KITCHENER TARDY, BUT YET IN TIME

War Chief Takes His Seat in House of Lords

Twelve Years a Peer

Will Crooks Moves House by Pityful Tale of Suffering of Poor—Wealthy Woman a Rewards Coachman as "Absolutely Honest Man"

(Canadian Press)

New York, April 27.—A Times cable from London says Lord Kitchener took his seat in the house of Lords yesterday for the first time. Though he was created a peer over twelve years ago...

Wearing his peer's robes, Lord Kitchener walked to the table accompanied by his sponsors, Lords Morley and Milner, and took the oath and signed the roll as a viscount. After divesting himself of his robes, Lord Kitchener took a seat on one of the cross benches which are usually regarded as non-party seats.

The adult workers of Great Britain receive less than \$5.00 weekly wages, according to statistics quoted in the House of Commons by H. A. Tennant, under secretary for the Board of Trade in opposing the motion of Will Crooks, a labor man from Woolwich for a compulsory minimum rate of \$7.50.

Crooks' story of the sufferings of the poor was a pitiful one, and the house was greatly moved. Tennant reluctantly had recourse to the cold logic and said that the motion would involve a cost of \$88,000,000. The sudden increase of wages, he declared, would raise the cost of production, and invite increased foreign competition.

The house adjourned without discussion. London, April 27.—The late Mrs. Emily Tatchell, a wealthy London woman, has left \$225 to her faithful coachman, Wm. May, "as a token of my appreciation of an absolutely honest man."

The St. John Power Boat Club will observe its first anniversary by holding a smoker in the club's rooms, Cedar street, tomorrow evening at 8 o'clock. All members are requested to be present.

(Special to Times.)

GERMAIN STREET Y. M. C. A. The forty-first meeting of the Germain street Y. M. C. A. will be held this evening at the residence of Rev. F. S. Porter. Rev. Dr. W. O. Raymond will deliver an address on Indian Legends. This will be the last meeting of the season.

LEARN TO SWIM. The Army, the official organ of the boys division of the Y. M. C. A., shows in May number a picture of the swimming pool, and says that fifty-four boys learned to swim there last year. This number has a lot of news of interest to the boys.

LIQUOR LICENSES. Inspector John B. Jones will be a busy man during the next few days, as the liquor licenses which were granted some time ago have to be issued before May 1, and the majority of the dealers have not yet called for the documents.

WILL LEAVE TONIGHT. N. W. Taylor and M. Roberts of the Partridge Island wireless station winter staff, came to the city this morning, and will go out this evening to the station to which they have been transferred. Taylor is being transferred to Anticosti, and Mr. Roberts, to Eastport, Anticosti.

THE MARKET. A meeting of the market committee was held this morning in the mayor's office to complete arrangements for the sale of the market produce on Monday, and the scales, which will be sold by public auction in the market tomorrow morning at 11 o'clock.

MRS. ROSE PAIDLEO. The death of Mrs. Rose Paidleo occurred this morning at the residence of her brother, Frank McCabe, Gilbert's Lane. She was the widow of James Paidleo of Boston, and had resided here for some time. She is survived by two children and her brother. The funeral will take place on Saturday afternoon at 2:30.

CHETLEY-FRASER. At the home of Theodore Fraser, King street, a pretty wedding was solemnized by Rev. B. H. Nobles when he united in marriage Miss Bertha Fraser, of St. Martin's, and Herman Lee Chetley, of Walton's Lake, King's county, but at present employed in this city. Mr. and Mrs. Chetley will make their home in Durham street North End.

NOTICE TO AUTO OWNERS. As the new numbers for automobiles, which will be applied by the chief commissioner of public works, will not be ready for two months, those having one number plates on their cars now under the old law will be allowed to retain them until the new plates are ready. The new plates can be had on application to the chief commissioner of public works of the license fee.

THE C. P. R. WORK. The C. P. R. workmen are making good progress filling in at the rear of the Mill street properties recently acquired by the company. It is expected to have the pile driver working about the latter part of the week. The tenders for the purchase of the buildings on the land purchased will close on Saturday next and the work of tearing down the buildings must be done by May 21.

THE STEAMERS. The C. P. R. liner Montezuma, Captain Griffith, sailed a little after 1 o'clock today for London and Antwerp.

C. P. R. liner Lake Manitoba, Captain Evans, is expected to sail for Liverpool about 10 o'clock tonight.

Holland-American liner, Sanland, Captain Mueller, will probably get away for Hamburg at 10 o'clock tonight.

