

WANTED BARRISTER

Good opening in Toronto establishment for young barrister desirous of taking up mercantile work. Nearly \$300,000 due by about 7000 customers. Bulk of work would be attending delinquent accounts. Knowledge of laws of various provinces as they affect recovery of debts is essential. An opportunity for ability and industry. Initial salary at rate \$1000. Send full information. Box 13, World.

York County and Suburbs

JUNCTION CURBS MAY HAVE TO BE RELAID

Vigorous Protests Over Character
of Work—Mimico Lunatic Re-
appears—Items.

TORONTO, JUNCTION, Sept. 11.—Tenders for the printing of the voters' lists have been awarded to The Leader and Recorder. The price is \$124 per page.

The levels for the new sidewalk on May-street, south of Annette-street, were taken this afternoon. Street Foreman Moon states that the work will commence as soon as possible.

The present condition of Dundas-street, even in dry weather, is deplorable, but yesterday's rain has converted the street into a veritable sea of mud, nearly all the way from the city boundary to Keele-street. Should the weather man predict much rainy weather this fall, it has been suggested that a municipal ferry be started to pilot the people up and down the street.

Meanwhile, the work on Dundas-street is progressing. Part of it is already done, but even this is causing trouble. The ground under the street curb which has been laid along Dundas-street, near the Peacock Hotel, has been loosened by excavations made by the gas and waterworks men with the result that the curbing has settled down and cracked and got completely out of shape. Street Foreman Moon states that the ground curbing will have to be taken up and relaid.

Some of the storekeepers along Dundas-street are complaining about the bedraggled appearance of the street. The Chinese laundry at 90 West Dundas-street, owned by Lee Kam Len, they state that most of the near stores are bright and up-to-date looking, and this laundry should be in keeping with the general air of prosperity evinced all around it.

From all appearances the Junction will be provided this winter with an amusement ground second to none in the city. Ex-Mayor Jesse Smith and

his brother Joseph are grading the ravine at the foot of Thomas-street, in the rear of the high school, and converting it into an amusement park. There will be a skating, curling and hockey rinks for winter sports, and tennis courts and bowling alleys for the summer. As the ravine is considerably lower than the surrounding land, an inclined railway is contemplated for the convenience of the park patrons.

James Bagnall of Mimico, the lunatic who escaped from Mimico Asylum last month, returned yesterday to his home in Mimico, took some cattle that he owned to the Toronto market and sold them. His wife was in Hamilton, and the cattle were being looked after by a ranchman who is now mourning their loss. Bagnall was seen by a Mr. Book while he was at Mimico, but he did not notify the police, as he said he believed the authorities were aware of Bagnall's whereabouts. The supposed lunatic is 27 years old, and is a good-looking fellow. Yesterday he was sitting in a grey suit, although he wore a dark blue one when he was last seen.

EAST TORONTO.

G. T. R. Case Will Start for Sure To-Morrow.

EAST TORONTO, Sept. 11.—The oft adjourned case of the G.T.R. Fireman Thomas Looney and Richard Crews, yardmaster of the York yards, will be tried to-morrow morning, before Justice Giesbrecht.

Police Magistrate Ellis will have associated with him Magistrate Clay, and the case, beginning at 10.30 a.m., may extend over two or three days, as the G.T.R. have a great many witnesses who will be called upon to testify. The alleged offence against the Lord's Day Act, it will be remembered, was committed on April 14.

The voters' lists have been posted in all the places required by law. The new vital statistics for the Town of East Toronto for the month of August were: Births 15, marriages 5, and deaths 5.

Robert Bain, head bookkeeper for L. A. De LaPlante, is spending his vacation in Buffalo. More than 400 pupils are in attendance at the new school. The new school contains these pupils: Principal Brownlee, 37; Miss Pomeroy, 25; Miss McPherson, 58; Miss Gray, 55; Miss Frost, 49; Miss McDermott, 47; Miss Campbell, 50; Miss McCausland, 54; total, 406.

In the Beach School there are more than 200 pupils, and in Coleman School about 180.

MIMICO.

Veteran Fisherman Meets With Un-usual Luck.

MIMICO, Sept. 11.—The heavy rains of the last day or two will seriously retard the work of the commissioners on the lake shore road, in placing the stone and gravel. Little progress was made during the past week and the work will, according to present appearances, fall far short of what was anticipated.

The proposed joint meeting on Saturday afternoon between the varied interests in and around Mimico and New Toronto, representing the Grand Trunk Railway, the two or three large manufacturing firms and the Etobicoke Township Council, ought to, and it's generally thought will, evolve some comprehensive plan of sanitation. The health of the town is fair, but the outbreak of typhoid in the past are not readily forgotten, and there is a general desire on the part of the village to undertake some good scheme for the general betterment of the whole district.

