

Isn't It Just Like a Man

By Winsor McCay

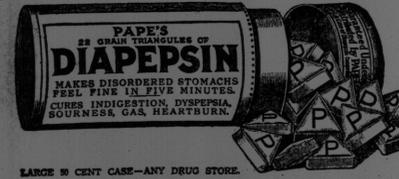

These are cocoa beans. They look much alike. But they are quite different—in cost and in flavor. The cocoa beans that meet the Lowney standard are rare and expensive. There is a large sale, however, for cocoa beans of a much lower quality. They, too, are used to make cocoa. It is plain, therefore, that a large share of the cocoa on the market must be of a grade distinctly inferior to Lowney's, which is produced from the very finest cocoa beans. Many a housekeeper has the wrong impression of cocoa flavor through using cocoa made from inferior beans. Some housekeepers may be satisfied with this ordinary cocoa, which really is not at all bad. But cocoa lovers who wish the finest possible cocoa flavor owe it to themselves to try Lowney's. Cocoa, at its best, is a perfectly delicious and a thoroughly wholesome beverage. In Lowney's you simply get cocoa, at its very best—produced at a factory (in Montreal) which is a model of neatness.

Sold at grocers. In tins—10c to 50c sizes. LOWNEY'S COCOA The Best Way to Make Cocoa Mix two even tablespoons of cocoa with two of sugar. Add 1/4 teaspoonful of salt. Mix gradually with two cups of boiling water. Stir to a smooth paste. Add 5 minutes. Add two cups of scalded (not boiled) milk, and beat with an egg-beater until frothy. MAINE HEALTH DAY NEXT SUNDAY The fight against consumption in the United States is at least to be conducted in an organized manner. The National Association for the Study and Prevention of Tuberculosis has designated October 27 next, as national tuberculosis Sunday and the governors of many states have issued proclamations setting forth the necessity for state-wide and nation-wide action against the spread of the dread white plague. Ministers and priests throughout the United States will, on October 27, preach upon the need of concerted effort to eradicate consumption, recognized experts and specialists will lecture upon the subject, and in theatres and public halls there will be shown motion pictures made by the leading film manufacturers of this country in co-operation with the national association for the study and prevention of tuberculosis, National Federation of Women's Clubs, National Sunshine Society, National Kindergarten Association, Russell Sage Foundation, Red Cross Society and other similar organizations, treating of health, sanitation, study and prevention of tuberculosis and kindred topics. In Maine entertainments will be conducted, under the auspices of the Maine Health Day Association, in various theatres, and the managers of these places of amusement have generously offered to donate the receipts of the day to the fund being raised by the association for the purpose of establishing in Maine a tuberculosis sanitarium. The proposed institution will provide for both incipient and advanced cases and it is the hope of the officers and directors of the association to be able to admit a large percentage of the applicants absolutely free of charge, while in the remaining cases the charges will be so limited as to be within the means of all.

YOUR SOUR, GASSY, UPSET STOMACH WILL FEEL FINE IN FIVE MINUTES "Really does" put bad stomachs in a order—"really does" overcomes indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you bloat and gas and urinate sour undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Diapepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmonious.

