The Times believes that Quebec province itself will give the quietus to Mr. Bourassa, but whether it does or not the English-speaking provinces should rally to the support of Sir Wilfrid Laurier, who stands for harmony of races in this country, and who also stands for imperial unity and local autonomy.

The character of the campaign waged against them should put as mothers do who fail to exact prompt and implicit obedience from their children. Recently in a certain club a call boy, sent to find a member, rushed into the smoking room with a repeated and
