

PROBE INTO COST OF MILK STARTED BY MAYOR POTTS

Committee Named by His Worship to Inquire Into Prices

Mayor Potts yesterday afternoon brought up at the council meeting the matter of dear milk in St. John and, after some discussion, appointed Commissioners Wigmore and Harding a committee to bring in a report on the cost of doing business and the spread between the price paid the producers, said to be 4-12 cents per quart at Sussex, and the amount which the consumer in St. John has to pay.

In introducing the subject, His Worship said he had received many complaints about the high price of milk in this city and now it was said that lack of milk, due to its high price, had resulted in the death of two children. He did not know whether there was any machinery at its Hall to deal with this problem but he proposed to find out and if there was none to see that it was procured.

Commissioner Wigmore said this was a very important matter and he felt the present price of milk to the consumer was out of all proportion to what the producer received. He pointed out that in wartime, when this matter was investigated by the cost of living commission, the spread to the dealer had been placed at four cents per quart, and he did not think the cost of handling was any greater now than it was then.

He had been told, and he regarded the authority as good and reliable, that milk was being sold to the dealers at 4-12 cents per quart and they were charging the St. John consumers 14 cents a quart. He recalled that when compulsory pasteurization was advocated it was said the pasteurization would not cost the dealers any more than caring for the milk did before that, and he could see no justification for a spread of 9-12 cents to the dealer.

Commissioner Bullock thought the

council should ask the dealers to furnish a statement of cost of doing business and the amount of spread they had and moved that a committee be appointed by the Mayor to look into the matter and report to the council. This carried and His Worship appointed Commissioners Wigmore and Harding the committee.

WOMEN WRITERS ON VISIT TO CITY

Two clever women writers were in the city yesterday and today will continue their travels in the Maritime Provinces by journeying to Cape Breton. Both had been engaged in journalistic work and are now free-lances whose articles and stories are much in demand. The two hailed from Upper Canada.

Miss Mabel Burkholder, who was for several years treasurer of the Canadian Women's Press Club, makes her home in Mount Hamilton, Ont., and Mrs. Bertha Price lives in Sherbrooke, Quebec, where she was for several years editor of the Daily Record. Miss Burkholder has lately published a book of Indian legends entitled, "Before the White Man Came."

FORTY HOURS CLOSE

The closing exercises of the Forty Hours Devotion were held last evening in St. Joseph's church, Loch Lomond, at 8 o'clock. The rosary was recited by Rev. William Crowley. Rev. Joseph Butler intoned the litany. Rev. William M. Duke preached an impressive sermon on the Blessed Eucharist. Father Minard, C. S. R., who is preaching a retreat to the children of the Monastery of the Good Shepherd, officiated at the Benediction. Others of the clergy present were Rev. C. P. Carleton, Rev. F. F. Walker and Rev. Eugene Reynolds. The children who were attending the orphans' picnic were also present.

Cavanaugh-Rafferty.
Many friends in this city will be interested to learn of the wedding of Miss Augusta Rafferty, daughter of Mr. and Mrs. James Rafferty of Milltown, Me., to Edmond Cavanaugh, son of Margaret Cavanaugh of this city. The marriage took place on Aug. 14 in the Church of the Immaculate Conception, Calais, Me., where nuptial mass was celebrated by Rev. George J. Pepate. The bride was becomingly attired in a white georgette gown with satin trimmings and wore a hat to match. She carried a white prayer book. The bride was attended by her sister, Miss Hazel Rafferty, who was

attired in jade green Canton crepe and wore a chic white hat. Gordon Sullivan of St. John was groomsman. After the ceremony a wedding breakfast was served at the home of the bride's parents. Mr. and Mrs. Cavanaugh left for a honeymoon trip and on their return will reside in St. John. They received many very beautiful and useful gifts.

Bon Ami—makes windows crystal-clear!

Cleaning windows loses its drudgery when you use Bon Ami!

Just apply a thin lather of Bon Ami with a damp cloth. Wait until the white film dries. Then whisk it off with a dry cloth. Not a streak, smear or fingerprint remains! The window is so clear you have to poke it to make sure it's still there! A window a minute is an average record with Bon Ami.

And this housewife's "good friend" is just as wonderful a cleaner for a host of other things—white woodwork, enamel, nickel, brass, tiling, etc. And no matter how much you use it, it never roughens your hands.
