SWEDEN WILL BAR SALOONS
Stockholm, May 16--Sweden has taken a further step in the restriction of the sale of alcoholic beverages. The law adopted by the Riksdag, effective on January 1, 1919, the present system of selling distilled liquors is extended to cover wine and beer. This means that every consumer will have to be equipped with a pass book in which his purchases will be entered. Private saloons also will be abolished and all private trade in beer and wine will be prohibited.
