The Secret of Being Comfortably Clad.

Yesterday was a fair sample of the weather we are now entering into, and the man who struggled through the warmth with a heavy suit more than paid for his shortsightedness. For the man who wants to dress in keeping with the thermometer we have the very clothes here to suit his needs—also his purse.
Sacks, Shirts, Ties, Collars—all here.

LOCAL NEWS

MAYOR TO OTTAWA.

Mayor Schofield will leave this evening on a trip to Ottawa. He expects to return to the city on Friday morning.

WATERLOO STREET.
Complaint has been made by residents of Waterloo street about dust nuisance. It has been suggested that the street be paved. The road engineer said that this would doubtless be a solution of the difficulty.

FORMERLY PRACTISED HERE.
Friends of Dr. Byron S. Price, a former resident of this city, will be pleased to hear of his success in the United States. Dr. Price is now president of the American Electrotherapeutic Association, with headquarters at 17 East Thirty-Eighth street, New York.

PRESIDENT BEATTY.
President Beatty, of the C. P. R., who will be in the city next Friday, will be the guest of Mayor Schofield and the city commissioners at luncheon at the Union Club. It is expected that matters of common interest will be taken up during the luncheon.

BURIAL AT BROWN'S PLAT.
Service in connection with the funeral of Clarence Smith, son of James Smith, of 31 Pokok road, who died in the General Public Hospital on Friday evening, was held at his residence last evening. The body was taken on the steamer D. J. Purdy this morning to Brown's Plat for interment.

METHODIST W. A.
An executive meeting preliminary to the annual meeting of the Methodist Women's Aid of the New Brunswick and Prince Edward Island Conference will be held this evening and the annual meeting lasting for three days will open tomorrow morning. Besides the local delegates it is expected that there will be fifty-eight delegates from outside points in the two provinces.

THE AKERLEY CASE.
The case of Johnson, L. O. L. vs Mrs. Grace Akerley was resumed this morning before Chief Justice McKewen. Evidence concerning the conducting of a tea room by the lodge at the St. John exhibition was given. The witnesses were Mrs. Cummings, Mrs. Gray and Mrs. Johnston. Adjournment was made till 2:30 p.m. today. J. F. H. is the solicitor for the plaintiff and J. S. Tait for the defendant.

ENGAGEMENT.
Mrs. Julia E. McLaughlin, of Holly street, announces the engagement of her eldest daughter, Helen H. to B. N. Langille, of River John, N. S., now on St. John's, the wedding to take place on June 4th.
Mr. and Mrs. Frank Morrisey have announced the engagement of their daughter Ethel Freda to W. Harold Scott of this city, the wedding to take place early in June.

METHODIST MINISTERS.
At the weekly meeting of Methodist ministers this morning a long discussion took place on work in small fields and the pastoral oversight thereof. Suggestions were made looking to the better care of these districts. Some routine business was transacted. Those present were Rev. Messrs. Neil MacLellan, chairman; S. H. Stewart, Dr. S. F. Heston, Dr. Marshall, J. B. Gough, E. E. Styles, H. A. Goodwin, Henry Penna and G. F. Dawson.

FUNERALS.
The funeral of Miss Alice Melvin was held this afternoon from the residence of D. H. Melvin, 37 High street, to Parkhill. Services were conducted by Rev. G. F. Dawson and Rev. H. A. Cady.
The funeral of Miss Margaret J. Mason was held this afternoon from her late residence, 23 Brunswick street, to the Methodist burying ground. Service was conducted by Rev. O. P. Brown.
The funeral of Mrs. William Dougherty took place yesterday afternoon from her late residence, 248 Duke street, west end, to the Church of the Assumption, where burial service was read by Rev. J. J. Ryan. Interment was in the new Catholic cemetery.
The funeral of Peter Cullinan was conducted by Very Rev. J. S. Walsh from O'Neill's undertaking rooms, Main street, to Holy Trinity church, at 2:30 o'clock yesterday afternoon. Interment was in the new Catholic cemetery.

DEER HIT BY STREET CAR IN MILL STREET.
A young deer ran out from the direction of the C. P. R. freight sheds, Mill street, about 7 o'clock this morning, and crossed the street right in the path of an oncoming street car. The poor animal, becoming frightened by the car, stopped in the tracks with the result that the car collided, injuring the deer so badly that C. N. H. Policeman John Morrissey decided to shoot it. The mortician was unable to stop the car in time to avoid the deer and the animal charged it, and after down. Becoming entangled in the fender, the deer was dragged along and crushed under the car. Sergeant McLesse arrived on the scene soon after the accident and notified the game warden, who is looking after the carcass.
On Saturday a deer ran across the road at Riverdale and was struck and killed by an automobile.

CONFERENCE ON TRACK SITE FOR THE C. N. R. RAILWAY

Mayor Schofield and the city commissioners were in conference this morning with C. Barker, superintendent of the C. N. R. regarding the purchase of the city warehouse on McLeod wharf, which is now occupied by the Memorial Shops. The C. N. R. is desirous of having this warehouse removed in order to allow for a further extension of its railway tracks along the waterfront. It is understood that the railway wants the city to remove the warehouse at its own expense offered the property to the city this morning for the sum of \$9,000, or in case this was not satisfactory, expropriation was suggested. Mr. Barker announced that he would have to report the result of his negotiations to headquarters before any decision could be made in the matter.

