

## PORT NEWS OF A DAY; HOME AND ABROAD

**is Turf**  
Horse races to include three classes, two trotting and one running, will be held on Oct. 19, 1911.

**Miss Campbell Beaten.**  
Short Hills, Oct. 13.—Miss Margaret Curran, of Boston, defeated Miss Dorothy Campbell, the British Canadian and United States champion today, in the semi-final round of the women's national golf championship. Miss Campbell, of Bay Shore, beat Miss Eleanor W. Allen, of Boston, and will meet Miss Curran for the trophy.

**Herald Road Race.**  
The Halifax Herald road race will take place on Thanksgiving day. All amateurs registered with the M. P. A. A. will be eligible to compete. The entries will close on October 28, and entry must be made on the official blank. The course will be from the Herald building around the outskirts of the city. The distance is about ten miles. The first prize will be a silver cup. A silver cup will be given to the first four men of any college to finish. There will also be three championship medals and fifteen silver medals. The record for the course, 56.425, is held by F. C. Cameron, Ramblers, Amherst.

**Football**  
Mt. Allison St. John Game Today.

Sackville, N. B., Oct. 13.—(Special)—The lineup of the Mount Allison University football fifteen for Saturday's game with the St. John Harriers here will be as follows:  
Full-Back—Barter.  
Half-Back—Smith, Milford, Grant, Godfrey.  
Quarter-Back—Johnson, Burton, East.  
Forwards—Toombs, Titus, Parker, Grier, Woodman, Tompkinson, Peters.  
Frank Smith, who plays with Mount Allison, is a St. John boy.

**League Season Opens**  
The rugby football season will be auspiciously opened in New Brunswick today with two games, in Fredericton and Sackville. The Harriers left on the early morning train for Sackville to play the Mount Allison team. The High School team went to Fredericton to play the Fredericton High School. The Fredericton city team will play the U. N. B. in Fredericton this afternoon.

**Hockey**  
Ottawa Loses Good One.

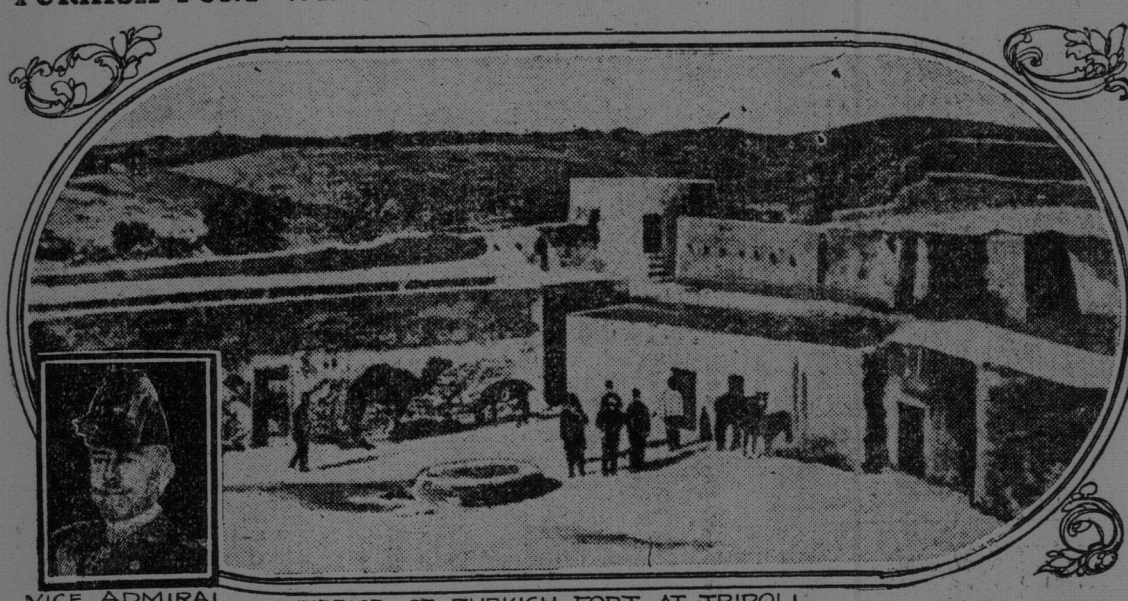

Ottawa is losing one of her greatest all-around athletes in Steve Egan, captain of the Ottawa hockey team, who has been appointed to a position in the Winnipeg office of the Canadian Transcontinental Railway. He is going west in connection with government engineering work and will be stationed at Winnipeg and vicinity for two or three years. He will leave for the west tonight.

