Commons Considers New Tariff in May, Says Ballantyne Reds Make Gains Following Fighting in German Towns

**MEANS LONG DELAY
 HERE. S. REACHES
 FULL PEACE STATUS**

**Senators Differ Over Means
 to Be Adopted While the
 House is Indefinite.**

NO WORD FROM WILSON

Washington, March 21.—Altho active steps to declare a state of peace by congressional resolution are not expected until late this week, Republican leaders of the senate and house are to begin conferences tomorrow on the exact form such a declaration should take.

Some senators and representatives want to phrase the peace measure in the simplest affirmative terms, others prefer to repeal the declaration of war and go on record as demanding certain concessions from Germany, while still others are for inclusion of some sort of a declaration of international policy. The principal opposition to a declaration is expected to come from the treaty-reconcilable in the senate, some of whom have told the majority leaders they consider the treaty inopportune for congress to take any binding stand on the subject.

These senators do not like even the leading peace resolution by Senator Knox, Republican, Pennsylvania, which reaffirms the belief of congress in an international tribunal and disarmament.

For the present, however, the Knox resolution has the right of way so far as the senate program is concerned. It was reported by the foreign relations committee in December and announced in the treaty-reconcilable bill from the basis of opening discussion of the subject late this week on the senate floor.

In the house the situation is less definite, the Republican leaders there having formulated no policy. In December they declined to let the question of a peace declaration come up at all, but many house members believe the case may be different now.

The senate again has refused to ratify the treaty, while the house committee already has several peace measures before it and Representative Britten, Republican, Illinois, announced today that he would introduce another tomorrow.

What Will Wilson Do?

With the treaty back at the White House and plans for a peace declaration still in their formative stages, reports of several days generally is expected in congressional debate on the issues raised in connection with the establishment of peace.

There has been as yet no intimation given of the action the president will take over the rejection of the treaty by the senate.

Three courses are open to Mr. Wilson. He can return the treaty to the senate, in which case the Republican leaders declare it will be pigeon-holed indefinitely; he can do nothing, while he waits for the people in the political campaign, or he can treat the treaty as a dead letter, and announce that he will negotiate a separate peace treaty with Germany which he alone, under the constitution, could initiate.

Whichever of these he chooses, a long delay seems inevitable before he can bring the country to a full peace status, and the state department holds out until such a status is attained the present diplomatic and trade relations with Germany must be continued.

TROUSERS UNCHANGED

**Price is Likely to Enforce Dictum
 of New York Tailors.**

New York, March 21.—The tightening suit for men is no more. The New York custom cutters' club has decreed a "natural fitting cut," not so narrow and a fraction longer. The "slouch" lapel is also banned. Narrow sleeves will be retained. Trousers are practically unchanged.

**TURKISH NATIONALISTS HOLD ASIA MINOR
 AT MERCY; FEARS FOR CHRISTIANS FELT**

Constantinople, March 21.—That the traditional grandeur of the sultan's pageant in an atmosphere which must be British dreadnoughts in the Bosphorus. Surprise is evidenced by most of the Turks, who refuse to believe that the spoils belong to the victor.

The sultan issued an exhortation to his subjects Friday to pursue their usual vocations in peace, regardless of foreign occupation. Meantime, a British warship was steaming towards the coast carrying Reouf Bey and many others supporting Mustafa Kemal's opposition to the dismemberment of Turkey and were rounded up in a raid on Constantinople preceding its occupation.

The nationalists charge the sultan with treachery and say he lacks courage and patriotism. The sultan's cabinet threatened to resign, but after several meetings decided to retain office. Altho it reported the cabinet prepared to give the new cabinet a vote of confidence, no meeting of the

**New Fiscal Policy
 Ready for Canada**

**Hon. C. C. Ballantyne States It Will Be Announced
 On Return of Premier Borden About May 1—
 Policy to be Neither Free Trade nor
 Class Legislation.**

Montreal, March 21.—Announcement that a new Canadian fiscal policy is ready and that it will be presented to the house of commons on the return of Sir Robert Borden about May 1, was made by Hon. C. C. Ballantyne, minister of marine and fisheries, on Saturday night, in an address to members of the Canadian Workers Federation of Returned Soldiers and Sailors, who tendered the minister a banquet in the Windsor Hotel here.

The minister intimated that the proposed tariff will not be class legislation, nor free trade policy, but one that will grant favors to none and will cover the diversified interests of Canada while yielding necessary revenue.

Federal Shipbuilding Plans.

