire, and has won distinction in various African dependencies, especially in Uganda, where he was special commissioner and commander-in-chief during the South African war.

He enjoys first-hand knowledge of the spheres of influence of the German Empire in Africa and of the conditions under which the Germans obtained a foothold on that continent.

BOARD CONFERRED WITH LOCAL M.P.'S

Question of Military Grants
Referred to Militia Department.

BLOOR ST. CIVIC LINE

New Scheme Suggested in
Event of City Losing Appeal.

The board of control, at a private meeting yesterday afternoon, discussed with representatives of the Dominion Government the question whether in making numerous military grants to local regiments the city is not doing work which the government ought to look after, and in doing which the city is exceeding its authority.

Besides the controllers and the mayor there were present Claude Macdonnell, M.P., W. F. Maclean, M.P., and Hon. A. E. Kemp.

The Dominion representatives suggested that the city draw up a list of grants already made and submit same to the acting minister of militia at Ottawa, when the question would be further gone into.

Bloor Civic Line. The board decided to ask City Solicitor Johnston to meet the railway board today and ask permission for the city to construct the Bloor street car line and serve residents of West Toronto who are clamoring for a better car service. In the event of the city's appeal on this case falling thru, the city could then build the line and either operate it or make arrangements for the street railway company to operate. If the company refuse, it is suggested the city may get an order compelling them to run their cars over the line on terms to be decided by the railway board.

Protect Blind Men. Controller Simpson brought up the question of the necessity of protecting blind men, who are being molested of their business by newsboys. Inspector Crowe, who represented the police, promised that officers would try to keep boys from the immediate neighborhood of the stands.

Doors Will Be Closed. In future all the front doors of the city hall will be closed Saturday afternoons instead of being open to visitors as has formerly been the case. Guards will question any suspicious characters who attempt to enter. This action was decided on by the board of control yesterday, when they heard that an Austrian had acted suspiciously in the court yard Wednesday afternoon.

To discuss a question of raising a municipal loan for the use of the Toronto branch of the Ontario Industrial Association in relief work, Mayor Hocken has called a special consultation of members of council in the city hall on Friday afternoon next.

The property commissioner will see if St. Andrew's Hall can be used by some of the unemployed for making toys for the Christmas season in view of the fact that no German toys will be on hand to supply the trade this year.

THREATENS TAMMANY.

Louis Gurofsky, appealing for 30,000 Jews in Toronto, issued mild threats of the formation of a Tammany Hall in Toronto if certain discriminations against foreign labor were not stopped at once.

Mr. Gurofsky said hundreds of Jews were out of work, and if they wished to organize could form a voting unit which would make things unpleasant here.

NO FRICTION WITH U.S. OVER SEIZURE OF SHIPS

Explanation Regarding Oil Tanker Seems to Have Cleared Air.

Canadian Press Despatch. WASHINGTON, Oct. 22.—Issues arising from the seizure by British cruisers of three American oil ships soon will be satisfactorily adjusted, in the opinion of the state department officials. The release after a short detention of the tanker John D. Rockefeller, with the accompanying explanation by the British ambassador, Sir Cecil Spring-Rice, that the vessel was detained only because of doubt as to the destination of her cargo, was construed as an admission by the British Government of the right of vessels properly under American registry, to carry oil without molestation between neutral ports.

BRITISH ARMY BUYER CANADIAN MERCHANT

Fred Stobart in Dry Goods Business at Winnipeg for Thirty Years.

By a Staff Reporter. OTTAWA, Oct. 22.—A good deal of amusement has been caused here at the expense of some of the army of contractors who have been here in the last few days for the purpose of securing orders for British army supplies from Fred Stobart, the British commissioner. Some of these contractors had the idea that Mr. Stobart could be imposed upon thru his lack of acquaintance with Canadian conditions. They found that Mr. Stobart is a Canadian who has been in the drygoods business in Winnipeg for 30 years. He has also large business interests in Great Britain, where he now resides. But comes to Canada periodically to look after his Winnipeg concerns. He is a business man of exceptional ability.

TRAFALGAR DAY CROWD BIGGEST ON RECORD

People Packed Great Square Until It Was Impossible to Move, Singing Patriotic Songs.

Special Direct Copyrighted Cable to The Toronto World. LONDON, Oct. 22.—Trafalgar Square today overflowed with what is believed to be the largest crowd that ever attended the commemoration of the Battle of Trafalgar Bay. Crowds arrived early and packed the great square until it was impossible to move. "It's a Long, Long Way to Tipperary" was sung with a martial fervor tinged by the pathos of women's voices which halted too often as the trailing melody swept along. Other patriotic airs were much in evidence.

BERLIN BLAMES "YELLOW" PRESS

Anti-German Demonstrations in London Carefully Planned, is Allegation.

Canadian Press Despatch. LONDON, Oct. 22, 10.55 p.m.—A despatch received here tonight from Berlin by the Marconi Wireless Telegraph Company says:

"Reports from the industrial districts show that the German mining industry again is in full swing and that often it is necessary for the men to work overtime.

"Excesses against harmless and inoffensive Germans in London may be compared to Russian pogroms against the Jews. The yellow press appears to be responsible for these excesses, which seem to be carefully planned.

"The military expert of The Kreuzzeitung estimates that the French, English, Russians and Belgians have lost at least three-quarters of a million men.

"The commander of the seventh German army corps has declared that a general calling out of the Landsturm is unnecessary, as enormous numbers of the Landwehr are still available. He adds that it is also unnecessary to call on volunteers."

SEEKS \$5000 DAMAGES.

Before a jury at the assizes, Kate Lynch is seeking \$5000 damages from F. C. Borch for alleged assault. The case was commenced last night and will be continued this morning.

New Customs House and Docks Being Erected at Port Arthur.

By a Staff Reporter. OTTAWA, Oct. 22.—J. J. Carrick, M.P. for Port Arthur, states that the government is doing everything possible in connection with the erection of the new custom house, construction of docks, and dredging work at Port Arthur and Port William, to reduce unemployment to the minimum. The stone required for government contracts is brought there and cut where the work is needed. The Ontario Government had also been induced, he said, to throw open some timber limits and more men will be put to work in lumber camps.

SIR ROBERT BORDEN TO TAKE VACATION

To Leave Ottawa for South
Today, Accompanied by
Lady Borden.

By a Staff Reporter.

OTTAWA, Oct. 22.—Sir Robert Borden leaves Ottawa tomorrow for the south on a three weeks' vacation. The premier feels much in need of a rest. He has been working hard for a long time, and since the outbreak of the war he has been especially busy. He will probably spend a portion of his holiday at Virginia Hot Springs. Lady Borden will accompany him.

It is improbable that the six vacancies in the senate will be filled until his return. During Sir Robert's absence Sir George Foster will be acting premier.