He has been the mainstay of the Ottawa hockey team's forward line ever since his admittance to the city league. He is, in fact, the only survivor of the original Ottawa seven. He did great work for the Ottawa in the interprovincial tournament and was one of the amateurs whom professional teams made big efforts to land. George Kennedy, manager of the Ottawa team, has offered him \$1,200 for six games, but he was refused. Fred Quinn and Kennedy have already tried to sign him for next winter. Don will play hockey in Winnipeg and may be with the Vics in defence of the Allan Cup.

**Cold weather is coming.** Come for cotton and woolen blankets. To The People's Dry Goods Store, 14 Charlotte street.

Giving other people the best of it is a good investment. And besides it will not cost you anything.

## TURKISH FORT WHICH WAS SILENCED BY IT ALIAN BATTLE SHIPS.

INTERIOR OF TURKISH FORT AT TRIPOLI.

## FIRST OIL BURNING STEAMER ACROSS OCEAN TO MONTREAL

(Montreal Herald)  
Deep interest was manifested this morning by local mariners at the arrival in the harbor of the oil-burning lake steamer Toller, which left Wallasey-on-Tyne on September 12, discharging a cargo of scoria. The Toller, which is the property of the Canadian Rubber Company's pany, at the Canadian Rubber Company's plant, not one minute having been lost in placing her in commission after she left the stocks at her builders.

Commanded by Captain John Watson, the Toller marks a big step in marine engineering. She has no coal bunkers, no firemen or no stokers. What is most peculiar of all, however, is the fact that the Toller has no funnels. Her engines are of the modern type, and are capable of driving the boat at a speed of from twelve to fourteen knots an hour.

Commenting upon the voyage from the other side, Captain Watson declared this morning that despite exceedingly dirty weather and frequent gales, the Toller weathered every rough sea as well as she had been built as a regular ocean boat. The vessel, which is consigned to Clarence de Sol, the local agent for Swan Hunter and Wigham, Richardson, builders of the Toller, will be employed in transporting grain from Upper Lake ports to Montreal.

## MRS. PANKHURST TO BATTLE FOR BALLOT IN CANADA

Mrs. William Pankhurst, the English suffragette leader, who arrived in New York city this week, will address a gathering at Windsor Hall, Montreal, on December 11. It will be held under the auspices of the local council of women. The ladies here however say that they do not want the imposition to get abroad that there is only holding the meeting to give Montreal an opportunity of hearing her.

Mrs. Pankhurst has plans to carry the battle for the ballot into the heart of Canada and the United States. She says that she is the only survivor of the work done for the cause so far but says that in England they are in a civil war and that they are only having a truce at present until Premier Asquith keeps his word and gives them the right to be heard in parliament.

## THE RAILWAYS AND HEALTH

Montreal, Oct. 14.—Dr. L. Laberge, medical health officer has received replies from the various railway companies to a letter that he sent asking their station agents and trainmen "not to sell tickets for the transportation of persons to the city who are affected with contagious diseases." The Intercolonial, C. P. R., C. N. R., and G. T. R., notified the doctor today that they have complied with his request.

## HE COULD NOT SLEEP AT NIGHTS

Till He Found Relief in Dodd's Kidney Pills

Fred Swanson, of Saskatchewan, Sends a Message of Cheer to Those Who Feel the Weariness and Discouragement That Comes From Broken Rest  
Mackinac, Mich., Oct. 13.—(Special)—"I suffer from sleepless nights and am up in the morning feeling tired and discouraged, and renewed hope in the statement made by Fred Swanson of this place. He could not sleep at night, and the cause, it was his kidneys. He discovered the cure. It is Dodd's Kidney Pills. In an interview regarding his case, I was troubled with my kidneys for over a year, so bad that I could not sleep at night. After using one box of Dodd's Kidney Pills I found great relief. Four boxes removed all my troubles and I sleep well and I am as strong in my kidneys as any man." If the kidneys are wrong the blood becomes clogged with impurities and natural health is an impossibility. Strong, healthy kidneys mean pure blood, new life all over the body and that delightful rest that is the sweetest thing in life. Dodd's Kidney Pills always make strong, healthy kidneys.

## RECENT DEATHS

Agel eighty-seven years, Deacon B. B. Belman of Scotchton died at his home on October 10. He was a man of great energy and integrity and always ready to do any one a good turn. He was a great lover of his home and his family, and his death was a great loss to the community.

The death of Mrs. Allen, widow of J. D. Allen, took place at Bay Side near Sackville yesterday. She leaves four daughters and five sons.