C. P. R. liner Empress of Ireland which sailed from Liverpool on the 21st, will go to Quebec, and is expected to reach there tomorrow.

BURIED TODAY. The funeral of Mrs. Lawrence took place this afternoon at 3 o'clock from her late residence Union street to the Church of England burial grounds. Funeral services were conducted by Rev. W. Brewer and Rev. C. F. Flanders.

The funeral of Miss McAllister took place this morning from the home of her parents in Victoria street. The body was taken to the depot and thence to Chippewa for burial. Rev. J. J. McKeown conducted funeral services at the home last night.

The funeral of Maudie Garvin took place this morning at 8:45 o'clock from his late residence in Murray street to St. Peter's church where requiem high mass was celebrated by Rev. J. Holland. Interment was in the old Catholic cemetery.

Amherst, N. S., April 27.—One of the most disastrous fires in the history of the large plant of the Canadian Car & Foundry Company's Works, took place about 3 o'clock this morning, destroying the large blacksmith and forge shops and the machine shop, and grey iron foundry. The fire originated in the forge shop, and so quickly did the flames spread that, although the company's firemen were immediately at work and quickly followed by the town department, it was seen that it would be impossible to save this building. It looked at one time as if the fire would be confined there, but just as it was supposed to be under control, it spread to the machine shop. This building, which was of wood, was in a very few minutes a mass of flames and every effort was then concentrated to prevent the fire from spreading to the other buildings. It looked at one time as if the fire would be confined there, but just as it was supposed to be under control, it spread to the machine shop. This building, which was of wood, was in a very few minutes a mass of flames and every effort was then concentrated to prevent the fire from spreading to the other buildings.

The loss will total from \$150,000 to \$200,000, and will temporarily throw 800 men out of employment. The fire was not affected and will continue to operate. The origin of the fire is not known. The records of the watchman show that he had inspected the department within fifteen minutes of the outbreak. The machine shop contained some of the most valuable machinery in the plant, one machine just installed, and which was to cost more than \$5,000. It was among those destroyed. There was also in this building the grey iron foundry, brass department, stores department, bolts and forgings.

The I. C. R. shunter removed thirty-five new box cars from the erecting sheds. A C. P. R. freight car loaded with pig lead and wheels standing on the track was destroyed. For some time it looked as if the Rhodes Curry & Co. Department was doomed, but fortunately there was no wind. It cannot be ascertained yet just what the future effect will be, but the burned departments will likely be immediately rebuilt and the delay will be only temporary.

Moncton, N. B., April 27.—(Special.)—Moncton fireman made ready and quick response this morning when a appeal for assistance in fighting the Amherst fire reached here. In less than an hour apparatus and a contingent were ready with a special train, but word that the fire was under control was received.

Washington, April 27.—Victor Berger, of Milwaukee, Socialist member of congress, introduced today a bill not only to abolish the senate but also to strike from the hand of the president the veto power, and take from the courts authority to invalidate legislation enacted by the house of representatives.

All this is proposed as an amendment to the constitution, which, if petitioned for by five per cent of the voters in each state shall be submitted to a general referendum.

STRAIGHT PARTY VOTE IN ISLAND LEGISLATURE (Special to Times.)

Charlottetown, P. E. I., April 27.—The pro-union resolution moved by the Liberals was passed by the local legislature yesterday a few minutes before prorogation, by a straight party vote of 14 to 13. A Conservative amendment being voted down.

MOVING FLOOR USED TO FOOL THE SEARCHERS

Trick of Saloon Man in Northern Ontario—Touch of Foot Whisked Bottles Out of Sight

(Canadian Press)

Toronto, Ont., April 27.—A new method of fooling officials searching for whiskey in Northern Ontario has been brought to light by the provincial police. In a place visited, a crack was noticed in the floor. Investigation proved that a neat contrivance had been placed underneath. Bottles of whiskey, when left on the boards, would disappear like magic as soon as a constable was in sight. By merely touching the contrivance with the foot it was made to swing on a pivot, deposit the whiskey bottles in a space beneath the floor, and gently swing back into place. The keeper of the place offered the constables \$50, to say nothing of their discovery.

For some time it looked as if the Rhodes Curry & Co. Department was doomed, but fortunately there was no wind. It cannot be ascertained yet just what the future effect will be, but the burned departments will likely be immediately rebuilt and the delay will be only temporary.
