

## WOODS' FAIR

### Our Notion Department

A department of little things, but every article big in value—your dollars cover more than the usual purchasing power in this department.

#### Brushes

Hair Brushes, each 15c to 50c  
Tooth Brushes, each 5c, 10c and 15c  
Nail Brushes, each 5c, 10c and 15c  
2 for 5c, and each, 5c, 10c, 15c  
Leather Brushes, each 10c, 15c, 25c

#### Combs

Dressing Combs, each 10c to 50c  
Fine Combs, each 5c to 20c  
Coarse and Fine Combs, each 5c to 50c

#### The Magic Curler

This new Curler makes a perfect Marcel wave. It waves and curls the hair in 10 to 15 minutes, without heat, and while you are dressing or traveling.

J. M. THOMSON.

## DR. WOOD'S NORWAY PINE SYRUP

This wonderful cough and cold medicine contains all those very fine principles which make the pine woods so valuable in the treatment of all lung affections.

Combined with this is Wild Cherry Bark and the soothing, healing and expectorant properties of other powerful herbs and barks.

For Coughs, Colds, Bronchitis, Pain in the Chest, Asthma, Croup, Whooping Cough, Hoarseness or any affection of the Throat or Lungs, you will find a sure cure in

### Dr. Wood's Norway Pine Syrup

Mrs. H. A. Miesner, Port Williams, N.S., says: "My son had a dreadful cough. It started in the fall and lasted all through the winter."

At last we became very much alarmed about it and started to use Dr. Wood's Norway Pine Syrup and before he had used one bottle his cold was completely cured."

Price 25 cents per bottle. Put up in a yellow wrapper. Three pine trees the trade mark.

Refuse substitutes. Dr. Wood's is the genuine.

### ACTUALLY CURES CATARRH

W. T. Strong's Faith in Hyomei Is So Strong He Sells It Under Guarantee.

It is one thing to claim, another thing to back up the claim by a statement that if it is not proven true, there will be no charge for the service or the goods.

It is in this way that W. T. Strong sells Hyomei, for he has so much faith in its powers to cure all forms of catarrh and bronchial troubles, that he gives an absolute, unqualified guarantee with every outfit that if the remedy does not cure, the money will be refunded.

Hyomei is based on nature's way of curing catarrh. It contains the concentrated healing oils and gums of the pine woods, prepared in such form that they can be brought into your own home. It gives the health advantages of the Adirondacks in such form that you can be cured of catarrh and affections of the nose, throat and lungs while at home or at work.

A complete Hyomei outfit costs but \$1, and extra bottles, if needed, may be obtained for 50 cents.

With Hyomei you can cure catarrh pleasantly and easily at small expense, with no risk of the treatment costing a penny unless it cures.

## Permanent Impairment of Vitality

Should Be Carefully  
Guarded Against

Continuous coughs, colds, chills, attacks of influenza and grippe, if not carefully looked after, produce permanent impairment of vitality and produce inability to resist or throw off disease. There is one unfailing remedy that can always and ever be depended to not only cure these and the more advanced and serious ills which result from these diseases, such as pneumonia, consumption and all wasting diseases. It builds up the system by strengthening the stomach, aiding digestion and building the entire system.

"I consider it a duty to other mothers and other sufferers to tell of my experience with PSYCHINE. One year has already passed since I discontinued taking these remedies, and there has been no return of my former trouble. Before taking PSYCHINE my system became run down. I lost flesh and strength rapidly. It was as much as my life was worth to eat ordinary heavy food. I owe my present splendid health to PSYCHINE."

"MRS. SAMUEL BARKER, 'Simcoe, Ont.'  
Psychine (pronounced Si-keen), for sale at all druggists at 50c and \$1 per bottle, and at Dr. Stocum's Laboratory, 119 King street west, Toronto.

## OBSEQUIES OF DEAD I. O. F. CHIEF

Will Lie in State at Toronto  
and Be Interred at  
Deseronto.

Toronto, March 4.—The executive council of the I. O. F. was in session this morning at the Temple building with a view to arranging the details of the funeral of the late Dr. Oronhyatekha.

The members were all present with the exception of Mr. Victor Morin, of Montreal, and J. D. Clark, of Dayton, Ohio.

Those members who deliberated were Messrs. Robert Matheson, Toronto; H. A. Collins, Toronto; and E. G. Stevenson, of Detroit, Assistant Supreme Chief. Ranger Thomas Lawless was also in attendance.