## MORNING LOCALS

The citizens' committee, appointed to draw up the charter for the city, embodying the various forms of government, will resume their labors in the Board of Trade rooms on Monday afternoon.

Chief Kerr, of the fire department, will be on Monday to attend the convention of the Massachusetts State Firemen's Association in Lawrence. He will also visit some cities for the purpose of making enquiries as to the use of motor trucks for fire fighting.

Profit in your sweater purchases by buying at Steele's closing out sale, 205 Union street.

## RIVER GLADE SANITARIUM

A new water system for fire protection, built by Mrs. J. C. Jordan, is to be installed immediately at the River Glade Sanitarium by Good, Shepley & Murr. The water supply, drawn from the river will be elevated to a 20,000 gallon tank on a sixty foot tower and the water will be made through four hydrants. At a meeting of the commissioners to be held next week, the plans for removing the building will be submitted and it is expected that the work will be undertaken immediately. Dr. David Townsend, the superintendent of the sanitarium, is expected here next week.

## SEASONABLE

After all there is nothing more satisfactory or restful than a bright open fire these fall evenings. With Broad Cove Coal you have all the blaze of a wood fire with the heating qualities of coal. Broad Cove is different from other soft coals as you will see by reading the Broad Cove advertisement on page 8.

## BUTTER

In the goat line won't do to spread bread with. For cooking pastry, pan cakes and bread, you want Butter That's Sweet.

We have it, and it is right in price. Butter that's strong enough to stand up with you, or do stunts you can get elsewhere, but not here. Try ours and smile and be happy. One egg are all strictly fresh.

ST. JOHN CREAMERY  
92 King Street.

## MR. MONK A JUDGE SOON, SAYS LE CANADA

(Montreal Herald)  
Mr. Monk has accepted a portfolio in the Borden cabinet, says Le Canada this morning, but it was never his ambition to be a minister. The member for Jacques Cartier has not the temperament of an administrator and realizes that fact perfectly; what he wants to be a judge and it is even said that he was prepared to weep upon Sir Wilfrid Laurier's shoulders last winter in order to obtain from him the realization of his dream. The rumor therefore to the effect that his stay in the ministry will be of short duration and that he will soon be made a judge by the Borden government is not a surprising one to those who are in the know.

## MORNING NEWS OVER THE WIRES

The recent proceedings for Queen-Saboury which were to have taken place at Gagetown yesterday were postponed until Thursday afternoon next when the court will meet at Fredericton to count the ballots.

John A. McDonald of Georgetown, P. E. I., committed suicide on Thursday by hanging himself to a beam in a warehouse where he was found several hours afterwards. He leaves his wife, one son and three daughters. It is believed that his mind was deranged.

Police of Montreal are agitating for better mail service to St. John and have asked the postal department to have a car, distributing mail between Montreal and St. John attached to the maritime express leaving Montreal in the mornings.

Libson, Oct. 13.—It is now known that secret arrangement exists between the Monarchists and the pretender to the throne, Don Miguel of Braganza, whereby if the Monarchists are victorious general elections will be held throughout Portugal to decide whether Manuel or Don Miguel shall be king. In case Manuel is chosen the Monarchists will be revolved and his entire family will be returned to Portugal as royal princes and receive an aggregate of \$100,000 annually.

## WEDDINGS

Coutignan-Turner.

At Plaster Rock on Wednesday at 9 a. m., Olive A. Turner, daughter of Mr. and Mrs. W. Turner, was united in marriage to Meagher Coutignan, of Grand Falls. The wedding was celebrated by Rev. Father Ryan in the presence of a large congregation.

McKay-Tabor.  
The wedding of Rev. John S. McKay to Miss Florence C. Tabor took place on Wednesday at the home of the bride, in Tutuville, Kings County. The ceremony was performed by Rev. H. C. Rice, pastor of the Methodist church in Hampton. The bridegroom, who is a native of Cape Breton, was formerly located in Boston, and during the last summer has been supplying the Presbyterian pulpit in Salina.

## THE POLICE OF ST. JOHN AND THEIR WORK

Twelve Hours a Day and They Have Not the Easy Thing of it That People Imagine

Did you ever stop to think just what work it involves to be a St. John policeman? No. Well just take a moment or two and start figuring. You will be surprised. It seems to be a general opinion that the "coppers" have a regular easy time of it, but when you come to fathom it out you will find that their task is no easy one.

For instance, do you know of any laboring man in the city who has to be on his job for twelve hours at a stretch? If so, then, are they not few and far between? Do you know of any laboring man that has to work Sunday, Monday and every other day in the week to get along in this world? Do you know of any man who has to stand for a tremendous amount of abuse day in and day out and still is expected to be patient and gentle? Hardly, eh? Well these are just a few of the things that the bluecoats have to do.

