The Cockneys can't lose at home. At least, it's so long since they did lose a game here that they have forgotten how. Twenty-one straight games they have won here. The effect on the fans of such invincible success is noticeable. They always remain serene and confident.

Yesterday the Leafs got away with three runs in the first inning. A wild throw to first base by Price, a scratch hit, Mohler's bad fumble of a ground ball, and Wagner's clean single to center did the business. The Cockneys got two of them back in the third inning, through Kotal's temporary wildness. Lohman was hit by a pitched ball, Mohler drew a pass, singles by Reed and McFadden, assisted by a wild pitch, scored Lohman and Mohler. For the next five innings they were blanked—Kotal had them phased. Even Jones and Lohman fanned futilely, and were struck out almost on time a run seemed even possible was in the fifth, when they managed to get three men on bases, by means of a couple of scratch hits and Wagner's error. But Price ran into a batted ball on his way to third, and lost the chance of scoring.

In the Leafs' third inning a big bunch of Cockney errors filled the bases, but the Londoners' luck held good and the side was retired without a run scoring.

When the locals went in in the ninth the game still belonged to Guelph, and Kotal's speed was apparently as good as ever. Defeat for London seemed inevitable. A small boy on the bleachers piped out in shrill treble: "This is our last chance, Pete," as Lohman stepped to the plate. Pete smiled, and swung his bat once or twice. Then he landed on a swift, straight ball, and it went almost on a line straight over Carey's head on to over the track, and rolled to the fence. Carey did his best, but Lohman beat the ball home and the score was tied. Price went out from Miles to Grimshaw. Mohler, Reed and McFadden followed with grounders to the outfield. Schwartz drove the ball clear through Francis, scoring Mohler, and the game was won. From the time Lohman drove out his homer till Mohler crossed the plate, the grand stand and bleachers were in an uproar of enthusiasm, while the spectators gave vent to the pent-up feeling of eight critical innings. Connell ran for him, and McCann took his place on second base. The Hamiltons' good playing throughout won them the game. Score: R. H. E.

CRICKET.
DOCTORS DOWNED.
A large number of visitors gathered at the asylum grounds yesterday to witness the cricket match between the doctors and lawyers. In the first inning the doctors scored only half as many as their opponents, but after luncheon the tables were turned. A fine uphill fight by the medicals all but put their in the lead. During the afternoon the Asylum Band played a select programme of music. The victory for the doctors was a narrow one, and a future contest is being talked of in which the doctors have strong hopes of getting the best of the argument. The score:

NOTES OF SPORT.
In an intermediate series lacrosse match at Bright on Thursday, the Merits, of St. Marys, were defeated by the Stars, of Bright, by a score of 3 to 2.

The American jockey Martin made his first appearance on an English track yesterday at the Liverpool July meeting. In the race for the St. George's stake, Martin finished first on Sir R. Wadlie Griffiths' Sweet Marjorie. Martin created a most favorable impression, and was heartily cheered after winning.

Jockey Danny Maher, who was sent down by W. H. Clark for being left at the post with Banaster, the favorite in the Suburban handicap, will be allowed to ride again. Mr. Clark had Maher under contract for two years at \$10,000, but the Suburban he refused to allow Maher to ride, and that time great pressure has been brought to bear on Mr. Clark, and at last he has agreed to release Maher from the contract.

SUSPENDED MEMBERS.
Of a Fraternal Society Legally Liable for Dues and Assessments.

Toronto, Ont., July 21.—Chief Justice Macpherson this morning delivered judgment in the case of the Select Knights, who appealed against the decision of the local master at St. Catharines, making them contributors to the dues and assessments levied under the winding-up order. The appellants claimed that they were not liable, having ceased to be members before the collapse of the society by reason of non-payment of dues. Their names, however, appeared on the books as suspended members, and they had not formally retired according to the prescribed form.

The chief justice set aside the master's ruling and ordered a reference back to him for further consideration. In the case of the time the chief justice stated that a suspended member is none the less a member, and any liability to pay dues and assessments continues, not only as to those payable at the time of suspension, but also as to the assessments incurred after his suspension, and before the decision has resulted by the operation of the rules in his ceasing to be a member.

Discovered by a Woman.
Another great discovery has been made, and that, too, by a lady in this country. "Discovered by a Woman" upon her and for seven years she stood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing a bottle of King's New Discovery for Consumption, and was so much relieved on taking the first dose that she slept all night, and with two bottles has been absolutely cured. Her name is Mrs. Luther Lath, 231 W. W. C. Sold by all druggists at 50 cents and \$1. Every bottle guaranteed. For sale by W. T. Strong & Co.

He that calls a man ungrateful sums up all the evil of which one can be guilty.—Swift.

We have no hesitation in saying that Dr. J. D. Kellogg's Dysentery Cordial is without doubt the best medicine ever introduced for dysentery, diarrhoea, cholera and all summer complaints, seasickness, etc. It promptly gives relief, and never fails to effect a positive cure. Mothers should never be without a bottle when their children are teething.

Idleness is only the refuge of weak minds and the holiday of fools.—Ches-terfield.

FAGGED OUT—None but those who have become fagged out know what a terrible, miserable feeling it is. All strength has gone, and gasping has taken hold of the sufferers. They feel as though there was nothing to live for. There, however, is a cure—one box of Dr. Williams' Pink Pills will do wonders in restoring health and strength. Mandrake and Dandelion are two of the articles entering into the composition of Parrelle's.

Our own heart, and not other men's opinions, forms our true honor.—Coleridge.

LIFE SAVED—Mr. James Bryson Cameron writes: "I was confined to my bed with inflammation of the lungs and was given up by physicians. A neighbor advised me to try Dr. Thomas' Electric Oil, stating that his wife had used it for a throat trouble with the best results. Acting on this advice I procured the medicine, and less than half a bottle cured me. I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any remedy to do me good."
