

ONTARIO LIBERAL CLUB FEDERATION

Annual Meeting Held Yesterday When Hundred Representative Members Met.

WOULD BE SACRILEGE

Politics Should Not Be Bought of During War, Said G. D. Connell.

The Ontario Liberal Club Federation, representative of the Young Liberal movement in various parts of the province, convened for its annual meeting at the Ontario Club yesterday, with about a hundred members in attendance. Dr. Howard Spohn, mayor of Penetang, presided, and in his opening address referred to the decision of the federation on the outbreak of the war to eliminate active political work and concentrate their energies by organizing new clubs and seeking to stimulate patriotic feeling. They had come thru with flying colors in a troublesome year.

In presenting his report, Hugh J. McLaughlin, Toronto, secretary, outlined what had been accomplished in the encouragement of patriotic meetings under the auspices of Liberal clubs, and he advised that it be carried on aggressively. It behooved those Liberals who could not go to the front to do what they could for the cause in this way.

Quite a worthy showing in figures of members serving at the front was brought to the notice of the delegates. London had 30, Belleville 30, Brantford 18, while Midland, Barrie, Woodstock, the Canada Forward Club (Toronto), the Rowell Liberal Club and the University Liberal Club had all contributed their quota.

Would Be Sacrilege

G. D. Connell of Oshawa led a discussion on "The Federation in Relation to the War." He said that it would be a sacrilege to think of politics at a time when the empire was engaged in a life and death struggle, but he predicted that Ontario would be more Liberal than Conservative as a result of the war. He moved a resolution that Liberal clubs should become active patriotically and organize with that end in view.

Mrs. Grant Necham and Mrs. J. H. McFadden of the Women's Liberal Club spoke, conveying a message of co-operation from their members.

Among those who took part in the various discussions were: Gordon Connell, Oshawa; Main Johnson, Toronto; R. J. Harty, Barrie; A. W. Roebuck, Toronto; W. B. Frost, Brantford; J. M. Langstaff and B. H. McCreath, Toronto; J. M. Wylie, Cardington.

A POSITIVE CURE FOR RHEUMATISM

Hundreds of People Have Found "Fruit-a-tives" Their Only Help

READ THIS LETTER

Superintendent of Sunday School in Toronto Tells How He Cured Himself of Chronic Rheumatism After Suffering For Years.

55 Dovercourt Road, Oct. 1, 1913. "For a long time I have thought of writing you regarding what I term a most remarkable cure effected by your remedy 'Fruit-a-tives.' I suffered from rheumatism, especially in my hands. I have spent a lot of money without any good results. I have taken 'Fruit-a-tives' for 18 months now, and am pleased to tell you that I am cured. All the enlargement has not left my hands and perhaps never will, but the soreness is all gone and I can do any kind of work. I have gained 35 pounds in 18 months."

R. A. WAUGH.

Rheumatism is no longer the dreaded disease it once was. Rheumatism is no longer one of the "incurable diseases." "Fruit-a-tives" has proved its marvelous powers over Rheumatism, Sciatica, Lumbago—in fact over all such diseases which arise from some derangement of stomach, bowels, kidneys or skin.

"Fruit-a-tives" is sold by all dealers at 60c a box, 6 for \$2.50, trial size, 25c, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

nal: E. M. Legge, King City, and Arthur Hawkes, Toronto.

Many of the men who had enlisted for active service were present to receive their degrees, and they were invariably greeted with applause as they knelt before the chancellor, Sir William Meredith. Men of each course were included in the list of those who received their degree thru being on active service. Two of the graduating class were among the list of the fallen. Students who had been training with the artillery at Kingston and Ottawa were present to receive their degrees.

Will Honor Their Memory. President Falconer in a brief address in which he touched on the fact that over nine hundred university men had gone to the front, more than half of whom were under-graduates, said that after the war is over there will be a memorial erected in the university to the memory of those who have gone forth from their alma mater to serve humanity.

In giving the degrees in absentia, Principal Hutton said that most of those who were absent were on active service. Principal Falconer asserted that there had been a steady stream of men going from the university to don the King's uniform, and that this stream would continue in proportion as the crisis became greater. Two who had already been killed in action or had died from wounds or sickness, while 23 others had been wounded.

HENDERSON DEFINITELY CHOSEN FOR CABINET

He Succeeds Samuel as President of Local Government Board.

LONDON, May 21.—The first authoritative announcement as to an appointment in the British National Cabinet, outside of Premier Asquith and Sir Edward Grey, the foreign secretary, is that of Arthur Henderson, a labor leader, who succeeds Mr. Herbert Louis Samuel as president of the Local Government Board. The trade unionists are highly pleased at the appointment.

That Mr. Henderson is a born leader of men is evident from the fact that before he had reached his twenties his gifts as a speaker and organizer so impressed his fellow-workers that they always chose him to head their deputations.

What an Abundant Nerve Force Means to You

Do you know, my friend, that the one who lacks an abundant share of that marvelous force is being cheated out of his just rights? Furthermore, do you know that there are now certain natural methods which he can employ in making a fairly healthy and VITAL ENERGY? My free book gives full information. There is no doubt about it, every great human achievement has behind it this power, this nerve energy which gives men the courage to undertake and the power to complete the vast enterprises of our day. Do you suppose that the men at the head of the Great Armies of Europe, now engaged in a death struggle, are weaklings? Did you know a man lacking in nerve force or while, to be a real success either worth or in business? And yet, reader, I say to you in all seriousness that, according to my best belief, the one who lacks this force can, nevertheless, hope to regain it; to become a power in the community once more, if he but makes the effort. As a matter of fact, many of the ill we complain of are not real diseases, but a lowering of the whole organism; the nerves and the mental powers have been revitalized, and the various symptoms disappear, while full health, with a bright view of life, may then be expected to take the place of gloom and despondency.

How the Free Book Helps You

My free illustrated book (please use coupon below) shows you a step to anyone, no matter what his station in life, whether he works on the farm, in the shop, or in the counting-house.
