

ENTIRE DARTMOUTH AMATEUR CLUB IS SUSPENDED BY M. P. B.

ATTEMPTED TO USE BARRED MEMBER ON TEAM

M. P. B. May Act To Abolish Hockey Association

THE Dartmouth Amateur Athletic Club and all its registered players have been suspended by the executive of the Maritime Provinces branch of the Amateur Athletic Union of Canada for attempting to play a game last night to play the players suspended by the M. P. B. last week in violation of the residence clause, according to word contained in a telegram received here this morning by W. H. Stirling, New Brunswick vice president, from J. G. Quigley, secretary-treasurer, Halifax.

The telegram says that Dartmouth insisted on playing against the Crescents with these men. The two teams went to the rink last night with a big crowd present, and Dartmouth attempted to use the players. Crescents, who earlier in the day had advised Dartmouth they would not play against these men, refused to play, and the Crescents were threatened with suspension of the Maritime Amateur Hockey Association, whose executive has backed up the Dartmouth club in this matter. The suspension of the club by the M. P. B. means that its athletes will be barred from all kinds of sport over which the M. P. B. has jurisdiction.

As a result of this, the Halifax City League was broken up last night and representatives of the Wanderers, Crescents and Dalhousie met. Vice President Phillips of the M. P. B. and plans for the formation of a new league were made.

PROBABLY MEET HERE

Vice President Stirling, in commenting on the matter here this morning, said he thought it very likely that the M. P. B. would call a special meeting to be held in Saint John during the week of the big skating meet, but that the matter of the residence clause would not be taken up. "If the M. A. H. A. persists in this defiant attitude, we will be compelled to request the authority we granted them," he said. Mr. Stirling added that under the circumstances created by the Dartmouth tangle, the M. P. B. could not have done otherwise than suspend the players for breaking the residence rule and that the fault for all this mess lay at the door of the M. A. H. A.

He said the rule on the books sanctioned by the clubs of the union. Could we stand by and see it violated flagrantly as in this case? Deyling the rest of the union was not the way for Dartmouth to secure a hearing," said Mr. Stirling. Developments are awaited here with interest.

LOCALS MUST WIN IN SUSSEX TONIGHT

Victory Needed to Keep Local Outfit in Running With Moncton

While keeping their hockey eyes on the Moncton-Saint John game here Friday night—a mighty important fixture in the league schedule—the local hockey outfit is not overlooking anything in connection with tonight's game at Sussex against the Radcliffe boys. To keep in the running, it is absolutely necessary for the locals to win tonight and they are taking their strongest line-up and a grim determination to wipe out that 6 to 5 defeat inflicted on them here last Friday by Sussex. Sussex never was any easy nut to crack on their home ice and some nightingale fast hockey is expected tonight.

Regarding the game in Moncton on Monday, which was won by Moncton, 7 to 1, the Transcript says:

COMBINATION

"Last night's game saw the Sussex team and the five men defence. The forwards under the watchful eye of Harold Radcliffe checked back to centre every time the puck went behind the Moncton net making five men for the Moncton team to pass and in last night's game Centre seemed to be the most only one capable of penetrating the line. On the other hand the Moncton team played a more open game and the Sussex team found trouble passing the forward line but when this was accomplished everything was left to Wilson, who was on the job in the net, the Sussex forwards passing the Moncton defense as though they weren't there. During the last stages of the game, L. Wilson, in attempting to stop the Sussex players, stepped into them harder than the rules call for and as a result he was given several rests in the pen.

TROJAN ROVERS WIN

The Trojan Rovers swamped the East Saint John team in a Girls' City League game last night in Knox gymnasium. The final score was 10 to 8. After the game the winners entertained the losers at a banquet.

