At the Convention for studying and checking the awful ravages of Lung Troubles in Canada, held in the Royal Alexandra Theatre, Toronto, this week, Earl Grey, Governor-General of Canada, who presided, said people do not get enough fresh air. This is undoubtedly true. Much disease is caused by bad ventilation. His Excellency forgot to say, however, that tens of thousands of people whose work is largely in the open air have throat and lung and the formation of a national press association, were discussed at the clostroubles, brought on by Colds, Coughs, Chills, La Grippe, Pneu- ing meetings of the fiftieth annual monia, run-down systems and exposure.