Discussing the question of shipbuilding, Mr. Ballantyne said that the government had not arrived at a final conclusion in regard to the building of passenger ships, but that with the completion of 62 cargo ships that part of the program was at an end.

In the course of his speech Mr. Ballantyne said that the Dominion Steel Company would within the next few days be officially informed that the government would take the maximum quantity of 75,000 tons of steel shipplates.

**CAR TURNS TURTLE;
 DRIVER RUNS AWAY**

**Five People Narrowly Escape
 Death on Lake
 Shore.**

Four people were slightly, and one seriously, injured yesterday afternoon when their hired automobile capsized on the bridge bank just outside Mimico, on the Lake Shore road. The driver, apparently, did not have full control of the car, for, while crossing the bridge, he wheeled sharply to the right, causing the auto to mount the bank and then turn completely upside-down, pinning the occupants helplessly underneath.

The taxi had been hired from the Culliton garage by Mr. C. A. Reeves, who was traveling with his wife, three sons and a friend, Miss Cotterell. When a rescuing party arrived, it was found that the driver had disappeared, and that it was necessary to cut the top off the auto in order to extricate the passengers beneath. With the exception of Miss Cotterell, whose ribs were broken, all the injuries were slight. The chauffeur was captured shortly after the accident, but succeeded in making his escape, and the county police are now looking for him.

**MISSING GIRL LOCATED
 AFTER WEEK'S SEARCH**

Annie Semple, the 16-year-old girl who disappeared from home last Monday and was believed to have been kidnapped, was located Saturday night in a house on Gore Vale avenue, by Detective Ward. The police premise developments in the case, which will likely materialize today.

The young girl left her home at 445A Yonge street last Monday to exchange a book at the public library, College street. When she did not return home that night her mother, fearing the girl had been taken away, asked the police to locate her daughter.

FOUR FEDERAL BILLS

Ottawa, March 21.—(By Canadian Press)—Hon. N. W. Rowell, as minister of health, has given notice of four bills which he will introduce in the commons on Monday. They are in respect to food and drugs, maple products, honey and commercial feeding stuffs.

The only government bill in Turkey which has any power is believed to be at Angora, 215 miles east-southeast of Constantinople.

Atustapia Kemal and his committee have the interior of Asia Minor largely at their mercy. Whether they will be deterred from action by the allied seizure of many of the nationalist leaders remains to be seen. Communication has been broken with virtually all of Asiatic Turkey and nothing is known in Constantinople about conditions there.

The small number of allied troops in Turkey has made it impossible to afford protection to the Christian population in the interior, and great uneasiness is felt for welfare workers in Antolia and Cilicia, as it is feared the nationalists will take hostages.

On the Field of the Cloth of Gold.

How will the Beck showdown with the Mackenzie power and radical sections come out this week? is the great question. No one seems to know. It depends on Sir William more than Sir Adam. The latter makes the show-down or offer, but Sir William has the show-down.

Sir Adam arrives here today; his experts will hand their report to him; and if all goes well he may be able to make his proposal tomorrow.

Sir William was out of town for the week-end, but he may be in his office today or tomorrow when Sir Adam arrives with his lance and charger.

How the intimation will come to Sir William no one knows. But he will receive it with every knightly consideration.

The correspondence or the conversation will in all probability be of the most polite and as receptive as any one in Canada. He never goes about with his c.e.t.-a's left so as to invite any one to tread thereon.

Sir Adam may also use scented note paper for his billets-doux to Sir William.

The public will await the message or the meeting with extreme interest.

Very hot put it on at one of the movie theatres? The public and the farmers would certainly reach for the front seats!

**TWO-MILE CORTAGE
 FOLLOWED THE BODY
 OF MAYOR OF CORK**

**Only Motive Suggested for
 Murder is Revenge for
 Killing of Policeman.**

PROCLAMATION ISSUED

Cork, Ireland, March 21.—Thousands of persons resident in the city and from the surrounding country today passed thru the city hall, where the body of Lord Mayor MacCurtain, who was assassinated early Saturday morning, was lying in state.

A procession of mourners two miles long followed the hearse yesterday, when the body of the lord mayor was conveyed from his residence to the town hall. Bishop Colahan walked in front of the first body of the Cork Sinn Fein volunteers, which acted as a bodyguard and which furnished the guard of honor in the town hall during the night.

Today a proclamation printed in English and Gaelic and signed by Father Dominic, chaplain of the Republican Guard, was posted about the city. It said:

"With a grievous heart, I announce to you the death of our lord mayor, Thomas MacCurtain, commander of the Cork first brigade of the army of the republic. The public will observe Monday as a civil holiday to afford the citizens an opportunity of testifying their respect to our chief citizen and their horror at the brutal and cowardly manner in which he was done to death. Let no provocation move our citizens to retaliation or to any unseemly act."