The announcement was made that the body would reach the city at 10:50 on Wednesday morning. At the Union station it will be met by the members of the executive council and head office staff, and also a uniformed guard, composed of Royal Foresters. The band of the Forty-eighth Highlanders will supply the funeral music.

When the cortege has been formed it will proceed along Front to York, up York to King, along King to Yonge, up Yonge to Shuter, and thence to Massey Hall.

Here preparation will have been made to admit of the remains lying in state during the afternoon, when an opportunity will be given to the members of the order to take a last view of the face of their beloved chief.

A public memorial service is timed for 7:30 o'clock that evening in Massey Hall, when, in all probability, a eulogy will be pronounced by Rev. Dr. W. J. McCaughan, of the First Presbyterian Church, Chicago. When Dr. McCaughan was pastor of New St. Andrew's Church, King street west, he was one of the closest personal friends of the deceased, and continued so up to the end.

A special car will be attached to the 9:30 train on the C. P. R. Thursday morning for the accommodation of the principal mourners. In this car the body will be conveyed to Deseronto, where interment is to take place in the old Indian burying ground.

Funeral details as to the burial cannot be arranged until an opportunity has been given to consult with the members of the family. Dr. Oronhyatekha's daughter, Mrs. Johnson, of Deseronto, who married in June last, is expected in the city this evening.

His son, Dr. Ackland Oronhyatekha, reached Washington this morning, where he will await the coming of his father's remains. The corpse will reach the American capital at 11:40 this evening, but, owing to poor train connection, the journey cannot be continued until tomorrow morning.

Another delay will be met for a similar reason at Buffalo tomorrow evening, so that the body cannot reach Toronto before Wednesday morning.

When the late Dr. Oronhyatekha visited the city he was always welcomed with those evidences of respect which became his position as a chief, but he was not legally the head of the tribe any longer. In the burial ground there, however, his wife, a daughter of Chief Joseph Brant, who died in 1901, lies buried, along with one son who was drowned in the Thames disaster on the 24th of May, 1881. Alongside their remains the doctor will be interred, but whether on Thursday or Friday has not been as yet determined.

The pallbearers will not be selected until Mrs. Johnston has had an opportunity to confer with the executive council.

Mr. Robert Matheson, the supreme secretary, was this morning in receipt of telegrams of condolence from all over Canada and the United States. Rumor as to the doctor's precarious condition had reached London, Eng., and a cablegram of inquiry was also received from that point.

As regards Dr. Oronhyatekha's successor, Mr. Matheson said that, not only had this subject not been considered by the executive council, but that no step would be taken in this direction until after the obsequies had been completed.

In the meantime the executive council has itself all the powers of the supreme chief ranger, and will, of course, require to fill the vacancy in the shortest possible time. It is said to be untrue, as alleged in a morning paper, that Mr. Victor Morin is temporarily the head of the order. There are certain conditions under which he would assume charge, but those conditions, it is said, do not exist now.

On the Temple building this morning

four flags hoisted at half-mast. On the main tower the Forester's banner was unfurled—a combination of the British ensign and the American flag; a design of the late supreme chief himself. On the principal corner of the building the British flag flew, while

## City Council Made a Short Meeting Record Last Night

Concluded Its Business in Less  
Than an Hour—Minor  
Matters Dealt With.

The city council met last night and distinguished itself by concluding its session in less than one hour.

There was a complete absence of oratorical pyrotechnics. True, there was an abundance of latent oratory, but nothing occurred to arouse it.

Mayor Judd, Ald. Cooper, Rose, Gillen, Saunders, Booth, Gerry, Scarlett, Beattie, Stevely, Mr. Garratt, and City Clerk Baker were present.

No. 1 committee's report recommended that the application of C. H. Bayley for remission of business tax for 1906, be filed, as Ald. Stevely, who fought to have the tax remitted at the committee meeting, again endeavored to have what he termed justice done to Mr. Bayley, who was only in business one month in 1906, and whose business was not sold to anyone but was put out of existence. Ald. Gillen seconded Ald. Stevely's motion.

Ald. Beattie opposed the motion, stating that the city solicitor had advised that the city had no power to do anything for Mr. Bayley.

Ald. Stevely's motion was carried on the following vote:

Yeas—Ald. Stevely, Gillen, Gerry, Saunders, Cooper and Rose—5.  
Nays—Ald. Beattie, Scarlett, Garratt, Booth, and Mayor Judd—5.