What a shining or the rain is falling, whether it is hot or whether it is below zero the "bobbies" have to be on the job. They are the property of the citizens and looking after the welfare of the community in general. Who looks after the people's property? The city? Who guards property when all are in bed, or when you leave the town on a vacation?

If an outsider were told that there were but forty-three policemen in a city of 50,000 people it would surprise him, wouldn't it? Nevertheless that is the way the matter stands. And then that is taking the city and night watch together. The city at night is patrolled by only twenty-six men including the North End and Carleton.

In the southern division, which includes the city proper, there are twenty-six men, eleven of whom do duty by day and fifteen by night. In the day time only five of these are patrolled, Nos. 5 and 7 being omitted.

The North End division six men do duty by day, viz., one patrol sergeant, one house man and one call man at central station, one special officer in plain clothes and eleven men on the different beats.

The town is divided into what are called beats. No. 1 is called the York Point beat, No. 2 Market Square, No. 3 King Square, No. 4 Bunsell street, No. 5 Back Shore, No. 6 Sheffield street and No. 7 Reel's Point. In the day time only five of these are patrolled, Nos. 5 and 7 being omitted.

In the North End division six men do duty by day, viz., one patrol sergeant, one house man and one call man at central station, one special officer in plain clothes and eleven men on the different beats.

**THE I. C. R. TIME TABLE FOR THE COMING WINTER**  
The fall and winter time table of the Intercolonial Railway will go into effect on October 29. There will be practically no departure from the schedule of last winter. The Ocean Limited will be discontinued until next summer, and the through service between Halifax, Sydney, St. John, Moncton and Montreal will be continued for the present. No. 3 and 4 express between St. John and Point du Chene will be discontinued.

**SHE LOVED THE STRIFE.**  
First Summer Girl—Life is one continuous warfare.  
Second Summer Girl—True, but I don't object to the engagements.—Brooklyn Life.

**WEAK MEN GINGER UP!**  
Arouse Yourself, Feel the Spark of Life in Your Nerves, Recover the Vigor You Have Lost  
If you are a man whose youthful vitality has been wasted by indolence, excesses or overwork, I want to assure you that there is a positive remedy for your trouble. If your condition is that of exhaustion, of feebleness, the very element which you have wasted, viz., human electricity, can be put back into your body. When you get it back your weakness will disappear, and you will become strong in nerve, brain, muscle, and every organ, and filled with joy that you are once more a perfect specimen of manhood. DR. McLAUGHLIN'S ELECTRIC BELT will cure your system with the power you sleep. You get up in the morning refreshed, all aches and pains disappear, and you feel strong enough to attempt and accomplish what any other man can or may. It makes you feel like a new man, because it restores and develops the vigor originally given to men by nature.  
Pick out the men who have worn my Belt. See them, with head erect, chest expanded, the glow of health on their cheeks, courage in their hearts, and a cheery of the hand that says, "I am strong."  
To those who are tired of paying without results, I say, "I have found it! anything will help them, I make them strong, and will save me money."  
**PAY WHEN YOU ARE CURED**  
I will let you have my Belt without paying me one cent in advance.  
The Dr. McLaughlin Electric Belt cures all cases of Breakdown in Men and Women. The Vitality of the body is Electricity—the force in the Nerve Cells. My Electric Belt will give you back this power and enable you to fight on in the Battle of Life.  
The Dr. McLaughlin Electric Belt cures all cases of: Neurasthenia, Hypochondria, Nervous Prostration or Nervous Weakness, Headache, Sleeplessness, Stomach Troubles, Indigestion, Constipation, Weakness of the Kidneys, Lame Back, Rheumatism, Lumbago, Sciatica, Paralysis, Urinary Troubles, Weakness of the Organs, Night Losses, all evidences of premature decay.  
**NERVOUSNESS—SLEEPLESSNESS—RUN DOWN**  
Dear Sir,—One year ago last February I was taken with Nervous Exhaustion (the doctors pronounced it). I suffered all the tortures of that disease, was all run down, as weak I could hardly do anything at all. Since I began to use your Belt there has been a marked improvement in my condition in the different ways mentioned. I have slept well every night since wearing your Belt, which is the greatest blessing of mankind. I have a great deal more ambition; work used to seem such a mountain, now it seems more a pleasure; more strength and vim; memory better; digestion better; constipation about gone, which I was bothered with a great deal; head feels better, and I feel better in every way.  
Yours truly,  
NELSON ROSE, South Bay, Ont.