The only reason suggested for the assassination of the lord mayor is revenge for the recent murder of policeman. Some persons today expressed the belief that it meant the beginning of a campaign of retaliation for the killing of numerous members of the Sinn Fein army and soldiers, for which acts no one has yet been punished.

The inquest into the death of the lord mayor was begun yesterday, but an adjournment was taken after brief formalities had been carried out. The solicitor for Lord Mayor MacCurtain's family requested that no former policeman should serve on the coroner's jury.

Alexander MacCabe, member of parliament for South Sligo, who had been released from prison after having served a sentence imposed last year on a charge of inciting a riot and unlawful assembly, has been re-arrested and sentenced to three months' imprisonment for inviting subscriptions to the Sinn Fein loan. MacCabe has (Concluded on Page 2, Col. 7.)

**Number in Kerry Put Aboard
 Destroyer With Destination
 an English Prison.**

Dublin, March 21.—There was a roundup of prominent Sinn Feiners throughout Kerry yesterday. A number of them were put aboard a destroyer under military authorities, their destination presumably being an English prison.

The conditions under which Justice Moore and Justice Gordon are men, to four pounds, eighteen shillings indicative of the precautions being taken to protect some of the public men. Six armed policemen guard their lodgings at night, others follow their carriage when they drive to the court, and while they are presiding at sessions the court room is guarded by plainclothesmen.

A number of the prisoners had to be taken to Court street station, on account of West Dundas station being taxed to capacity. There was an even hundred in the place when the police entered, but the plainclothesman allowed a diminutive mute to leave after being assured he had not been in the game. The slates, the police stated, were used to keep track of the winnings on, and that settlement was not made until the game was over. A number of the accused were allowed out on bail of \$100 each and so long was the line of bondsmen to ball the prisoners out that the police lined them up on the street outside of No. 2 station and called them in as their prisoner was arraigned before the magistrate for bail.

**RAID IN CAFE YIELDS CATCH OF
 FOREIGNERS ALLEGED TO
 BE GAMBLING.**

Ninety-nine foreigners were arrested last evening when plainclothesmen, Clarkson and Mulholland raided a cafe at 16 West Dundas street. The police surrounded the building and when the plainclothesmen walked in none of the inmates made any attempt to get out. Mike Viccigis, is charged with keeping a gaming house and the other 98 are charged with being found in it. The police seized a full of playing cards. The prisoners claimed they were playing for the price of "soft drinks."

The raid followed many complaints of gambling going on in the building on Sundays.

**ANNOUNCE GOLD DISCOVERY

**Find of Gold Nuggets on Farm Near Town of
 Alask--Conditions Ideal For Placer Mining
 --Already Acquiring Claims.**

Alask, Sask., March 21.—George Egstead filed a creek claim at the sub-agency of the Dominion Land Office, Alask, on Friday afternoon. He brought up from a shallow well what appeared to be gold nuggets, and an analysis from Calgary says that the mineral is really that precious metal.

The well is located on the farm of W. Andre, ten miles west of Alask, near an old creek, or small river bed. It is an ideal place for placer-miner work, and the sediment is running high. When the land office opens on Monday there will be perhaps twenty-five claims acquired, under the federal mining laws. The claims are only five hundred feet wide. It is stated that Mrs. George Egstead has acquired a mining claim.

The other claims extend to the Dermarchant farmstead, which adjoins the Andre property.

Location of the Discovery.

The find of gold announced in the foregoing despatch is located in a district about 150 miles southwest of the city of Saskatoon, in southwest Saskatchewan, not far from the borders of Alberta. Alask, mentioned as the nearest place to the gold discovery, is on the Goose Lake branch of the Canadian National Railways line running from Saskatoon to Munson, Alberta.

 Halifax and St. John.**

TO SELL THE "RAINBOW"

Ottawa, Ont., March 21.—(Special).—Following the party caucus, in which it was decided not to inaugurate a naval policy, instructions have been issued to disorganize the present Canadian naval force; also to stop all naval work at Esquimaux, Halifax and St. John. Further, it has been reported that the vessels now in the Canadian navy will be sold.

H.M.C.S. "Rainbow" is to be sold.

Close on July First.

Halifax, N.S., March 21.—The dockyard at Halifax is to be closed about July 1, according to advices from headquarters at Ottawa, just received here. The captain superintendent is to proceed with demobilization of ranks by July 1. The officers residing in the dockyards will be required to vacate their residences one month after demobilization, and all the ships and boats are to be sold. There are at present between four and five hundred men employed in the dockyard and many of them are skilled mechanics. There is also an office staff of about 75.

