In ten days the party took 29 salmon and grilse, Mr. Neill hooking the biggest fish, a 19½ pounder.—Fredericton Gleaner.

DR. W. P. MORRISSY, of Green Point, New York, has been spending a holiday among his friends here. Last week he took a run up to Flat Lands, Restigouche, for a day or two's fishing, and was very successful. SURVEY ON THE "CLEMENTS."—The portwardens have held a survey on the ice laden brigantine W. H. N. Clements, lying at the Government pier. At 4.30 o'clock p. m. Monday the pumps were sounded and 17½ inches of water found in the hold. An hour later they were again sounded and 17½ inches was in the well. Thus it was found that the vessel had either drained from the cargo or leaked a quarter of an inch in an hour. After careful examination the portwardens considered the vessel perfectly seaworthy.

NEW DEPARTURE.—The Bell Cigar Company have just filled an order for a case of cigars for Mr. John McCoy of Woodside. The different brands are named after the several celebrated horses, owned by that gentleman. The lid of each box has the pedigree printed on an attractive label inside; and each cigar has a band with the name of the horse on it. These pedigree brands are very first class manufacture and will doubtless become very popular with horsemen and the general public.

THE STAGE WAS TOO HIGH.—Yesterday afternoon the directors of the new opera house, with Mr. W. S. Harkins of the Harkins' Dramatic Company, and his stage carpenter, inspected the structure which is now being erected on Union street. The inspection was in special reference to the construction of the stage, and it was found that the contractor had not followed the plans. As a consequence the stage will be lowered about 18 inches from its present position and this will necessitate the taking away of considerable of the stone work.

REV. W. M. EDWARDS died at Doaktown on the 9th inst. He was at one time a resident of this city, a brother of Mr. John C. Edwards, North end. The Fredericton Gleaner says:—Many went to him for medical advice, as well as spiritual comfort, both of which he was ready to give. All were welcome to his home and table. His sympathy went out to all. Many tears were shed for him by all classes, and it can be said of him, "Blessed are the dead which die in the Lord, for they rest from their labors and their works do follow them."

A NEW PITCHER.

The St. Johns have secured the services of A. C. Howe, a Harvard pitcher of excellent reputation. Now that so much extra expense is attached to the athletic club the question is, has the managing committee consulted with Small yet. As a pitcher Small, unfortunately, has not been successful this year, but that is no fault of the club. Thirty dollars a week, however, is too much to pay an outfielder.

The St. Johns and Shamrocks play on Saturday at the Shamrock grounds.

The Shamrocks and Frederictons play at Fredericton to-day.

Municipal Council.

After THE GAZETTE went to press yesterday a requisition was read from the Alms house commissioners asking for the issue of debentures to the amount of $4,000. It was decided that the debentures be issued as required, provided the commissioners furnish an itemized account of their expenditure satisfactory to the finance and accounts committee. It was resolved that a sum not exceeding $300 be appropriated to meet the expense of police protection in the parish of Lancaster.

The following committee was appointed to secure ground suitable for the erection of a lock up in Fairville. The warden and Coun. Barnes, Blizard, Ready, Irvine, and C. B. Lockhart. This committee will also superintend the plans of construction.

A communication was read from Mr. James Manchester, complaining that much injury was done to lands owned by him at Sand Cove by the removal of gravel from the shore adjoining. A committee consisting Coun. Ready, Irvine, Shaw, Allan, Christie, Barnes and the warden was appointed to enquire into the matter.

It was decided to direct the collectors of rates to proceed forthwith against all persons who may be in arrears at the time specified by law after demand of payment and delivery of the tax bills, and to collect the same by execution before the close of the present year.

Hugh Gibson, of St. Martins, was appointed a surveyor of lumber.

The warden, Coun. McCarthy, Blizard and Forrest were appointed committee to communicate with the other Municipal councils touching the collection of taxes against estates.

Harkins' Dramatic Co.

Another large audience attended the Institute last night when "The Black Flag" was given its second performance. The playwent much more smoothly than on its opening night. The mechanical difficulties were overcome and the scenery worked admirably. The members of the company too had improved in their roles and Mr. Melville as Sim Lazarus had toned down his work and gave a much more even performance throughout than on the first night.

Mr. Bradley was powerful and full of force, as Mr. Glyndon in his denunciation of the son he hates and merits special mention. Mr. Hurst plays very cleverly a role far within his powers and Miss Maddern again delighted the critical with her nice acting and excellent impersonation of the widow Carroll. Mr. Harkins Miss Arthur, Miss West, Miss Creswick were individually earnest in their work and were a delight to every one. In fact the general expression of satisfaction and sense of enjoyment by the audience in witnessing this play, is the best tribute to the work and its interpreters. Mr. Harkins has a first class scenic artist and the applause which again greeted each new scene is ample testimony that this work is done in a first class manner.

Harrison's orchestra, which supplies the musical programme, is doing excellent work and last evening a well performed slide trombone solo, a romance by C. W. Bennett, was admirably played by Mr. Williams, and for which he received well deserved applause.