Ald. Beattie determined to carry the fight into Africa, however. He gave notice of motion to have the clause reconsidered at the next meeting of the council.

The other clauses of No. 1 report were carried.

Dufferin Avenue East.

When No. 2 committee's report was read, Mr. Garratt objected to clause 2, which recommended that a further sum of \$200 be set aside, in addition to the \$500 appropriated last year, for the purpose of opening up Dufferin avenue east. Mr. Garratt succeeded in having the clause so amended that in order to get the total of \$700, the interested property owners must present sufficiently signed petitions for cement walks and a sewer on the street.

All the other clauses of No. 2 report were carried without amendment.

No. 3 committee's report was carried. It included a clause making arrangements for the watering of the permanent pavements this year, and also other streets which may be petitioned for, if the water commissioners can supply the water. Also, for disposing of the services of street watering inspectors this year.

Tenders for fire hall supplies were awarded in accordance with the recommendation of No. 3 committee as follows: Uniforms, overcoats and winter caps, R. J. Young & Co.; shirts, Graham Bros.; caps, E. Beltz. The price of the uniforms, with an extra pair of pants, was \$18 each.

### Nothing Doing.

Under the head of inquiries, Ald. Gillen asked if the Bell Telephone Company is at present paying the city anything for its franchise in London.

Ald. Beattie replied that he was not in possession of the facts, and did not know whether any sum was being paid the city by the company.

Mr. Garratt asked if it is the intention to have the bylaws revised this year. Chairman Beattie said, No. 1, said nothing has been done so far.

"Is No. 1 going to take a census this year?" Ald. Cooper asked.

"I'll answer that question," the mayor said. "It all depends upon whether we get the power from the Legislature to take a census."

Secretary Hunt, of the Western Fair board, presented a request for a sum of \$2,500, being half the cost of certain improvements which it is proposed to make to the fair grounds and buildings. No. 1.

The Orlan Baseball Club asked for the

use of the city hall for a benefit concert No. 1, with power.

Chas. G. Moorhead, secretary of the East End Baseball League, asked for the use of the grounds on Queen's Park on Saturday afternoons during the season, for baseball matches. Granted.

The Wortman & Ward Baseball Club asked for the use of the east end hall for a concert on March 22. Granted.

Dates of Elections.

T. H. Preston, M. L. A. for South Brant, wrote the council that a bill, promoted by the Ontario Municipal Union, has been placed in his hands, to be moved in the Legislature, giving cities the option of holding municipal nominations on the last Monday in November, and polling the first Monday in December. He asked for the council's views on the matter. No. 1.

City Engineer Graydon wrote the council that in 1899 the London Street Railway Company agreed to stop its cars at Talbot and Dundas streets, King and Richmond streets, and Clarence and Dundas streets, and that they have been ignoring the practice for some years, with the result that several accidents have occurred. He recommended that a bylaw be passed to compel the company to stop its cars before crossings at the intersections named. No. 1.

The Y. M. C. A. asked to be relieved of the payment of a license fee for the auditorium. No. 3.

The public library board presented its estimates for the year, the sum being \$11,215, the amount required from the city being \$5,898, equaling two-fifths of a mill on the taxation. No. 1.

Dr. MacCallum, superintendent of the London Insane Asylum, presented an account of \$25 for the examination of five persons in the London Jail, who were supposed to be insane. No. 1.

Other Matters.

The Y. M. C. A. asked for the annual grant of \$100. No. 1.

The Children's Aid Society requested the usual grant of \$750. No. 1.

The Charity Organization Society asked for the usual grant of \$200. No. 1.

Smallman & Ingram, drygoods merchants, asked permission to excavate under sidewalks on Dundas street, Richmond street and the market square, upon which the firm's new store will have frontages. No. 2.

The residents of the district named asked for the filling in of the south end of Anderson avenue, as it is now in a very dangerous condition, the street being impassable to Trafalgar street. No. 2.

James D. Wilson and John Quail asked for a sewer on Carling street to connect with the police station sewer. No. 2.

London and Middlesex Historical Society proposed to erect brass tablets on the guns in Victoria Park at a cost of \$35. The society, which is willing to pay one-half the cost, asked the co-operation of the city council. No. 1.

A petition was presented for an electric light at the corner of York and Rectory streets. No. 3.

The following petitions for local improvements were sent to No. 2 committee:

For a tile sewer on Emery street, High street to Right.

Against a tile sewer on Rectory street, Egerton to Simcoe streets.