WANT BETTER ROADS IN NEW BRUNSWICK

Matter Dealt With By Municipalities Union - Criticism and Suggestions for Reform St. Stephen, Oct. 24.—The seventh annual convention of the Union of New Brunswick Municipalities closed this afternoon after one of the most successful sessions in the history of the organization. Although the attendance was not as large as expected it was realized that this is the busy season with many of the municipalities anxious to learn anything that would be a benefit to the communities they represent. The paper by Dr. Kierstead, professor of economics at the University of New Brunswick, on Taxation, was very timely and gave to those present many new ideas in regard to the important subject. M. G. Siddall, Ald. Prince, Moncton, pointed out how the roads might be improved and the discussion showed that the different municipalities are anxious to secure good roads in all parts of the province. The election of officers resulted as follows: Ald. W. E. Farrell, of Fredericton, president; Thomas Murray, town clerk of Sackville, vice-president; W. Westwood, city clerk of Fredericton, honorary secretary-treasurer. The executive was selected as follows: Mayor Belyea, Newcastle; Mayor Ketchum, Woodstock; Mayor Frank, St. John; ex-Warden McMullin, York county; Councilor White, Campbellton; Councilor Hiltz, Milltown; J. King Kelley, K. C., St. John county; Councilor MacKay, Sackville; Ald. Prince, Moncton, and Ald. Wallace, Sussex. The union was invited by Mayor Robinson, of Moncton, to meet next year in the railway town and the invitation was accepted. The retiring officers and those newly elected gave short speeches of appreciation. Mayor Frank, of St. John, was first nominated for the presidency, but on account of business asked to have his name withdrawn. Dr. W. C. Kierstead and Dr. Murray McLaren were elected as honorary members of the union. The thanks of the convention was tendered to the officials and people of the city of St. Stephen, the press, the New Brunswick Telephone Co., Ltd., and Ganong Bros., Ltd., for cordial assistance. Better Roads Wanted. M. G. Siddall, of Westmorland, opened the discussion on good roads. He said that he had obtained many of his ideas from "Good Roads" by White, Campbellton. Other members of the convention, who pointed out that good drainage was the most essential part in the building of good roads. Mr. Siddall said that the people in New Brunswick did not know whether the present assessment was any good or not, as in practically all cases the assessors are not fitted for the positions. He told of instances that come to his notice where properties had not been properly assessed. J. King Kelley advocated an expert road builder as a provincial officer. It would be the duty of this officer to travel over the roads, advising and touching the local road masters how to make roads suitable for the different climates. Other members of the convention endorsed the ideas expressed by these two speakers. The following resolution was then passed: "Resolved, that this union believes that the government of New Brunswick should employ an official skilled in road construction who will devote his time exclusively to the highways." It was also thought that a road patrol system as in vogue in some of the other provinces would be a benefit here and it was resolved that the highway act should be so amended as to provide for such a patrol of roads as far as it can be carried out in this province. J. King Kelley gave notice that at the next meeting of the union he would introduce the following motion: "That the government of New Brunswick be advised that in the judgment of the members of this union that through trunk roads should be established between Nova Scotia, Quebec, and the state of Maine and that these roads be built and maintained at the expense of the province with such aid as may be obtained from the government of Canada." On motion of Councilor Siddall it was decided to have a committee of three appointed to meet with the local government and discuss the matter of permanent roads. Councilors Siddall and Stirling with J. King Kelley were selected for this committee. Mr. Siddall also gave notice that at the next meeting he would move that the union was in favor of eight hours constituting a day's labor on all government work. Dr. Kierstead, professor of Economics at the University of New Brunswick, contributed a paper on Taxation. He treated a careful valuation of lands and a readjustment of the taxes according to land values. E. St. John Blais, treasurer of York County, said that assessors should hold more permanent positions than they do in most places, and suggested that permanent tax commissions should be formed. Mayor Frank of St. John gave an inter-

THREE GENERATIONS Kept Healthy By Dr. Morse's Indian Root Pills

Over fifty years ago people began to find out the effectiveness of Dr. Morse's Indian Root Pills in correcting constipation and toning up the system. Since then the popularity of this reliable old family medicine has grown steadily, and the increase in sales during the past year was the greatest in the whole half century. As long as livers get sluggish, bowels constipated or kidneys inactive, just so long will Dr. Morse's Indian Root Pills cure these conditions and banish their distressing effects for those who are wise enough to use them. Sick headaches, coated tongues, indigestion, biliousness, dyspepsia, rheumatism and similar disorders are almost invariably caused by impurities which should be removed from the system by the bowels, the kidneys and the pores of the skin. By toning up these organs so that they can do their work properly, Dr. Morse's Indian Root Pills cures, or prevent altogether, a large proportion of the common everyday ailments which keep so many people miserable. Made by W. H. Comstock Co., Limited, Brockville, Ont., and sold by all dealers at 25c. a box.

