This Sarsaparilla is a combination of egetable alteratives - Stillingia, Mandrake, Yellow Dock - with the Iodides of Potassium and Iron, and is the most efficacious medicine yet known the diseases it is intended to cure. Its ingredients are so skilfully combined, that the full alterative effect or each is assured, and while it is so mild

as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome disease. The reputation it enjoys is derived from its cures, and the confidence which rominent physicians all over the counrepose in it, prove their experience f its usefulness Certificates attesting its virtues have cumulated, and are constantly being ceived, and as many of these cases are

ublicly known, they furnish convincing ridence of the superiority of this Sarparilla over every other alterative nedicine. So generally is its superi-ority to any other medicine known, that need do no more than to assure the public that the best qualities it has ever ossessed are strictly maintained.
