## NEW BRUNSWICK WANTS CATTLE EMBARGO LIFTED

Fredericton, Dec. 22.—Hon. D. W. McEwen, minister of agriculture for New Brunswick, has sent a cablegram to the part of his department urging that the embargo against the importation of Canadian cattle into England be discontinued. The cablegram was addressed to the Canadian high commissioner, Lord Lee and Lord Beaverbrook. The text of the message is as follows: Canadian High Commissioner, London, England: "Province of New Brunswick, Canada, endorses every legitimate move for elimination of England's embargo against Canadian cattle. Hope early consummation."  
McEwen, Minister of Agriculture.

## LABOR SUSTAINED IN BY-ELECTIONS Coal Miners Strongly Support Candidates in Wales.

(Canadian Press Despatch)  
London, Dec. 2.—In the by-election in Aberdare, south division of the Rhondda Valley district of Glamorganshire, George Barker, Labor, polled 15,488 votes, and G. Hay Morgan, Coalition-Liberal, 7,842 votes. The seat was made vacant by the resignation of W. Bruce, the well known Labor leader, who accepted a position with the government. In the by-election in West Rhondda, Glamorganshire, W. John, Labor, polled 14,035 votes and Gwilym Rolands, Coalition-Unionist, 9,959 votes. The seat was made vacant through the resignation of the Rt. Hon. W. Abraham, a Labor representative, who retired on account of his age.

## VENISON AT \$100 A PLATE. Jersey Game Warden Ends Feast by Finding Fawns' Carcasses.

Chatsworth, N. J., Dec. 23.—Fifteen hunters suddenly lost their appetite for a venison dinner when State Game Warden Charles C. Morton walked into their camp at Sandy Ridge, produced a search warrant and found the carcasses of two fawns, illegally killed, that had furnished steaks for the feast. The warden notified the hunters that the meat would cost them \$100 a plate each, as the law compelled him to hold every man responsible for having the venison in his possession. The state law for the protection of fawns stipulates that a hunter must see the horns on a buck deer before he shoots.

## Boys' Club Waits Sing in City Streets

It was with a bright greeting, composed for their first appearance as waiters, that nine of the boys of the Boys' Club last night sang so gayly and so sweetly outside the doors of many of the favored city residences. So far as is known, they were the first carol singers who have made their appearance on the city streets. They met with a very hearty reception and great generosity.

Accompanied by Mrs. W. C. Good, who had trained them, and Miss Heffer, superintendent of the club, the nine started on their way at 7:30 last night and serenaded in turn the houses in Leinster and Princess streets and King street east. They sang "Silent Night," "Once in Royal David's City" and "Christmas Bells."

They accompanied the choruses of their songs and carols with bells which had been provided by H. Horton and which were beautifully toned. Several householders came out to talk with the boys and to compliment them on their happy melodies. Some inquired as to the ultimate destination of the contributions which they gave the boys. The inquirers were told that the boys proudly boasted of being the first members of the club that had ever undertaken to raise funds for its support and that the money given them was to supply small needs of the club, such as tools for manual training and a curtain for the club room stage.

The boys were much encouraged by their reception last night and will be still more excited about starting out for tonight's serenade. This evening they will make their route along Coburg and Germain streets and on the next night will visit another of the residential sections. The boys who sang last night were all under twelve years of age. Their names were: Arthur Gibbon, the collector; Arthur Fishwick, Peter Gould, Joe Comeau, Donald Comeau, Louis Comeau, Ralph Wannamaker, William Guitart and Weldon Winchester. Their number probably will be augmented tonight.

## END OF GREAT NORTHWESTERN

Telegraph Company Which  
Has Offices in This Province  
to be Merged in C. N. T.

Toronto, Dec. 22.—"G. N. W." as the name for a telegraph company is to be no more, for after January 1, the name of the Great Northwestern Telegraph Co. is to be changed to the Canadian National Telegraphs. While no official information has been given out, it is learned that such a change is actually planned.

Previous to the government's purchase of the Canadian National Railway the latter owned and operated its own private telegraph system, which is now amalgamated with the old G. N. W.

The Great Northwestern Company has offices in the northern counties of New Brunswick.