Along The Sport Trail

By JOHN A. DUNLOP

OUR OLD FRIEND GEORGES—don't forget the "G"—Carpentier is back in the good old U. S. A. but this time he says he is not here to box but to try and arrange matches for Mr. Paolino, who holds the extremely doubtful title of European champion. But when Tex Rickard starts flourishing his fountain pen and gets his paid press agents to work, maybe Georges will be lured into the ring again. Search where you will, there never was a more over-rated fighter than this Frenchman. He never beat anyone in his life worth beating and yet there seems to be a fetish to match him with the topnotchers. They talk now of sending him against Berlenbach, Delancy or Stribling. When they talk that way, they talk about murder and kidnapping the public. Mr. Carpentier can stage the most realistic fight that was ever invented and somehow the boys fall for it. Here's hoping that he'll stick to his word and try and arrange a funeral for this chap Paolino. This Spanish onion met the German sauerkraut champion the other day and it took nine rounds to do the dirty work. Both Francois Deschamps and Carpi, who handle the Spaniard, cried themselves sick over the performance. If Paolino had they didn't keep on crying. Hans Breitstrater—that's the German—started to mix it up with Paolino and the bullfighter got mad and tossed science to the winds. If he ever pulled a performance like that against Mr. Delancy, he'd straightway lose all interest in proceedings. Anything for an international touch, however, suits Tex Rickard, whether it is the King of Madagascar or the President of the Bolsheviks. We sometimes suspect if they faked up Joe Beckett as Beckettite, the Hungarian champion, by putting some whiskers on him, Tex Rickard would try to sign him up with Dempsey.

SOMETHING DOING tomorrow night at the Victoria with the policeman's sports on the card. There should be some exciting competition.

THE EUROPEAN INVASION of U. S. sportsworld is on in earnest now with the arrival recently of Charley Hoff, Norwegian pole vaulter extraordinary. Following him are Houbert, the German sprinter who took the measure of Charley Paddock and Murchison; George Goodwin, English walker, and others. Hoff is a young man and speaks English very well. Unlike Paavo Nurmi, he does not shun the crowds and seems anxious to make a good impression on them. He is only 23 years old and stands 6 feet, 2 inches. He weighs barely 147 pounds so there was not much for a man of his frame to shove over the 16 feet, 11 and 19-16 inches, which is the world's record. The indoor mark is 16 feet and Hoff should have little difficulty in setting up a new one before he goes home. Although pole vaulting is his main accomplishment, Hoff also shines at running and jumping. More than ordinary interest attaches to his visit in view of the presence on this side of the water of Clas Thunberg, the Finnish champion. It seems to be the mode these days to get the European flavor into the dishes being served up to the fans. Albin Stenroos, winner of the Marathon, still is on this side of the water and it is quite possible he will remain along with Willie Ritola, another noted Finn athlete.

"AL" MELO, who recently took Eddie Schaffler's crown from him, gave a tough one in Morris Schaffler on Monday night sent in Boston. Tommy Williams gave Schaffler quite a thrashing.

ON EAST END

The junior elimination races got away to a great start on the East End rink last night. Each event was contested by a speedy field and the time made was fast, particularly in the 18-year-old class. In this class a great deal for premier honors was staged between Tommy Tebo and Kelly. Kelly is a fast youngster who will be heard from again before the season ends. He was forced to take Tebo's smoke in three events but he held him to the tape in the 440-yard race.

Scotchman Tenders For Walker Bout

ABERDEEN, Scotland, Jan. 13.—David Smith, boxing promoter, has offered a purse of about \$67,900 for a match between Mickey Walker and "Tommy" Higgins for the world's welterweight title, to be fought in Industrial Hall, Edinburgh. The purse is guaranteed and will be deposited immediately if the offer is accepted. Walker has threatened to defend his title elsewhere if the Boxing Commission does not sanction the bout for New York.

GOOD BASKETBALL FOR THIS EVENING

Y. M. C. A. Floor Will be The Scene of Three Contests

On the Y. M. C. A. floor this evening at 7.30 o'clock the Harriers club with the Y-Nots. This game should be a thriller from start to finish, as both teams have been practicing hard for this game. So far this season the Y-Nots have beaten the Harriers twice in the same number of times they have met. Can the Y-Nots do it again?

The second game is between St. Peter's and High School. Both these teams are out to win and they will give the spectators a snappy game of basketball. High School, still with the memory of a defeat a week ago, will try hard to stop St. Peter's quintette from scoring.

The senior game of the evening is between the Nationals and Trojans. The Nationals have been practicing hard since they lost to the Y. M. C. A. and they will be strengthened by their lofty centre, who was missing last Saturday. This team has always put up a good fight against the Trojans and although they have not come out on top history may repeat itself and the result may be like the one on last Saturday when the dark horse won.

