N. B. 4.

GOING! GOING!! GONE!!!

Falling hair, primarily due to dandruff, covers the first notice of approaching baldness. This first notice is frequently received with nothing more than a feeling of annoyance. If the warning is unheeded, the second notice brings it to you in no uncertain manner that total baldness is all but there.

When this second warning excites nothing, but regrets for past neglect, it isn't long until you reach the stage when you may cease to worry. You need a wig.

No amount of worry, neglect or regrets ever saved a hair. You best pay attention to the first notice and remember this advertisement.

Herpicide saves the hair and also many vain regrets and unpleasant recollections. It is reliable. Having been before the public for more than ten years, the users of this valuable scalp prophylactic are now counted by the thousands.

If you want first hand information concerning the merits of Newbro's Herpicide, ask some of your friends or acquaintances about it. They know, they use it and you may prefer their word to ours.

The greatest force at work boosting Herpicide today is the recommendation from one friend to another—the word of mouth testimony.

Newbro's Herpicide was the first remedy compounded in harmony with the scientific-ally proven germ theory of dandruff. Dandruff causes the hair to fall out. Herpicide is known everywhere as a dandruff eradicator and hair-saver.
