New York Broker Expresses Surprise at the Improvement in Cobalt Camp

Percy E. Guard of the firm of William E. Nicholls & Co., brokers, New York, passed thru Toronto yesterday after having been three days in Cobalt.

Mr. Guard in conversation with The World, expressed surprise at the wonderful development in the Cobalt camp since he was there last fall.

He made a tour of practically the whole of the district from Cobalt to Cross and Kirk Lakes, covering most of the properties on the tour. Speaking of the camp Mr. Guard said:

He made a tour of practically the whole of the district from Cobalt to Cross and Kirk Lakes, covering most of the properties on the tour. Speaking of the camp Mr. Guard sald:

"It seems to me as the the district has now settled down to a plain working proposition. Activity is to be witnessed on every side and development is going forward in every section of the camp as never before. I saw the wonderful Lawson property and I wish my friends would believe what I can tell them in connection with the new claim which the La Rose Consolidated has taken over. Both the La Rose and Nipissing properties are wonders in miming history, and I am somewhat supprised that the people of Canada and the United States have not become apprised of this fact long before this.

"In the Kerr Lake district everything is as busy as it is possible to make it. Crown Reserve is nothing more than it has been painted and Kerr Lake, formerly known as Jacobs Mine, is a proposition scarcely second to anything else in the camp.

"If there was one thing more than another at which I was surprised it

else in the camp.

"If there was one thing more than another at which I was surprised it was the gradual widening out of the Ontario silver field. Many new properties east and south of Cobalt are now undergoing active development and showings already made will bring them into shipping mines within a very short date.

CAPITALISTS INTERESTED New York Magnate Said to Be Invest-ing in Gowganda.

A. F. Matthews of The New York Morning Telegram was in fown yes-terday on his way to Gowganda, where he intends spending the next month. Mr. Matthews is interested in the Gowanda Exploration and Development Company, which was recently incor-

perated in Maine.
A number of picked explorers are accompanying Mr. Matthews on the trip, and it is the intention to get together for this company some of the very best properties in the Gowganda

Mr. Matthews refused to state who were his financial backers, but some New Yorkers who are at the King Edward were thereby satisfied that no less a personage than J. Pierpont Morgan had taken an interest in this proposition and that the biggest development seen in the north country would come from this promotion.

### BELMONT SILVER MINES OF KERR LAKE, LTD.

(No Personal Liability) Incorporated Under The Ontario Companies Act

**AUTHORIZED CAPITAL** 

Divided into 2,000,000 Shares of the Par Value of \$1.00 each. Fully Paid and Non-Assessable

\$2,000,000

Directors-President, James Curry; Vice-President, Hon. George T. Baird; Secretary-Treasurer, Whitfield Vandusen; T. W. Horn, H. A. McKee.

Bankers-Metropolitan Bank, Toronto. Head Office of the Company, 29 Jordan-street, Toronto.

I offer a limited portion of fully paid-up shares of \$1.00 each, price 25 cents per share.

The Compayn owns: (1) The Northeast part of Lot No. 2, in the 4th concession of the Township of Coleman, free of encumbrance and exempt from all royalty. This property consists of forty acres in the rich Crown Reserve, Kerr Lake District, directly adjoining the well-known Drummond and Hargrave Mines, situated a few chains distant from the famous Crown Reserve and Kerr Lake Mines.

(2) The south half of the north half of Lot. No. 4, in the 11th concession of the Township of Lorrain, Nipissing District, containing eighty, acres, or two claims of forty acres each: also free from encumbrance and exempt from royalty.

The forty acres in the rich Crown Reserve, Kerr Lake District, it is believed, on further development, will prove equally as valuable as any of the neighboring properties. The situation is ideal, being near the greatest shippers of the Cobalt Camp. Some of the most promising veins on this property have been discovered and developed under the management of Mr. Ward, superintendent of the Little Nipissing and Michigan Cobalt Mine. Copy of report made by L. H. Mattair, M.E., one of the best-known men in Cobalt, can be seen upon request.

The famous Crown Reserve Mine consists of about twenty-two acres, or about half the size of one claim in this company. This is one of the great wonder mines of the world. It has been under development only about three years, and is paying a quarterly dividend of 15 per cent., or at the rate of 60 per cent. per annum, on a capital of \$2,000,000.

The Kerr Lake Mine in this locality has just declared a quarterly dividend of 4 per cent., and an additional bonus, making the rate 24 per cent. per annum on \$3,000,000 capital. The latest quotation price on Kerr Lake stock is over \$8.00 per share for shares of the par value of \$5.00, and Crown Reserve \$3.40, for shares of the par value of \$1.00. Stock in the Hargrave Mine is now selling at over 60 cents per share on

These figures show that the Belmont proposition is the most attractive in the Cobalt Camp. The shares should, in a few months, sell at double, or, perhaps, three times the present price, 25 cents per share.

Those who were fortunate enough to get in on the first issue offered in either Kerr Lake or Crown Reserve stock could now sell out at several hundred times the price they had to pay, and in the meantime have received large dividends. This affords another opportunity to profit by a low-priced issue in this famous district.

The development and equipment of the properties are provided for by the transfer to trustees of five hundred thousand (500,000) shares of stock for the treasury.

Applications for shares should be accompanied by cheques payable to the order of the Metropolitan Bank, Toronto, who will act as trustees, and certificates for stock will be issued on payment thereof.

The vendors reserve the right to withdraw the shares from sale, or to increase the price, or to refuse any application, or to accept applications for a less number of shares than applied for, in which case the excess of money will be returned. Any other information will be gladly furnished.

# Free Receipt For Weak Men

Gentleman Will Send It Confidentially. Free and Scaled. Every Weak and Unable Man Who Writes for It.

I have in my possession a prescription for nervous debility, lack of vigor, weak-ened manhood, failing memory and lame back, brought on by excesses, unnatural drains or the foliles of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription, free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

envelope, to any man who will write me for it.

This prescription comes from a physician, who has made a special study of men, and I am convinced it is the surest acting combination for the cure of deficient manhood and vigor-failure ever put together.

I think I owe it to my fellow men to send them a copy in confidence, so that any man, anywhere, who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what, I believe is the quickest acting, restorative upbuilding, SPOT-TOUCHING remedy ever devised, and, so cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 3933 ick Blds. Detroit, Mich., and I will send you a copy of this splendid receipt, in a plain, ordinary sealed envelope, free of charge.

NEW YORK, May 28.—After having broken the bank at Monte Carlo on two successive occasions and winning more than \$500,000, Florenz Ziegfield. Jr., finally lost most of the fortune and yesterday was made defendant in the supreme court for \$20,000 tor a gambling debt contracted in Biarritz a few weeks later.

One of the most interesting features of the suit is a letter written by Anna Held, wife of the theatrical manager, to Alfred Boulant, the plaintiff, in which she declares her husband lost millions of fracs at his gambling payillon.