"The Black Flag" will be the bill for to-night and to-morrow night.

The Proposed New Hotel.

THE GAZETTE understands that in consequence of the property owners on Prince Wm., Princess and Canterbury streets not having any disposition to favor the erection of a first-class hotel on the Wiggins lot, the Messrs. Pugsley have decided to complete their building, fitted in every way suitable for banking, insurance, law and other offices. It is also understood that rooms will be finished for the Equity and Admiralty courts, judge chambers and law library.

The building will be advantageously situated for the purposes decided upon, in view of the large number of offices in their present building on the corner of Prince William and Princess streets. The abandonment of the hotel scheme is much to be regretted, as such a hotel as was contemplated is much needed in St. John.

Good, if Not Very Reverent.

A little twelve year old girl, who had been reading a short time ago about Stanley's marriage to Miss Tennant in Westminster Abbey, surprised her mother the other day with the remark that "Mr. Stanley and Miss Tennant were going to be married in an ash-pan."

"In an ash-pan? said the mother; "what do you mean, child? Where did you read that?"

"It's all right, mamma dear," replied the child; "they are going to be married in Westminster Abbey, you know, and the Abbey contains the ashes of the great."

LOUIS GREEN, 59 King street, dealer only in fine imported Havana Cigars. Satisfaction guaranteed in every case.

The Coming Exhibition.

Interest in the approaching exhibition is growing in every section of the maritime provinces. Not a day passes that does not bring a large number of letters inquiring for information on one question or another. Some of the letters are quite amusing. One correspondent asks the secretary to furnish him with a list of the British exhibitors as he desires to become an attendant for one or more of them. Another writes that he has found in other places a stranger is often taken advantage of. He therefore wishes to know the price of board and of cartage. He wants a room for himself with full board but does not want to pay fancy prices.

The butter prizes offered by Messrs. Manchester, Robertson & Allison are attracting great attention all over the province. A correspondent from Victoria county writes to know full particulars of the prizes, as there are several persons in his vicinity who desire to compete.

A Nova Scotia correspondent wants to know the price of Portland cement, as he thinks he can buy to better advantage in St. John than in Halifax. Another exhibition secretary enquires the cost of lighting by electricity, and the price at which badges and other exhibition paraphanalia can be supplied.

The prize list is being issued and circulated as rapidly as possible. Mr. G. R. Vickers of the Dominion express company has received a letter from Yokohama dated June 19 thanking him for a package of circulars of the St. John exhibition forwarded in March and stating that they have been circulated.

The Repeal of the Scott Act.

This morning Magistrate Ritchie in court called attention to the following recently passed by the Governor General in council:—

Whereas, the Secretary of State represents that from the report of the Returning Officer appointed to take the votes of the electors of the city of Portland (formerly so-called) in the Province of New Brunswick, for or against the adoption of a certain petition to revoke an Order in Council dated the 1st July, 1886, declaring "The Canada Temperance Act 1878" in force in the said city of Portland, from and after the date mentioned in the said Order in Council, and in the manner therein prescribed, it appears that the said petition has been adopted by the electors of the said city, more than one half of all the votes polled having been voted for the adoption of the said petition.

And whereas, more than twenty days have elapsed from the day on which the said petition was adopted,—

His Excellency, under the authority conferred upon him by the section substituted by section 3 of the Act 51 Victoria, chapter 35 intitled "An Act in amendment of the Canada Temperance Act, and by and with the advice of the Queen's Privy Council for Canada, is pleased to order and declare that the said order in Council of the 1st day of July, 1886, whereby the second part of the said "The Canada Temperance Act 1878," was brought into force in the said city of Portland shall be and the same is hereby revoked.

The magistrate also read the act passed at the recent session of the local legislature having specal reference to the North end in event of the repeal of the Scott Act being proclaimed.

A Notable Nova Scotia Woman.

On Friday last at Earltown, Colchester county, there was laid to rest in the old churchyard one of the most notable of Nova Scotia's women, the widow of John MacKay. She was born at Galspie, Sutherlandshire, Scotland, in March, 1803, and came to this province in 1822. In the followiny year she was married to John MacKay, who came from the same place in Scotland, and who died at Earltown in 1869. They now rest side by side, and over them is a monument of the stone of their native hills, which was presented to the family by his grace the Duke of Sutherland shortly after Mr. MacKay's death. There are six sons and one daughter still living. Of these Dr. William McKay, ex-M. P. P., Rev. Neil McKay, Dr. D. G. McKay, are well known throughout the province. The late Alexander McKay, M.P.P. for Pictou county, married her only daughter.

One day last week a little child belonging to Rev. Mr. Pineo, the Baptist minister at St. George, Cumberland Co., was so severely scalded that its life is endangered. A pitcher of hot water was left standing on the edge of a table, and the little one pulled it down.

On Friday, 4th inst., Mrs. Vicory D'Entremont, of Lower West Pubnico, placed in her kitchen a tub of water; she then went out a few minutes leaving her one-year-old child playing about the room, and on returning was horrified at seeing the child drowned in the tub.
