THE TORONTO WORLD

NIAGARA-ON-THE-LAKE. June 15. (Special)—Camp has been a brilliant place to-day. The crowds that did not come last week on account of the threatening weather. arrived. More than usual came on account of the visit of General Sir John French, who spent the day inspecting the troops. In the morning he had the cavalry corps out, and he put them thru their manoeuvres. After drilling them from 10.80 till nearly noon, he collected all the commanders of regiments and squadron commanders around him and addressed them. He particularly am-phasized the necessity of explaining things to the men. It was better for the men to know the why and the wherefore of things than to be in the dark as to why they were doing a thing.
