**POSTFONE THE LORD'S DAY ACT.** If it is the intention of the Government to prorogue the Legislature next. Monday all idea of amending the Lord's Day Act should be abaadoned. The in-terests involved are many and serious. The Government will not have time to fully digest public opinion and amending the act in conformity therewith. There is no pressing necessity for any changes in the law as it stands. Mr. Hardy will act in the best interests of all con-cerned if he postpones further consid-eration of the Sabbatarian question un-til next session.