Will Meet Greb

TIGER FLOWERS is finally to get a real chance at Greb's title, in a decision bout in Madison Square Garden, New York, February 28.

If Flowers does succeed in defeating the wily Greb the former will be the first negro ever to rule the middleweight division. There have been many great and popular colored fighters listed in the history of boxing and many of them have ruled their divisions, but never has one become champion of the middleweight. Flowers, however, has shown himself to be a hard hitter, a good ring general, a clever boxer, and possessor of a popular personality. His setbacks have been delivered by light heavyweights. Should he defeat Greb he would have no trouble proving his right to the title. It looks like Tiger's big chance.

Final Arrangements Made For Policemen's Sports

FINAL arrangements for the annual policemen's sports to be held on Thursday night of this week at the Victoria rink have been completed and another bumper crowd is expected to witness some keen competition in the various events carded. The sports originally were set for Jan. 8 but the death of Mayor Forts caused a postponement until Thursday, Jan. 14. There are 117 entrants and the program is scheduled to start at sharp 8 o'clock. There positively will not be any delay in getting the long program underway. No tickets will be sold at the rink and holders of tickets are requested to be on hand early if they wish to avoid disappointment.

C. C. BAND TO ATTEND

The City Cornet Band will be in attendance and give a program of musical airs that should be greatly enjoyed. One of the features of the meet will be the special events carded for the policemen themselves. This annual affair is always well attended and looked forward to by many citizens and a record number of tickets have been sold this year. Willie Logan, Ed Snodgrass and other star seniors are entered.

Hornsby and Tilden

By HENRY L. FARRELL
(United Press Sports Editor)

NEW YORK, Jan. 10.—(United Press).—Among the most remarkable athletes of recent years are Rogers Hornsby, considered the greatest right-hand batter of all times and Bill Tilden, generally regarded as the best tennis player in the history of the game.

For six years these two stars have dominated their games—Hornsby as the undisputed batting champion of the National League and Tilden as the king of all the international court stars.

But apart from the skill to remain at the top of their classes, the two stars have nothing in common in their mode of living and training and in competitive temperament.

Hornsby is all business when he is on the field and Tilden is something of a showman. Hornsby goes about his game with a collected, methodical style, and Tilden is of the circus style, a player who likes to come within a point of losing a match and then putting on steam to overcome the lead.

Playing the same kind of a game as Tilden does, even in his most important matches, Hornsby would go into the world's series and purposely let the pitcher get him in a two-three hole and then smack the ball out of the lot.

Hornsby, who has twelve hours sleep and two meals a day are essential for a ball player. He retires at eleven o'clock during the playing season and does not arise until eleven in the morning.

Tilden lives as the whim moves him. He likes the drama both as an actor and a spectator and he has even subjected his eyes to the danger of Kilg lamps in the movies.

Hornsby is so careful of his eyes that he will not look at a movie during the playing season and does very little reading, none at night.

Tilden entertains himself with society, bridge, discussions of the high arts and practically everything but tennis. Hornsby's only diversion during the regular season comes on an off day when he has a chance to go to the race track. He likes horses and

KITCHEN FINED FOR BREAKING TRAINING RULES

Nelson Stewart, Maroons' Star, Now Leading N. H. L. Scorers

MONTREAL, Jan. 13.—There was a shakeup in the Montreal Maroon hockey camp last night, prior to the Montreal-St. Patricks game at the Forum. Manager Eddie Gerard did some lopping off with an axe and when he was through, Hobie Kitchen stood indefinitely suspended and fined \$200 for inattention to training. Brock Lowery was released outright to make room on the strength for Toots Holloway, recently released by St. Pat's, who was signed yesterday to carry the relief defence burden for the Maroons, recently looked after by Kitchen. Holloway took his regular turn on the Montreal defence during the game last night. Kitchen's suspension was not unexpected. Recently the former Niagara Falls amateur star has been careless about training periods. He had previously been warned for similar actions, but apparently the admonitions of Manager Eddie Gerard went unheeded.

LEADING SCORERS