PROGRESS IN THE BRUSSELS STREET PAVING QUESTION

Expected That it Will be Cleared Up This Afternoon—Power Company Willing to Co-operate—The Queen Square Loop.

Progress in the matter of the paving of Brussels street was made at a committee of the common council, which took place this morning. P. W. Thomson, manager of the New Brunswick Power Co., was present and assured the council that the company would do everything in its power to assist the city in carrying out this work. A special meeting will be held this afternoon when the report of the commissioner of public works on the matter will be presented.

The N. B. Power Co. applied for permission to erect an electric sign in its building in Dock street. Referred to Commissioner Frink and the city engineer.

Commissioner Thornton said that many owners of electric signs were not complying with the agreement signed when permission was granted—to keep them lighted until 11 p.m.

Commissioner Frink suggested cancelling the licenses in such cases.

The residents of Charles street petitioned for the erection of a retaining wall along Charles street to Rock street. Commissioner Frink said this would be a very heavy expenditure. The matter was referred to Commissioner Frink for report.

Proposed Refractor Law.
Commissioner Thornton submitted a draft of a by-law respecting the removal of stalls from restaurants. The matter was laid over for further consideration.

Brussels Street Paving.
Commissioner Frink reported that he had announced to the N. B. Power Co. the fact that the city intended paving Brussels street. He re-read the letter from the power company read on Saturday asking the city to finance the company's share of the expense by taking a note for two years.

The city solicitor, Dr. J. B. M. Baxter, said that under the law the city could remove the rails for paving and the company was required to replace them when the work was completed. The mayor said that the city was desirous of getting the work done but wanted the power company to co-operate and relay the track so it would not be necessary to dig the street up again later.

Replying to the solicitor, the mayor said the company should be financially able to look after the placing of the tracks.
The solicitor said the only thing to do was to notify the company that the city was to remove the track and to ask them to replace them satisfactorily or the street would be closed to car traffic. He said the Brussels street situation did not look so bad as the Douglas avenue matter did at the start.

The Marsh Road.
Regarding the track on the Marsh road, the road engineer said that all the work to be done there would be surfacing the street and railway work. He said he would adjust the rails only. There would be no foundation or curbstone to be put in. He said some stones had been put in the holes, but the mayor said that the cars were throwing the material all over the road.

The mayor expressed the opinion that this work should be done as soon as possible.
The engineer was of the opinion that could be carried out by the city without interfering with street car traffic. The plans provided for an asphalt surface on the present foundation.

Company to Co-operate.
Percy W. Thomson, manager of the N. B. Power Co., was present and was informed of the plans of the city regarding Brussels street.
Mr. Thomson said the company would go along with the city and do its part of the work. He asked what the city could do to help the company out financially.
The mayor said the work of placing the rails would not amount to a large sum and he thought the city could not be expected to finance the work.
Mr. Thomson said the company would go as far as their credit would allow them. He said the company had \$75,000 to go along with, but was spending \$100,000 on Douglas avenue.
Replying to Mr. Thomson, the road engineer said he would prefer to cut off a portion of the track and transfer, rather than leave one track open all the way. He said either way would be suitable, however.

Mr. Thomson said that the company would agree to a fixed price a yard on the concrete base. This would obviate the necessity of keeping the costs separate while the work was going on. He said the equipment for putting in the rails had been ordered, as had also the rails for Douglas avenue.
The mayor said that the city could not promise to give the company two years to pay for the foundation.
Mr. Thomson said the only thing which could delay their work was delay in the arrival of material. He said the company could start cutting the rails from Douglas avenue for the Brussels street work.

Commissioner Frink said with the information from the power company he could bring the whole matter before a special meeting of the council at four o'clock this afternoon.

Queen Square Rails.
Regarding the rails in Queen Square, West St. John, Mr. Thomson said that the company was desirous of keeping the rails in the square for this summer and then taking into consideration the removal and replacing of the rails on another route.

The mayor asked if something could be done to level the tracks to the grade, provided permission was given to retain them in the square until next spring.

Mr. Thomson replied that he would make a report on this matter in a day or two.

ENGAGEMENTS ANNOUNCED.
Mr. and Mrs. F. P. Josselyn, of East St. John, announce the engagement of their sister, Annie F. Gillett, to Wm. A. Sege, the marriage to take place in June.

Hosiery Week May 30th to June 4th

Why Not Give the Bride-to-Be a REAL Present?

'Tis the order of the day to present the bride-to-be with suitable wedding presents, and what could better serve as a present than a good Vacuum Cleaner?

Here is something she can use for years practically daily, with a minimum of effort; and it will be a most necessary assistant in keeping the home in order so far as cleaning is concerned.

Suppose you chip in and give her a REAL PRESENT. Only a few dollars apiece, and a permanent monument to your well wishes for the married friend.

We feature the Eureka here, not only because it has the most powerful motor in any of them, but because it is economical to operate and thorough in cleaning powers.

May we show it to you?
