

Hockey New Teams For Beaches

TWO NEW ONES JOIN ST. PATRICK'S SQUAD

Jack Dore and Grierson Out—Dents and Kitchener on Saturday.

St. Patrick's, senior O.H.A. squad, had a good workout last night. Jack Dore, the former Samra player, made his appearance with the Irish. Bube Dye was back on the job and worked with some pretty combination play with Myron Clarke was in the net and Breen again showed a sterling performance on the defence. Grierson, a forward from Perth, was a newcomer.

Maitland trotted out a swarm of players for their workout at the arena last evening. Some likely-looking boys were in the crowd, but the squad will take a lot of weeding out before anything can be found out about the material.

Five candidates are in the field for the executive offices of the Ontario Hockey Association. Four are to be elected. The club delegates should see that Percy Pearce, of Kitchener, is not overlooked. Percy has been interested in hockey in Kitchener for many years, and has always been counted on by the club in some official capacity. His interest is not alone in the game, and he is a keen student of the game, and is well known in Toronto and western Ontario, and is likely to get good support in these quarters. Of the quiet easy-going type, Mr. Pearce takes a great interest in the juniors and is always willing to assist the young fellows, or any movement that will help the juniors.

There are a lot of real wise hockey fans around the city who can figure where the champion Kitchener senior team is in for a trouncing when they face the Dents tomorrow night in the arena. The Dents are the first team to have won the S.P.A. Cup series, Kitchener are the champions of the province, and will put on the ice the same team, with one exception, as they will have the measure of all and outwit which took the measure of all and sundry in the amateur ranks last spring. Kitchener will have all of the first last year's team, except Solomon, who is laid up with a broken ankle. His place on the team is taken by the Dents' Trishinski moved up to the forward line and Merrick taking his place on the defence. The Kitchener crew looks just as good as it ever did.

Dents have a reconstructed team to start out against the champions, but on every hand it is agreed that this year's team is better than the one which went into the finals last season. Stewart is back in goal, and is the same old marvel, while in Roy, Smith and Brown have a trio of defence players that have a barrel of speed to uncover. On the forward line, the first trio sent out tomorrow night will undoubtedly be Hudson in centre, with McCaffery and Smylie on the wings. Hudson was the best thing in the junior O.H.A. last season, and he is going stronger this year than ever he did last season. Smylie was a horse for work last season, but this season there seems to be no such thing as "tire" in his vocabulary. He never stops. McCaffery is a pretty smooth player of hockey machinery right now. To back these three up Coach Carroll has Hennie, Stewart and Olsen, and they have all been going along nicely. Dents should have speed and condition on Kitchener, and in addition to the world's largest outdoor league. The annual meeting will be held on Tuesday night in the Riverside Club, Queen street and Bolton avenue. All clubs must have their fees paid by the time the meeting gets underway.

Elect Dick Butler To O. H. A. Executive

The Lindsay Hockey Club are putting up a campaign for the election of Mr. Richard Butler, of that town, for the executive of the Ontario Hockey Association. They point out that Mr. Butler's long connection with hockey in Lindsay, and in the province, his ever-ready interest in connection with all things pertaining to clean amateur sport executive. They feel, also, that Lindsay is entitled to recognition, never having been represented on the executive board since the early days of Judge Barron and the late John Ross Robertson.

Montreal, Dec. 5.—Frankie Fleming, Canadian featherweight champion, signalled his return to the ring after an absence of nearly two years, by a decisive victory over Joe Burns, another local featherweight, last night. KING SPORT COMING BACK INTO SWING

Amateurs Need Room, and Right Method Will Be Taken.

King Sport is going to reign supreme again, now that the great world's conflict has been brought to an end. Of this there is no doubt, for every sport enthusiast and every athlete of minor or major calibre is voicing this prophecy. But Toronto, as the rightful leader of every line of athletic endeavor in Canada, must continue to maintain her position, and the Queen City will do so. Before the war, amateur baseball, lacrosse, hockey and other sports had developed to such an extent that the playing areas of Toronto's parks were crowded with players. The demand for more playing areas was so great that the city council had to take a real interest in some sport for the first time in their lives. The demand on those areas is going to be increased almost double. Organizations must enlarge themselves on solid grounds to cope with the influx of athletic material and to give them their desires. There is only one way that it can be done: Every athlete, every official and every one interested in any kind of sport must help.

Last evening a number of very prominent sporting leaders in this city, recognizing the crying need of the moment, got together and decided to start a movement whereby amateur sports in Toronto would be begun in the right way in the coming season, and new playing areas secured for their accommodation. With this end in view they intend holding a great mass meeting in a week or so, to which many prominent speakers will be invited, so that the ideas they have in mind may be put before the public. They hope to be able to secure a strong deputational force to approach the city council to see that next year's appropriations include more public parks, and especially playing areas, and that the city should at all, you should attend this meeting, and place of which will be announced in a day or so.

REMARKABLY SUCCESSFUL RACING SEASON JUST CLOSED IN KENTUCKY

Cincinnati, Dec. 4.—The Kentucky racing season of 1918, which came to an end with the closing of the Latonia meeting last week, will go down in history as one of the most remarkable in the annals of the Kentucky turf. In spite of extraordinary handicaps with which the sport was called upon to contend during the fall period, the season as a whole may properly be characterized as immensely successful.

The spring meetings at all four Kentucky tracks were marked by record-breaking patronage, brilliant racing and a degree of public enthusiasm over the sport was unprecedented, and which was the more remarkable because of wartime conditions. The fall meetings, while beset with complications growing out of the influenza outbreak and other difficulties, nevertheless furnished further proof of the unbounded popularity of the sport.

One of the most notable features of the season just ended was the raising of \$200,000 by the racing and breeding interests of the State of Kentucky in Red Cross purposes. This huge fund was completed on the closing day of the racing season. In the case of the race tracks at Lexington, Louisville and Latonia, the total amount raised was \$100,000, \$100,000 and \$100,000 respectively.

The owners of horses that raced in Kentucky during the season contributed 10 per cent of their stake and purse money, which yielded \$75,000 as their assessment of 10 per cent of the total stakes and purses of the season. The balance of \$125,000 was contributed by the race tracks, and the jockeys and trainers. All of the funds raised were turned over to the Kentucky State Race Commission for presentation to the Red Cross representatives.

SPEAKER NOT ANXIOUS TO MANAGE INDIANS

Boston, Mass., Dec. 5.—Tris Speaker, the Cleveland American League outfielder, told friends today that he had heard nothing regarding the report from New York that he would be offered the post of manager of the club and that he did not want the job.

"I have all the trouble I care for," he said, "in covering centre field and in trying to bat in the 300 division. I look forward with anticipation to the baseball season, I would not care to manage the Cleveland Club."

Speaker, who has been the active list of the naval aviation school at the Massachusetts Institute of Technology, will continue to wear the uniform for some time. He plans to leave for his home in Texas next week, accompanied by his wife and children. He will return to the American League Club, they will hunt until the spring training season starts.

WILL NOT CHANGE THE PLAYER LIMIT

Chicago, Dec. 5.—The questions to be settled at the annual meeting of the American League include the length of the schedule, the date for opening the season and the number of players which each club will be allowed to carry. President Johnson said he believed that the American League would make no change in the player limit, or the length of the schedule, which would probably call for 154 games.
