Barrie, Aug. 6.—A sad fatality happened at Midhurst on Tuesday, when the 6-year-old daughter of John Gill was drowned. Mr. Gill went out to work by the river, and his four children followed. The eldest girl tried to stand on a log, which rolled and threw her into the water. The father, attracted by the cries of his children, ran to them and found his daughter had sunk. As she did not come up, he dived three times, and found that she had caught under a log, from which position he had some difficulty in taking the body.

List right, at a largely attended meeting of representative citizens, James Ward, senior major of the 35th Battalion, was presented with a handsome sword, in recognition of his valuable services in making so great a success

Pianos and Organs, manufactured by the Dominion Organ and Piano Company, Bowmanville, are still having a wide sale. A few weeks ago two very important sales were made, which are worth recording, although the instruments were placed 3000 miles apart. They had the special honor of placing one of their Cabinet Grand Pianos in the Crystal Palace at London, Eng., and another beautiful Cabinet Grand in Italian walnut was sold by their agent. Mr. Fleming of Markham, to Mr. George Parker, ex-Reeve of Pickering township. This alone is sufficient, if it were necessary, to convince the musical public how highly these instruments are appreciated at home and abroad, and speaks volumes for the energy displayed in the management of this company.

The Crop of Apples.

Buffalo, Aug. 6.—The National Apple Shippers' Association gives the Canadian percentage for 1897 as 40, based upon 100 as a full crop. In the eastern section of the United States there has been a considerable falling off, and in some Western States a decided increase. On the whole this year's crop falls considerably below that of last year, but is about equal to the average.