VICTORY FOR LIBERALS IN RICHELIEU

By-Election in Quebec Results in Conservative Defeat - Laurier and the Session Sorel, Que., Oct. 24.—The by-election for the house of commons to fill the vacancy in the county of Richelieu caused by the unseating of the sitting member, took place today and resulted in the return of Arthur Gardin, Liberal, by a majority of 301, the complexion of the division thus remaining unchanged. Sorel gave Cardin a majority of 294; St. Louis, 47; St. Anne, 48; St. Marie, 44. E. A. D. Morgan, the Conservative candidate, obtained majorities in St. Ann, 57; St. Pierre, 25; St. Roch, 5 and St. Victoire, 148, leaving Cardin's net majority 301. Montreal, Oct. 24.—Tuesday night Sir Rodolphe Forget took a hand in the contest, and said in part: "I pledge my word of honor that if you elect Mr. Morgan on Thursday the marine railway will be voted during the parliamentary session which will open next month. And if the government does not keep the promise, which was made to me in writing, I will ask Mr. Morgan to resign his seat, and I know he will do it." Sir Rodolphe declared he had seen the Hon. Mr. Rogers and that the minister had given him a written promise binding the government. He also stated that eleven Conservative members of parliament would invade the riding to assist Mr. Morgan in the fight. Sir Rodolphe also made a wager of \$5,000 that the Tory candidate would win. Ottawa, Oct. 24.—Sir Wilfrid Laurier returned to the capital today from Sorel, and will remain here until the session opens next month. He welcomes the coming fight in the commons, believing that no opposition since confederation ever met a government with better grounds for vigorous and effective attack in regard both to contracted politics and to contracted records. Ottawa, Oct. 24.—Alderman W. F. Garland, of Ottawa, was the choice of the Liberal-Conservative Association of the county of Carleton which met in convention at Stittville today to appoint a successor to contest the riding for the federal seat made vacant by the death of Edward Kidd, M. P.

TURKS BEATEN AFTER A THREE DAYS BATTLE

Bulgarians Capture Stronghold of Kirk-Killesh—Next Stand Expected Near Adrianople London, Oct. 24.—A three days' battle and a Bulgarian turning movement has resulted, according to Sofia accounts, in the fall of Kirk-Killesh and the capture of the Turkish garrison, numbering 50,000 men. That many Turks have been taken is regarded as improbable and the more likely report is that the Turks retreated in the direction of Buzurjessar to the southeast. The capture of this stronghold, to which the Turks attached almost the same importance as to Adrianople, was confirmed tonight from Constantinople in a communication explaining that the Turkish army at Kirk-Killesh in attempting to split the enemy's forces discovered that the Bulgarians were in greater force than expected. The Turks therefore retired to the south to await reinforcements. The news of this communication has caused great rejoicing in Sofia where it is expected that the fall of Adrianople will soon follow. It is generally assumed, Abdallah Pasha is still engaged in bringing up his main army to Adrianople, the position of that town is critical. An interesting situation will develop tomorrow, or tomorrow, to estimate the position of the Bulgarians at Adrianople. It is supposed that the next stand of the Turks will be made at Demotter, twenty-five miles south of Adrianople, an important strategic position on the road to Constantinople. In that direction, to minimize its importance, the Bulgarians have captured the Turkish claim great victories at Kumanova, the Servians declaring they have captured the Bulgarians and the Turks claiming that they have repulsed the enemy. Late reports indicate that heavy fighting is still proceeding in the direction of Adrianople. The Greeks are operating from Arta towards Janina Metsech and the neighborhood of Orinovytsa.

