ROBINSON HAS UTMOST FAITH IN HIS DODGERS

Brooklyn Has Clear Lead of Four Games and Looks Like the Winner.

BROOKLYN, Aug. 10.-The Dodgers finish up with Chicago tomorrow, and then they tackle the Boston Braves, their nearest rivals. Brooklyn have tonight a clear lead of four games and look far from cracking. In fact, they are supremely confident that they will drive right ahead and win the pennant. From Wilhert Robinson down to the mascot, the proposition that the team will weaken under the strain of leading the league is

proposition that the team will weaken under the strain of leading the league is scouted.

"We feel thoroly at home," said Robbie yesterday. "This business of leading the league was just cut out for us. We are not worried by any team in the league, and we will not allow ourselves to be worried. Why should we, indeed? The oys have been out in front all the time, playing the best ball in the league, and the team that plays the best ball in the league, and the team that plays the best ball in the league, and the team that plays the best ball in the league, and the team that plays the best ball in the league, and the team that plays the best ball in the league, and the pennant.

"The most reassuring incident in the entire season is the wonderful pitching of Rube Marquard, Rube never pitched a better game in all his life. He has his speed, his curve and his control. It topped off his fine work against the Pirates, the Braves and the Giants when he curbed the Cubs up sharply. I look for the big left-hander to be in there all the time, from now on, working in his regular turn, and handing in victories for us. His come-back just about nails that old flag to the pole.

"Jake Daubert is out for a few days with a sore leg. But, even if he remains out, we are not terribly weakened. Lew McCarty can cover the bag some, and I guess Lew isn't hitting that old ball!

"I rank George Cutshaw on a par with any second-baseman in baseball. George isn't a flashy ball player, but he gets the results. Moreover, he gets them in a manner which leaves no doubt of his ability. Many a stop and many a catch he makes in a way which is most deceptive. He knows the batters and where to play them, and so many a hard play is made to look easy. It is a player like Cutshaw who is most valuable.

"Leaving George to cover second base, more over to third and shake hands with Milke Mowrey, who is playing the best same of his career. I know of no man in the big leagues who is covering this position in better style. Good things are coming our way, for Iva

Threre are some who fear our next trip.
We don't. The other teams have to travel as far as we do, and we have been uniformly successful on the road this year. It is not the west that will give us trouble; it is the east. The strength of the National League is centred in Brooklyn. Boston, Philadelphia and New York, and you know who is leading the league."

BARACAS LEFT TO PLAY EATONS FOR THE CUP

Ulster Beaten by One Goal in Replayed Tie at Dunlop

Baracas beat Ulster 2 to 1 in the replayed Ontario Cup semi-final between Baracas and Ulster at Dunlon field last night before a fair crowd. Ulster took the field minus the services of Adgey, Purdie, Turnbull and J. Forsythe, all being injured but the latter, who, finding his team was short, turned out after the game had been in progress five minutes. He signalized his appearance with a hot shot at Stewart, the goalie clearing in nice fashion. Baracas forced a corner, which was cleared. Ulster broke away on the left, but Campbell spoilt by getting offside. Reid had a great chance to open the scoring, but he shot yards wide. Geo. Forsythe made a brilliant attempt to score, tricking five opponents, Hunter giving a corner in order to save his goal. Stuart grazed the crossbar from the corner kick. Baracas went away, and Collins hit the bar with a nice shot. They came again and Macgregor centred across the goal mouth and Burdett miskicked. Ross rushed in and epened the scoring with a fast oblique shot. G. Forsythe was again prominent with a nice individual effort, he finally gave to Campbell, who grazed the upright with Stewart, well beaten. Midfield play ruled to the interval with Beracas leading by 1 goal to 0.

On resuming Ulster forced a corner, which Forsythe put behind. Baracas pressed, but were sent back. They came again, and Brownile accepted a pass from the right and fooling Bendett put the ball into the refine the surface of the surface of the surface of the corner. Ross put the ball into the goalie's hands, the latter pulling the ball into the goalie's hands, the latter pulling the ball into the sorone. Ross put the ball into the goalie's hands, the latter pulling the ball into the sorone. Ross put new life into the Ulster boys, and for a time the Baraca defence was sorely pressed. They held out, however, and Shaw, putting his left wing in possession for Brownlee to run thru and score again for Baracas. Not disheartened Ulster pressed again, and Reid missed by inches. There was no further scoring, and Bar

LEAFS TO WIN PENNANT WITHOUT RED McKEE

President McCaffery has given up all hope of getting back Red McKee. He expects to land the championship with Kelly, Kritchell and Hayden catching. The last named will report next Monday at Providence, where Viox will also join the Leafs.

Outfielder Costello is expected to be landed next week.

Bonesetter Reese told Jimmy Smith that he was suffering from neurasthenia and to hustle back into the game at once. He merely imagined he had a bad arm.

LAWN BOWLERS WILL COMPETE AS USUAL IN D.B.A. TOURNEY

Drawn for Walker Trophy and Toronto Cup-Everything in Shape for Play.