For a cement walk on Ontario street, west side, Elias street to Central avenue.

For a cement walk on south Oxford street, William to Mettars street.

For a cement walk on north Victoria street, Richmond to St. George streets.

Against a cement walk on Lovett street, Rectory street to Chesley avenue.

Against a cement walk on south Elmwood avenue, Cathcart to Edward.

Against a cement walk on north Dundas street, Wilson avenue to Wharncliffe road.

City Clerk Baker recommended that the printing contract held by C. P. Heal & Co. be canceled, as the work done for the city this year has been generally unsatisfactory. No. 1.

It is estimated that the farmers of the province are still held up with 50 per cent of their wheat. With an estimated crop of 6,420,000 bushels at fourteen points on the Soo line, only 2,740,000 bushels have been shipped, while 1,404 bushels are in the elevators; sixteen points on the C. P. R. main line, with an estimated crop of 7,505,000 bushels, show a total of 1,813,000 bushels shipped and 1,937,000 bushels in the elevators, and other branches tell a similar tale of millions and millions of bushels of wheat still in the farmers' hands.

CHURCHILL TURNS UP.

Stratford, March 4.—Fred Churchill, the young Englishman who was reported to have mysteriously disappeared about a month ago from the farm of W. F. Thompson, in East Zorra, has been located in this city, and is employed as a fireman on the Grand Trunk.

Can't Move the Wheat

Millions of Bushels of Last Year's Crop Still Unmoved.

Regina, March 4.—From reports received by the department of agriculture it is apparent that 50 per cent of the 1906 wheat crop is still in the hands of the farmers of the province. Grain is lying on the prairie covered only with straw, and unless shipped before spring will be a total loss.

To the new settlers the effect is most disastrous. Unable to market their grain they are as a result financially embarrassed and will be more so before spring comes. By March 15 the roads will be impassable in many places and to haul grain will be impossible.

At many points more than 75 per cent of the grain is still in the farmers' hands, while, striking an average, it

THE SATISFACTORY STORE

### Have You Selected Material For Your Worsted Suit?

That's a question that many early-in-the-season shoppers can readily answer in the affirmative. But we are now more directly interested in those who have not yet selected their Worsteds Suits, and respectfully suggest the advisability of looking through our immense stock while it remains practically unbroken. There will never be a better time this season to choose material for your spring suit than at present. We list three or four lines merely as suggestions:

PLAIN WORSTEDS IN HERRINGBONE WEAVE. Light-weight, firmly woven and very serviceable. Light, mid and dark gray, also light fawn.....65c

Handsome light-weight Worsteds in PLAIN SHADES of light, mid and "London smoke" gray.....75c

Fashionable, BROKEN, MINIATURE CHECK patterns in a strong, beautifully finished Worsted weave. "London smoke" gray, and four different mixtures of tan and brown.....85c

Gentle-looking Worsteds in an INVISIBLE OVER-PLAID design. Blue, castor, gray and two tones of brown.....\$1.00

Dress Goods—Main Floor.

### Sole Agents For "Standard" Patterns

We have the sole agency for London for "Standard" Patterns. These patterns are strictly up-to-date, are simple and easy to follow, and are accurate. Very economical, too. Cost but, each.....10c and 15c

Pattern Counter—Main Floor.

### New Styles in American Silkolines 17c a Yard

A large spring shipment of American Silkolines has just been delivered and are now on display in our Drapery Department.

All the designs are new and include some decided novelties in Oriental and Japanese patterns, besides a "hunting scene" design that is quite unusual and very attractive. These you must see to admire fully.

A large range of the dark green grounds so popular for draperies, screens, comforters, cushions, etc., will be found in the collection, which includes all the desirable shades.

The quality is excellent—strong and serviceable, with a dainty, silk-like finish. Colors are fast and the materials wash splendidly. 36 inches wide. Per yard.....17c

OTHERS in floral and conventional designs, same width, at.....15c

PLAIN SILKOLINES—now in much demand for shirtwaist slips. Pink, blue, yellow, pale green, olive and crimson.....12½c and 15c

Draperies—Second Floor.

### Black Sateen Under- skirts With Parisian Circular Flounce

This style is often called for, and the skirt we are showing it in is generously cut and particularly well made. The Parisian circular flounce is prettily trimmed with deep pleating and several rows of stitching, and finished with narrow frill. The sateen has a fine, soft, brilliant finish—and will return a splendid degree of service. Price is reasonable.....\$2.00

Underskirts—Second Floor.