Charles Nurse, the veteran boatman, and who knows Mimico Bay better than any man living, is justly proud of the 18-lb. whitefish which he was successful in catching by net. The fish was a beauty, caught in the net, and short distance from shore and was the largest, so far as known, ever caught around here. From 10 to 12 lbs. has always been considered a good one.

NORTH TORONTO.

Council Makes a Record—They All Want the "Sunday."

NORTH TORONTO, Sept. 11.—The town council, at to-night's session, held a record meeting, when, after transacting routine business, they disposed of no less than 17 by-laws, 13 of which were for the issue of debentures for local improvements. One of these was to order the laying of a water main on Joseph-avenue, one to walk on Broadway-avenue, north side, and one to amend an existing by-law from a "common" sewer by-law to "surplus draining," and the seventh was the general money by-law, amounting to \$1405.33.

Petitions were received and referred to the proper officials for a water main on Briar Hill-avenue, and one for a street without a name, also for a four-foot concrete sidewalk on the north and south sides of Briar Hill-avenue.

The finance committee reported that they have received the legal opinion and report of John Kyles, barrister, re the Metropolitan Railway, but that the committee has taken no action as yet, but recommended that the town solicitor be instructed to appear before the municipal and railway commission to protest against the widening of the switches of the Metropolitan Railway thru the town. Solicitor Gibson gave it as his opinion that to appear before the commission is on a

par with going before a court, and estimate of costs can be given before hand. The finance committee's report in this respect was adopted and the mayor, Councillors Brown and Mayer, with the solicitor, will appear before the railway commission.

Regrets Chief's Removal.
Chief Constable Morris' resignation was accepted amidst expressions of regret from all the members of the council.

A pretty wedding was solemnized at St. Clement's Church at 7 o'clock this evening by the Rev. T. W. Powell, when Miss Emily Maud Hopkins, youngest daughter of the late James Hopkins, was married to Charles Pritchard, the youngest son of Geo. Pritchard of Hawthorne-avenue.

The bride was given away by her brother, Walter Hopkins, principal of the Eglinton Public School. Miss Maggie Pritchard, sister of the groom, acted as bridesmaid, while George Field assisted the groom. When the bridal couple entered the carriage, rice and old slippers were liberally showered upon them.

A wedding dinner was partaken of at the residence of Mr. McLaren, 14 Davenport-road, Mr. and Mrs. Pritchard will reside on Hawthorne-avenue.

Congregation Extends Call.

At the congregational meeting of the Eglinton Presbyterian Church, held last night, a unanimous call was extended to the Rev. W. D. Back to become the pastor of the Eglinton and Bethesda congregation at a stipend of \$100 a year. The meeting was presided over by the moderator, the Rev. Dr. Neel of the Westminster Presbyterian Church, Toronto. The call will come before the presbytery for ratification on Tuesday, Oct. 1.

P. E. Connell of Chicago and his sister, Miss Emma Connell, were visitors at T. C. Rochford's, Jordan-street, for a few days.

Mr. Gooderham, who has recently purchased the Woodside estate and land on Mason-avenue, is renovating the property.

Alb. Burnaby is pushing his new residence in Bedford Park, just north of Robert Dake's property, to completion.

Mr. and Mrs. A. H. St. Germain of St. Germain's, Ontario, were visitors at the home of Mr. and Mrs. G. W. Haner, Mr. Ralph and Miss Southgate, all of Rochester, N.Y.; Charles and Miss Emma Wycoff of Picton, Ont.

Mr. Emmerson of Oshawa is erecting six new residences on Montgomerie-avenue. The investment proves satisfactory he will build more.

Big Demand for Illustrated.

Residents of the town are showing their appreciation of this week's illustrated edition of The Sunday World, wherein is a well-written-up history of the town of North Toronto. The views are of exceptional merit and beauty, and set out in detail many beauty spots in the northern suburb. Residents of the town desiring copies would do well to leave their orders early with J. M. Latsche, The World's representative, on Sherwood-avenue, and thereby secure prompt delivery.

WYCHWOOD.

Magistrate Will Look Into School Matters.

WYCHWOOD, Sept. 11.—At the school board meeting of Hillcrest School section, held last night, the trustees decided to summon a few heads of families before Magistrate Henderson for not sending their children to school. The trustees are several families who have children 12 years of age, and instead of sending them to school they are sent to work.

MILK PRODUCES TO MEET.

Annual Meeting at Labor Temple to Discuss Prices.

When the Toronto Milk Producers meet in the Labor Temple next Saturday afternoon, the session of their annual gathering, it is safe to assume that there will be something out of the ordinary routine.

Ever since the finding of Judge Winchester and C. C. James, the arbitrators, between the producers and the dealers, in May last, it has been felt by the former that justice was not meted out to them, and the opinion is freely expressed that in the event of another strike, the matter will not be referred to arbitration.

