DENIALS ARE IGNORED

Quotations on Wheat Ad vanced Sharply and Close Was Strong.

CHICAGO, Aug. 4.-Widening out of the black rust area in Canada, as reported thru the ordinary trade channels, sent the wheat market soaring today to, the highest prices yet this season. Denia's by Canadian government officials appeared to have no influence. The outcome was a strong close at 4 to 4%c net advance, with september at \$1.34% and December at \$1.38%. Other leading staples, two, all scored gains—corn % to 1%c, oats 1% to 1%c and provisions 10 to 22%c.

Broad demand characterized the wheat market almost uninterruptedly thruout the day, with foreign purchasens taking the lead. Export buying for immediate shipment as distinguished from European acquisition of pit contracts for deliveries in future months amounted to 700,000 bushels, mostly domestic winter wheat, at the topmost righters realized notar in 1914. Exporters said it was not so much a question of price as of getting the wheat. At least one foreign government seemed to be directly in the market as a buyer. The burst of strength that began the instant trading epened, and that reached the acme just before the close, was laid in the main to despatches from a leading expent who telegraphed from Regina, Sask, that nonthward from Estevan, Sask, the fields were all infected with black rust.

Denials ignored.

Assertions from Canadian government officials that the rust in Saskatchewan wheat fields was the comparatively harmless reu variety and not the dreaded black kindred received but scant aftention from wheat traders here. The largest holders stood firm in their builing views, especially as the crop outlook in Manitoba, as well as in Saskatchewan seemed, according to unofficial advices, to be growing distinctly worse.

Corn rose with wheat and as a result of drought and heat. Only scattered showers were reported. Oats were in active demand. There was a liberal export call, influenced apparently by continued unfavorable reports concerning yields.

Higher prices on hogs gave strength to provisions. Offerings were scarce.

WINNIPEG GRAIN MARKET.

WINNIPEG, Aug. 4.—Wheat closed 5½c up for October, 5½c up for December, and 4½c up for May. Oats were Ichigher for October, and 1½c up for December. Barley was 2c higher. Flax gained 3½c in October and December. Reports of damage from last night's storm caused a strong market.

General trade was enormous, bringing wheat up 16c from the low points of the week. Cash demand was good. Oats continue strong.

Open. High. Low. Close.
