## **NEW GOLD FIELD BROADENING OUT**

Finds Reported Twenty-Five Miles Apart in Kowkash Keewatin Belt.

**BIG GANGS WORKING** 

Veins That Assay Well Uncovered on Claims Near Howard's Falls.

COCRHANE. Sept. 29.—From finds made in the last few days it would appear that the Kowkash gold belt is at least 25 miles long.

News has just sifted in here from the district that gold has been found near Redmond Station, twelve miles west of Kowkash station, on the T.C.R., that some splendid free gold has been located at a point between seven and nine miles straight northhas been located at a point between seven and nine miles straight northesst from the original discovery at Howard's Falls, and that the yellow stuff has also been found in some large quartz floats close to the shores of O'Sullivan's Lake, a further five miles northeast. The first Kowkash finds are midway between O'Sullivan's Lake and Redmond Station, and all these places in Keewatin belt that was recommended by the government geoglist as decidedly worthy of prospecting. Besides these discoveries free gold was reported found two weeks ago on some claims along Gold Creek, on the same hig belt and six miles on the same big belt and six miles southwest of the first Kowkash dis-

News of the broadening out of the News of the broadening out of the field was whispered about in Cochrane two weeks ago. Today more definite information was brought thru, and men are quietly slipping out of town to verify the reports. There seems to be every disposition to keep the exact locations quiet until the new discoverers are made sure of their position.

O'Sullivan's Lake is two days' pad-O'Sullivan's Lake is two days' pad-dle from Kowkash station the route being north down the Kowkash River to Abasagami Lake, then east again down the river. Altogether it is forty-

pectors' supplies, something quite new for the town merchants, who hitherto had stocked up solely with goods for clay belt farmers. A month ago one couldn't even buy a goldpan here.

down the river. Altogether it is fortyfive miles, with six very short portages, an easy two-day journey. The
men who found the quartz and gold
floats with the gold went in looking
for silver and found the formation
the same as at Howard's Falls. They
have not found the veins yet, at least
so far as is known here, but as the
floats are said to be rough with little
signs of having traveled, the gold
veins should be close by.

Hundreds of Men at Work.

The free gold found somewhere between seven and nine miles east of
King Dodds' big find is reported to be
on claims held by Reid, Lewis and McElligot.

Altho only a month old the district
around the first Kowkash find is being rapidly opened up. Dozens of
splendid looking quartz veins besides
innumerable stringers have been uncovered on the claims around King
toodeds' three, and on his group the
buying syndicate have shown up promising veins. On the Pullis claims close
by, a long vein, 30 inches wide, of blue
quartz, heavily mineralized, has been
original find, across the river, a
thirty foot dike of quartz and schist
has been found. It assays high. One
of the finders of it is Eidelwis, working for M. J. O'Brien of Renfrew and
Cobalt.

A prospector on his way back from Altho only a month old the district

on claims held by Reid, Lewis and McElligot.

Over a hundred prospectors are ranging the bush in the Kowkash district, another hundred men are at work developing the claims around Howard's Falls, while some scores of men are now out getting supplies and equipment to go back to do assessment work. The stores here in Coch
Cobalt.

A prospector on his way back from Port Arthur, where he went to record his locations, says that applications for Kowkash claims still go on. He was there Monday and on that day 27 claims were filed. He points out the fact that prospectors would not be going to the heavy expense of filing to the heavy expense of filing the locations are now out getting supplies and equipment to go back to do assessment work. The stores here in Coch-

rane are doing a fine business in pros- | claims almost a month after the first excitement if they were not the district had great merit.

HAILEYBURY HEARS NEWS.

Special to The Toronto World.
HAILEYBURY, Sept. 29.—The Kowaround the first Kowkash find is being rapidly opened up. Dozens of splendid looking quartz veins besides innumerable stringers have been uncovered on the claims around King Dodds' three, and on his group the buying syndicate have shown up promising veins. On the Pullis claims close by, a long vein, 30 inches wide, of blue two finds are on the same belt of Keewatin, according to the government geological maps and reports, and are over twenty miles apart. Altho holders of claims in there required no cheering up the latest news has certainly added to the general confidence. The reports strengthen the belief that the district around the first big discovery has gold, and in big quantities.

## **BUDGET ATTACKED** BY FREE TRADERS

Imposition of Import Duties Leads to Exciting Debate

CONCESSION GAINED

in Commons.

A. Bonar Law Says Tariff Reformers Are Not Responsible.

LONDON, Sept. 29.—After a discussion in the house of commons today on the import duties levied by the new budget, during which the free traders charged the Liberal members of the government with going back on the principles of their party and with having been influenced by the tariff reformers in the cabinet, Andrew Bonar Law, secretary for the colonies, said that he and his Unionist colleagues had not known the intentions of the chancellor of the exchequer until Mr. McKenna informed the cabinet of the details of his budget, and that the taxes imposed in abnormal times would not have any effect on the tariff controversy when the war ended.

Josiah Wedgwood, Liberal and Sin gle Taxer, protested against the duty on motor cars. He declared that nothing so helped to economize labor as the importation of motor cars from America.

Chancellor McKenna replied that the