While the season for pasture about closing has been the worst in many years, the farmers are nevertheless as desperate as described. Thru York County it has been found necessary in some cases to feed some of the corn and hay during the winter, but the majority of cases there will be ample provision to tide the winter over. The abundant rain of the past two or three days has given a wonderful impetus to all pasture lands and the supply of aftergrass will, it is said, be as good as other years.

The election of officers and the amending of the constitution, if thought necessary, will be matters to come up on the agenda. It is expected that the attendance will be the largest in the history of the Toronto Milk Producers' Association, and the change from the Albion Hotel to the Labor Temple was made to insure more convenient and roomy quarters.

KLEINBURG.

Harry Brown, the Englishman who was drowned in the bay last Thursday, worked for a farmer named Scott at Kleinburg, Ont. He had come to Toronto to see the exhibition, but he has sent to the Immigration authorities the wages due the unfortunate man.

CREDIT SALE.

Ed. Bailey has instructed D. Beldam to sell by auction on Monday, Sept. 16, 1907, at Woburn Hotel, 15 fresh-culped cows; 25 steers and heifers; western-bred; 15 springers; 5 sows; fall pigs. All sums of \$20 and under cash, over that amount three months' payment on approved joint notes. Sale at 2 p.m.

Shock of Injury Fatal.

Mrs. Mary Barber, an aged woman living at 121 Morse-street, who fell from a westbound King-street car Sunday last, died yesterday. Death was due to shock. An inquest has been ordered.

GROWTH OF POPULATION DEMANDS WATER MAINS

Civic Authorities Issue Statement
of Reasons Why Saturday's
Bylaw Should Carry.

The following statement in support of the request that the citizens turn out to vote for the waterworks by-law on Saturday has been given out by the civic authorities:

"With regard to the installation of a new 15,000,000 gallon pumping engine, the necessity for this is quite as imperative as the new mains. It is a sound business proposition. Proof of this is found in a return submitted by the city engineer in reference to the operation of the last engine installed. In this return he said: 'In 1906 the new section used for the pumping of water per day at the consumption in 1906 was 2,500,000 gallons of water per day at the rate of 17,200 tons to 13,700 tons, while the quantity of water pumped with the diminished quantity of coal consumed amounted to 685,000, 900 gallons, more than the previous year. The saving in coal alone was \$16,000.'

"The extension of the waterworks system has not kept pace with the growth of the population nor the extension of territory. This is particularly in evidence thruout Rosedale and the northern part of the city, where the pressure now is altogether too low even for adequate domestic supply, while for fire purposes it is insufficient.

Must Enlarge System.

"To meet the growing demand the present system must be enlarged and the works proposed to be carried out under this by-law are self-sustaining. The city engineer is of the opinion that the proposed issue of debentures for the extensions and improvements for which the by-law is submitted. No ratepayers will be asked to contribute for payment of this work one cent beyond the amount that he now pays as water rates.

"To give an idea of how the demand is increasing it is only necessary to state that already during the present year more than 200 new house services have been put in.

Council is Unanimous.

"The board of control and city council are unanimous in submitting this by-law to the vote of the qualified ratepayers, and the board urges the citizens to take a lively interest in the by-law to the best interest of the city, its bright prospects for a great future, the board of control feel that it is in the interest of the waterworks should be placed in an efficient and satisfactory condition, and appeal to the ratepayers to mark their ballots in favor of the by-law.

"Ex" Receipts Will Be Big.

"The concessions at the National Exhibition this year netted \$4000 in excess of the receipts of a year ago. The gate receipts were \$1700 over those of last year. The full statement has not been completed yet.

THE SIMPSON COMPANY, LIMITED

H. H. Fudger, President. J. Wood, Manager. Scattered showers, but mostly fair, becoming cooler chiefly at night. Thursday, Sept. 12.

STORE CLOSSES DAILY AT 5.30 P.M.

There's a Reason for To-Morrow's Bargains

You'll find very low prices quoted on this page. Do you know their full significance? The financier sees in them money stringency, a decline in securities, etc., etc. But what you should see in them is the present great power of cash.

Never was a better time for the person with a little surplus cash to buy freely—we're getting all kinds of extra concessions from manufacturers, and we're passing them right along to you—as every item here will show. Just sit down and figure out how far a little cash will go in this store to-morrow.

BROCKVILLE FAIR OPENED.

BROCKVILLE, Sept. 11.—(Special).—The opening of Brockville's big fair took place to-day, in the presence of a small crowd, due to the heavy rain. The race program was canceled. Hon. Col. Matheson, Hon. G. P. Grant, D. D. Derbyshire and A. E. Donovan were present. The provincial treasurer urged that more attention be paid by the farmers herabouts to the raising and marketing of cattle, swine and horses. Mr. Graham, suffering from a heavy cold, was excused from making a speech.

AN HISTORIC DOCUMENT.

A valuable historical manuscript, the report of General Sir James Murray, at one time governor-general, to the state of government in Quebec in 1762, has been purchased in England by the Toronto Public Library. One hundred pages of foolscap, neat-
