## T. EATON CO....

Our Toy Department Ready With Toys will be ready on Saturday morning -- in the Basement. We believe it will be bigger, better and more interesting than ever. We never before worked so hard to teresting than ever. We never before worked so hard to please our little friends as we have done for this holiday season, and now we invite one and all, big and little, to come and see what we have accomplished and gathered together, we are not going to give you any details about the stock or about the department, Come and see for yourself. Bring your little the department, Come and see for yourself, there is to see to their folks with you. Let them enjoy all there is to see to their Kaymond

No Regard for Estimates.

City Commissioner Coatsworth's application for \$10,000 additional appropriations for his department, which has been sent back twice for further detail, was again the subject of a lengthy discussion by the board. A further report was ordered after the \$6200 asked for City Hall maintenance with the exception of an was granted, with the exception of an item of \$504 wages for the tower guard, whose services were ordered to be dispensed with in the spring, but who didn't leave. The mount has been read but it leave. The money has been paid, but it will be made up from the appropriation for another employe of the department, who left the city's employ some time ago.

Mr. Coatsworth was ordered to produce the report of the test made last summer in regard to the lighting of the City Hall to see if it could be done as cheaply by the hall plant as it could by the Toronto the hall plant as it could by the Toronto Electric Light Company. It costs more to produce the light with the dynamo in the hall, because the capacity is sufficient for the entire building, and cannot be oper-ated profitably for the limited number of lights now used. It costs as much for coal for three months as current from elsewhere would cost in five months. Estimates a Farce.