The total attendance is expected to reach 400 and at the usual executive meeting today all members of the Dominion executive were present including President W. P. Purney. **DOGGING SENTRY
 ANNOYS WILHELM**

Amerongen, March 21.—The constant pacing of the sentry behind former Emperor Wilhelm, when he walks in the Bentinck Castle garden, has so annoyed the one-time German ruler that on several occasions he has told the guard not to follow him so closely, but to stay out of sight.

**WHY SHOULD TURKEY
 ESCAPE JUSTICE?**

**Lloyd George Tells Indian Delegation
 She is Receiving Same
 Treatment as Her Allies.**

London, March 21.—Premier Lloyd George on Friday discussed the Turkish question with the Indian delegation headed by Mohammed Ali, who declared that Turkey should have all her pre-war territory restored. The premier replied:

"I do not understand Mr. Mohammed Ali to claim indulgence for Turkey; he claims justice, and justice she will get. Austria has had justice; Germany has had justice—pretty terrible justice. Why should Turkey escape?"

"Turkey thought she had a feud with us. Why did she come in and stab us and destroy liberty throughout the world while we were engaged in this life-and-death struggle?"

"Is there any reason why we should apply a different measure to Turkey than we have meted out to the Christian communities of Germany and Austria?"

"I want the Mohammedans in India to get it well into their minds that we are not treating Turkey severely because she is Mohammedan. We are applying equally the same principle to her as to Austria, which is the greatest Christian community."

Referring to the temporal power of the caliphate, the premier said he could not interfere in a religious question, in which Mohammedans themselves differed.

The delegation requested that the Armenian massacres be investigated by an international commission on which the Moslems were represented.

Regarding the Armenian massacres, the premier said the allies were bound in the interests of civilization to exercise control of some sort, since the Turk government was incapable of protecting its own subjects.

"I want to give this feeling to the Mussulmans of India, who stood loyally by the throne and the empire, said the premier: "We recognize that they have the right to be heard in a matter which especially affects Islam. We have largely deferred to their wishes in the matter. The massacre was very largely affected by the opinion of the Mussulmans of India."

EBERT BACK IN BERLIN

**Cabinet Council Deliberating Regarding
 Serious Situation.**

Berlin, March 21.—The government of President Ebert, which left Berlin a week ago when Dr. Wolfgang Kapp and his reactionary troops entered the city, is again in power. The cabinet, President Ebert and the members of his ministry reached here at 11 o'clock this morning from Stuttgart and soon after the order for a state of intensified siege was withdrawn.

Meanwhile the signs and symbols of the Kapp dictatorship, the wire entanglements and the barricades were being removed. Public services have in a measure been re-established, and it is hoped that soon Berlin will resume its normal activities, tho it will be a long time before the damage wrought, material and moral, will be repaired.

**ANARCHY AND BLOODSHED IN
 ESSEN, LEIPSIG, DUSSELDORF

 STILL TERRORIZE BERLIN—REDS
 ARE WELL ARMED.**

London, March 21.—Government advices received from Germany today are to the effect that the independent socialists are demanding further concessions on the part of the government, probably because the Communists are gaining the upper hand in west Germany.

The advices from Essen, Dusseldorf and Elberfeld indicated that all three towns were in the hands of the Spartans; that something approaching anarchy was taking place in Essen, and that fighting was continuing in Leipzig.

Communist troops also are in power at Dortmund, Bochum, Barmen, Hagen, Iserlohn and Hattingen. The police weak to do anything against superior numbers and better armed men.

The general strike has terminated at some places, the despatch adds, to work under the circumstances.

All was quiet in Frankfurt Sunday afternoon, says a despatch to the London Times from Brussels, but there was continued turmoil with loss of life, reported in various parts of the country.

A despatch to the same newspaper from Berlin, timed 2:50 o'clock Sunday morning, says the more truculent of the Baltic troops still hold various Berlin barracks. They are terrorizing the suburbs and raiding inner districts occasionally in armored cars with shooting if they are interfered with. It is reported that Wolfgang Kapp's party is still negotiating with the government regarding an amnesty, and is even demanding one seat in the cabinet.

The Berlin Communists number 10,000 well-armed workers and troops, and this number is steadily increasing, says a despatch to the London Times from Rotterdam quoting the Rotterdam Courant's Essen correspondent. The Communists have at their disposal big guns, armored cars and airplanes.
