## 380,172 BOTTLES OF ASPROLAX ARE SOLD IN TWO MONTHS' TIME

New Scientific Discovery is Rapidly Becoming Sensation of the Drug Trade Throughout America.

BREAKS UP A COLD BY REMOVING CAUSE

Thousands Using It With Gratifying Results—Great Superiority Over Ordinary Remedies Clearly Demonstrated.

Remarkable as it may seem, 380,172 bottles of Asprolax have been sold in two months and Dr. Snath's new scientific treatment for colds is rapidly becoming the sensation of the drug trade throughout America.

The great superiority of Asprolax over the ordinary remedies heretofore prescribed has been clearly demonstrated, and people everywhere have been quick to recognize it as a preparation of remarkable merit.

Right here in Canada alone 84,594 bottles have been sold and distributed within the past two months, and it is

with difficulty that the manufacturers have been able to supply the large and rapidly growing demand.

The phenomenal success of the preparation can be readily explained by the fact that it is a real specific and breaks up a cold by removing the cause, while the great majority of the present-day remedies relieve the symptoms only. Thousands of people who have used Asprolax state that it is almost magical in its effect and are recommending it to their friends.

Asprolax is a combination treatment, and acts as an anti-pyretic, which reduces the fever; an expectorant, which loosens the phlegm, relieves the congestion and stops the cough; a laxative, which opens the bowels, and an antiseptic which retards germ growth and prevents the spread of infection.

It is delightful to take and produces no unpleasant after-effects whatever. Even children take it readily, and it acts on all, both old and young, with the same gratifying results.

If you are suffering from a cold, go to your nearest drug store and get a bottle of Dr. Snath's Asprolax. Open it on the spot, take one teaspoonful, repeat the dose in one hour and again in two hours. If by the time you have taken the third dose you are not surprised and delighted, take the bottle back and your money will be refunded without question.

Chronic coughs and persistent colds lead to serious complications, such as lung trouble and pneumonia. Only one bottle of Dr. Snath's Asprolax is usually sufficient to break up the most obstinate cold.

MOVING TO TORONTO.

Sussex Record: S. J. Hargreaves, who has been with C. T. White & Son, Ltd., for several years, will leave today for Toronto, Ont., where he has accepted a position with one of the leading firms in that city.

Mrs. Hargreaves and children will remain in Sussex until the completion of the school term next summer. In the departure from Mr. Hargreaves the town will lose a splendid citizen. He always took an active interest in everything tending to the welfare of the community, and was active and energetic in all his undertakings.

Mrs. Hargreaves was chairman of the Trinity Church, secretary-treasurer of the S. A. A. C., and served in the town council as alderman of Ward 1. Mr. Hargreaves will be greatly missed from church, social and athletic circles.