JUDGE GOFF REMANDS FORMER POLICE LIEUTENANT TO TOMBS UNTIL NEXT WEDNESDAY

New York, Oct. 24.—Police Lieutenant Charles Becker was found guilty tonight by a jury in the first degree of the murder of Herman Rosenthal, the death of Herman Rosenthal, the defendant. Becker was remanded for sentence to the Tombs by Justice Goff until Oct. 30. Becker did not flinch when he heard the verdict pronounced by Harold B. Skinner, foreman of the jury. Mrs. Becker, sitting outside the door of the court room, fell in a swoon when the verdict was announced. John F. McIntyre, Becker's chief counsel, announced that he would take an immediate appeal, but added beyond this he had nothing to say. Twice during the afternoon the jury communicated with Justice Goff. Once asked for the stipulations made by the state with the four informers, Rose, Webster, Vallon, and Scheppe, and Scheppe's letter to Rose written by the little gambler at Hot Springs (Ark.) and expressing his willingness to testify. The second time the jury wanted the testimony of persons who talked with Scheppe in Hot Springs. The first request was granted; the second denied, because portions of the testimony taken at Hot Springs had been excluded from the evidence by the court. Scheppe, in view of the court's charge, apparently was much in the jury's mind. The prisoner's destiny was delivered into the jury's hands at 2:30 o'clock this afternoon after a three hours charge by Justice Goff, which Becker characterized as distinctly unfair and "a thin veiled summing up for the state" and upon which his counsel, John F. McIntyre, declined to comment. To do so, he said, would place him in contempt of court. Stripped of its legal verbiage, as it came from the careful lips of Justice Goff, the charge, was, in effect, a ruling that the guilt or innocence of the prisoner rested almost solely upon the debatable point as to whether Sam Scheppe was an accomplice to the crime. Dapper little Scheppe, when arrested at Hot Springs, styled himself the "Keystone of the arch." As events transpired he spoke more truly than he knew. The Judge's Charge. The white-haired justice spoke in a monotone, but with incisive deliberation. "It is not claimed by the prosecution that Becker had actually kill Rosenthal," he said at a crucial point. "It is claimed that he requested and directed the killing should be done, and as I have already instructed the jury, Becker, in law, must be held responsible for the acts of everyone who acted in pursuance of his request or instructions. "It is not necessary," he said, "that he should dwell at length on the definition of murder in the second degree. The State contends that in the latter part of June Becker told Webber he wanted Rosenthal killed; secondly, he followed this with instructions to Rose to have Rosenthal killed; thirdly, Rose, following on those instructions carried out the designs of the

THE GADDER IS ON THE JOB

Travelers Don't Fear Strange Dishes. Stuart's Dyspepsia Tablets Enable the Stomach to Stand Anything "Railroads tell you about the wonders of Nature along their lines; hotels describe their modern accommodations; but they never fail to ring in their 'cuisine unexcelled.' The wise traveler knows he is taking 'pot' luck when he leaves home, hence a box of Stuart's Dyspepsia Tablets is quite as essential as many of the other traveling requisites." "This commented a philosophical traveling man, speaking of hotel life, restaurants, grills and junction lunch counters. "The agitators in this world," he continued, "are the result of one set of men trying to compel the other set to think and act against their own inclinations. It is the same in religion, politics, and eat. I have learned from experience to eat what they serve; to forget the food experts, read the current news and jokes and leave the stomach to the best expert in the world—Stuart's Dyspepsia Tablets." And Stuart's Dyspepsia Tablets actually do the work assigned them. They relieve weak and overburdened stomachs of a great portion of digestive action. Their component parts assist the digestive fluids and secretions of the stomach and they simply take up the grind and carry on the work just the same as a good, strong, healthy stomach would do it. Stuart's Dyspepsia Tablets are for sale by all druggists, at 50 cents a box, and they are the one article that the druggist does not try to sell something in the place of it that's "just as good." Their universal merit and success and the universal demand for them has placed them within the reach of everyone.

PLAN FOR SOCIAL SERVICE STUDIES IN CITY CHURCHES

A movement has been started by the Y. M. C. A. to take up social service studies. It is expected that ten different churches will organize classes to study the various social conditions during the coming year. The classes will follow the outline of the courses published by the American Institute of Social Studies. The first subject will be Social Service Reform, using the handbook edited by Dr. Josiah Strong. During November the subject will be: Treatment of the Criminal, which subject will be divided into four heads, viz: juvenile, adult, vagrant, and the ex-convict. In December the subject will be: General Prevention of Crime. During the remaining months the following subjects will come up for discussion: Poverty, Wealth, Socialism, Juvenile, Ruthless, The Unfit, Rural Communities, The Mormon Menace, The Coming Church, Society, Moral Training in Schools, The Unemployed, and Peace. It is hoped to have a federation of men's classes of St. John's.