## EVELYN NESBIT CHARGES LARGENY

New York, Dec. 23.—Evelyn Nesbit, former wife of Harry K. Thaw, and of Jack Clifford, dancer, appeared in West Side court here to press a charge of grand larceny she had filed against her brother, Howard, one of the principal witnesses in the Thaw murder case. The brother, she testified, withheld a portion of \$1,500 which he had received in pawnshop one of her rings, valued at \$3,000. The brother admitted he kept part of the money, but declared he did so because his sister had failed to return loans he advanced.

The case was postponed.

## BEWARE OF YAWN.

Paris, Dec. 23.—If your street car neighbor yawns or hiccoughs it might be a good idea to leave the car as a safety precaution. The French Academy of Medicine has decided that either symptom is contagious and may spread the epidemic of a disease known as encephalitis lethargica, which has appeared all over Europe. Thousands of victims of sleeping sickness have been reported here since the disease first appeared, but the majority of cases are mild. Fewer than a score have developed fatal complications.

In a report to the academy last week it was asserted that the disease can be transmitted by the breath, clothing or bed covers.

H.—Hello, old fellow: congratulations. I hear you have married a lady with an independent fortune.

J.—No, I married a fortune with a very independent lady.—Philadelphia North American.

## BIG EXODUS OF FISHERS FROM NEWFOUNDLAND

Failure of Fisheries and Low  
Prices Compel Men to Seek  
Other Fields.

St. John's, Nfld., Dec. 9.—(Associated Press Correspondence.)—Several thousand fishermen have left Newfoundland owing to the comparative failure of the colony's fisheries this year and the low price received for the product. They have gone chiefly to Canada and the United States. The total catch of herring in the season which ended in the middle of last winter was only about half the average of previous years and, because of re-

newed competition with Scotch, Dutch and other foreign markets due to the return of peace conditions, the value was greatly reduced. The early spring fishery for cod off the south coast and the seal fishery off the east coast were failures.

The main cod fishery around the coast of the island and Labrador resulted in an estimated catch of 1,500,000 quintals (of 112 lbs.), as against 1,700,000 for last year. The price dropped from \$12 to \$10 a quintal for Newfoundland fish and from \$10 to \$8 for Labrador cod. The decline in price of cod oil, lobsters, salmon and other subsidiary products has been so great that the fishermen will not receive more than half the amount which they obtained last year. Another factor tending to emigration is the curtailment in the iron mines, where forces of 3,000 have been reduced by one-half. Although the pulp and paper mills are making an exceptionally large cut of wood, they cannot absorb all the men seeking work from them this winter.

TWO MILLION FRANCS  
NEEDED TO PURCHASE  
TWO GRAMMES OF RADIUM  
Paris, Dec. 23.—Authority to purchase two grammes of radium for Paris hospitals has been asked of the finance

commission of parliament by Yves Le Troquer, minister of public works.

The purchase would involve an expenditure of two million francs. One gramme is available in Madame Curie's laboratory here, and the other must be purchased abroad, either in London or New York. The cost, therefore, will be more than twice or thrice the normal price, owing to ex-

cess conditions.

"I believe in my heart you are some tramp I gave a piece of pie few days ago," said the woman a door.

"No, ma'am," asserted the t you're mistaken. He's dead."

The severe treatment under the Kola process makes inferior grades of pipes go to place. Therefore a briar that has stood the test of the Kola process is bound to be sound. The Kola process renders the pipes cool and sweet from the start, and lastingly rich as mellow in appearance.

Kola Pipes (Dead Root Briars) designed by experts and made by France's most skilled pipe-artists. On sale at all good tobacconists in 20 different shapes and sizes. Price: ONE DOLLAR

## COME, Judge for Yourself

Don't take anyone's word for it. But just see how easy it is here to procure rich furs—whether for gifts or for yourself—the old pre-war quality and the old pre-war prices.

## But Remember--

This is how this unparalleled opportunity comes about. Magee's always make furs or have attire made especially to sell to discriminating folks, from only the select pelts and materials. No second qualities, no unnecessary expense added and all thought has always been that our customers receive maximum value for minimum cost.

THIS IS  
A SHOP  
OF  
SENSIBLE  
GIFTS.