While the official list shows 136 entries for the annual Dominion Lawn Bowling Tournament next week, Mr. B. W. Rice, hon, secretary, received five names too late, that would have broken the record for the high mark. This speaks well for the bowlers, almost invariably eligible for A. and R. buttons, who are following their daily routine as usual. There are 47 out-of-town rinks entered, the list being made up as follows:

A city school teacher was endeavoring to elucedate some of the simpler phenomena of electricity, and at the close of her little lecture said sweetly. "Can any of you children give me the name of some non-conductor and tell about it i na few words?" A sharp-eyed urchin exclaimed: "In kin, teacher. Sam Holly's old man is one. There was a spotter on his car seen him knock down a fare. Old Holly's a non-conductor ever since."

GREY LACROSSE TEAM WON CHAMPIONSHIP

Defeated Sportsmen's Battalion and Enter Semi-Finals at Camp Borden.

By a Staff Reporter. CAMP BORDEN, Aug. 10 .- The 147th Grey lacrosse team won the fourth brigade championship tonight from the 180th Sportsmen's Battalion, by a one-sided score of 16 to 1. The

win sends the Greys into the semifinals for the Camp Borden championship.

The game was played at the Athletic Stadium, it being necessary to go there to secure room for the crowd.

LOVE KING ALBERT

Belgium's Sovereign Shares Hardships and Dangers of Men.

CEPENHAGEN. - The Belgian army is now better equipped than it has been at any time during the war. The morale of the men is excellent, and the one desire is to drive out

the hated invader. Along the banks of the Yser there are spots where the Belgian and the German lines are separated only by 25 yards. The operations on the Belgian front have latterly confined themselves to intermittent artillery duels. in which the advantage has generally rested with the Belgians.

A little time ago there was sharp fighting at Dixmude, when the Germans made a powerful attempt to import their position but that prove their position, but they were smashed up by the curtain fire of the Belgian gunners. This was a particularly smart exploit, about which nothing seems to be known in England. Altho the Germans are trying in every possible way to ingratiate them-selves with the inhabitants of invaded Belgium, they are hated now more than ever, and the people only long for the day when they will be able to welcome the victorious allied army. The great worry of the Germans is still the elusive Belgian patriotic journal La Libre Belgique, which contin-

ues to be published regularly every week, despite the offer of several thousands of pounds for the discovery of the people responsible. The editor announces that if the Germans look for it in Brussels it will be printed in Antwerp, and when they look for it in Antwerp it will be print-ed in Ghent, and if the search is made in Ghent it must needs be looked for n Namur. After many efforts the Germans have

succeeded in inducing a number of Belgian workmen to restart the Belgian glass industry, but the workmen demand increased food rations because of the extra strain which the work involves. A great number of Belgian workmen still obstinately refuse to work for the Germans at all, and if it were not for the help of the criminal relief committees, would starve. King Albert remains as ever a shining example to his army, sharing their dangers and to a considerable extent their hardships in the field. He is always among them, encouraging them with kindly words, and the affection they have for him can hardly be ex-

It is a great revelation to go among the Belgian troops and to note the calm, cheery confidence with which they regard the future. They believe their own lines invulnerable, and they are no less confident that the Germans can be driven back to their second can be driven back to their main defensive line, which is the line of the Meuse and the Sambre.

ADVICE ON FRUIT WILL LOWER COST

Dominion Had Imports While Ontario Fruit Rotted on Ground.

Two most seasonable bulletins have been issued by the dairy and cold storage branch of the federal department of agriculture bearing upon the pre-cooling, shipment and cold storage of tender fruit. Both bulletins can be had free on application to the publications branch of the decion to the publications branch of the department at Ottawa. In the first of these publications Edwin Smith, B. Sc., in charge of the pre-cooling station at Grimsby, Ont., sives details and advice regarding the pre-cooling of fruit, along with results obtained from experiments. It was only in 1914 that the pre-cooling and fruit storage plant was established at Grimsby. Since that time extensive tests have been carried on regarding conditions for shipment and temperature at various stages in transit. Results and observations are given retaitive to all kinds of fruit, including tomatoes, and not only in reference to transportation, but also as to the effect on marketing. During 1913, this bulletin states, while tender fruit lay on the ground rotting in Ontario, the Dominion of Canada imported huse quantities of peaches. plums, grapes, plans, apricots, etc., from the United States, owing to the better and more provident care that had been taken. By following the counsel contained in this bulletin, this state of things will be avoided. Rates, rules and regulations for pre-cooling and storage are supplied. The second bulletin, for which J. M. Creelman, B.S.A., shares with Mr. Smith the responsibility, not only deals further with pre-cooling investigations, but also goes fully into methods of packing, shipping and storing tender fruit, tomatoes, corn and cucumbers. Both bulletins are suitably illustrated and should command the earnest attention of fruit-growers and shippers. partment at Ottawa. In the first of these
